Irish Theater in America John P. Harrington, 2009-02-28 For over 150 years, Irish playwrights, beginning with Dion Boucicault, have been celebrated by American audiences. However, Irish theater as represented on the American stage is a selective version of the national drama, and the underlying causes for Irish dramatic success in America illuