Joker Joker is the Vice President of the Wild Kings MC. He grew up wanting to follow in his dad's footsteps and join the Wild Kings as soon as he was old enough. Heart Thief Skylar Sweeney, 2020-01-15 REX I know what it's like to live on the dark side of that pretty line between black and white. Retirement from the assassin's life doesn't change that. These hands have seen too much violence to ever wash them clean. How ironic that I'm afraid of blood. All I want now is a normal life, and I've got plenty of cash to make it happen... But I have no clue what "normal" is supposed to look like, and I'm running out of time. The girl whose life I destroyed—the only girl I've ever cared for—is the one bright side to my life these days. Maybe that's why I haven't put a stop to her desperate campaign for revenge. Or maybe I just like watching my beautiful good-girl-with-a-vengeance try to play bad... MASON For the past ten years, my only goal has been to take down the man who stole my brother's heart, in the most literal sense, but all my brilliant plans tend to turn out more like bad pranks. When I snag a job at my enemy's world famous research facility, I'm sure this is the chance I've been waiting for. But nothing is as it seems in Rex's strange world, and I quickly start to question everything I've spent the past decade believing. Now my conflicting feelings threaten to unravel everything. Will I finally get my revenge, or will my heart be the next one Rex steals—this time with a kiss? HEART THIEF is an enemies-to-lovers romantic suspense. It is the first book in a series about a

team of ex-assassins and their hunt for a normal life while their old one still has them in its clutches. They will keep you at the edge of your seat and grip your emotions as they try to put their scarred past behind them. But they will also catch you laughing in the most inappropriate situations, as situations often are when they include people who know how to kill in a number of ways. Each book in the series will feature a new member of their band of ex-assassins and has a HEA. They can be read as standalones but I promise you won't want to miss even a second!

Skylar Addison Jane, 2020-05-07 Skylar thought she'd outrun her past six years ago. Growing up, her life was dictated for her and reinforced with a heavy fist. The people who were meant to love and protect her were those that caused her the most pain. So she risked everything and ran. It was the Brothers by Blood MC that gave Skylar the chance to explore her own mind and body, and work toward a future that she had control over. She swore she'd never fall for a brother, not willing to lose the life she'd built. When she's paired with Eagle during a club run, Skylar's determined to pull a smile from the dark and moody brother. What started out as a playful game, soon ignited into something much deeper than she'd anticipated. Was she ready to risk everything all over again if he didn't feel the same? Eagle didn't like to stay still for long. After many years in the army, his luck finally ran out, and he had to watch helplessly while his team was killed. People he'd laughed with, and shared his life with, suddenly gone. There were moments when the memories became too much, and he was trapped in his own personal hell, but it had become a part of who he was, something he felt was his burden to bear. He never expected to break down in front of Skylar, to have her see him at his worst. She didn't try to fix him. She threw sass, she was sarcastic, and she made those moments when he could breathe again worth fighting through hell for. But how did you claim a woman who refused to belong to anyone but herself? Neither of them knew how to tell the other how they felt, but when the past returns with a vengeance, they might just run out of time to find out.

WARNING: This book contains homosexual relations, crude language and violence. Skylar Foxx has been on his own for years, ever since he had been kicked out of his home just shy of turning sixteen. He worked the streets for food and warmth, certain that one day his life would take a better path. That day arrived in the form of a flyer smacking him in

the face after enduring a particularly rough trick. Walking through the front door of the Pride safe house became the best decision Skylar ever made. He began a new life with help from billionaire businessman Caden Fournier, his husband, Kellan, and their outreach center associates. That life also included a handsome, six-foot-two Italian who looked mighty fine astride a Harley. After a tense introduction, Skylar discovered Justice Salvatore was unlike any man he'd ever met. He's about to find out just how different Justice is. The two grow closer as Skylar struggles with his own weird... ability. Just when he dares to dream of a happy ending, his past explodes into his present and threatens to destroy everything. Justice Salvatore has only been in love once, with the beautiful daughter of his werewolf pack's beta. She was human, however, and Justice stayed away to protect her -- only to mourn her death from a rogue attack. Skylar Foxx is stunning, but Justice is swept away by his incredible voice. Smitten on the spot, he sets his sights on getting to know the skittish young man. Bad things are happening to Skylar as they grow close, and Justice will do everything in his power to protect him. A terrifying secret shakes Justice to his core, and he is forced to decide whether someone close to him will live or die. After the hell Skylar has been through, Justice makes the only choice. There will be justice for Skylar.

Skylar Gregory McDonald, 1996

A road to riches or a road to ruin? Sijbren de Jong, Willem Th. Oosterveld, Michel Roelen, Katharine Klacansky, Agne Silekaite, Rianne Siebenga, 2017-08-15 China's One Belt One Road (OBOR) project was formally introduced by Chinese President Xi Jinping in 2013. The project, aimed at integrating trade and investment in Eurasia, encompasses over \$900 billion in planned investments of infrastructure across Central and South Asia, the Middle East, and Central and Eastern Europe (CEE). A dedicated forum for cooperation with CEE countries has been around now for several years. Originally created in April 2012, 'the so-called '16+1' framework constitutes a platform which brings heads of state together annually to strengthen dialogue and cooperation between China and the CEE region. Chinese investment interests within the CEE region appear strongly related to privatization opportunities, including large scale infrastructure projects and public procurement opportunities. China's interest in the CEE region, and the creation of the '16+1' format in particular, also gives rise to concerns that China is attempting to use the region as a medium through which to influence the EU from within. This influence manifests itself primarily in the form of initiatives which aim to persuade and/or pressure CEE countries to adopt favorable policies vis-à-vis China. These concerns stem from two directions. First, there is a fear that some deals concluded with China may not comply with EU rules on public procurement, or other regulations and guidelines. Second, there is a fear of political influencing, which some see exhibited by the EU in avoiding direct references or statements towards China's legal defeat over the South China Sea after the objection by some member states. China's engagement in the Middle East is arguably the most important component of the OBOR initiative as far as its strategic objectives are concerned. Beijing enunciates a clear interest in developing strong structural ties within the region, particularly with fossil fuel exports being the centerpiece, at least for the initial stage. This also means of course that China will almost inevitably get embroiled in political matters, and thus pose a challenge to the interests of other key players such as Russia, the US and the EU. While China seeks to avoid becoming yet another outside power that meddles in the region's affairs, it does already show signs of being prepared to become politically engaged. In its engagement in the Middle East, China's policy is banked on the hopes of being the newish entrant in the region, which absolves it from any imperialist or interventionist baggage. This notwithstanding, regional players, are going to be tempted to play the China card when dealing with the other major (outside) powers, which will effectively pull China into the region's political vortices. Given OBOR's unprecedented scale, this new study by The Hague Centre for Strategic Studies (HCSS) investigates the extent to which 'Belt and Road' related investments in CEE and the greater Middle East bring sufficient economic weight to both regions that at the same time can be turned into political influence. If this is indeed the case, a pertinent

question to ask is whether China is prepared and willing to play a greater political (and/or security) role in CEE and the Middle East in the first place? In addition, the paper seeks to understand whether China's role can be judged as positive or negative for regional security, as seen from the viewpoint of Europe and the Netherlands.

The Savior Skylar West, 2021-08-11 Iver I had lived and fought for thousands of years, always winning the war. Why was one lone female so difficult to protect? My gaze never faltered as I watched and waited for some sign that my wife was alive. Hours passed, as I fought the urge to tear down the world to find her. My barely contained wolf growled, and from my depths, a lone howl filled the night air. I promised when I got my hands on her, she would learn that her place was by my side. Isabelle Since returning from the lagoon, I had packed Sandalphon away. Like a toy a child had grown bored with, I didn't want anything to do with my angel self. The eve of war is upon us and Iver has become so much more than an offspring of a fallen. He has morphed and his wolf is the stuff of legends, huge, winged and coming for me. I have disobeyed him and when he finds me, I will feel his wrath. Shivers of anticipation race down my spine as he pursues me, his words echoing in my mind... You are a very naughty girl, Isabelle, and you will be punished... Publisher's Note: The steamy conclusion to the Angels and Demons series contains graphic scenes and a theme of power exchange.

Schemes, underhanded money and social status are only to begin with and Jessica is yet to face her destiny.
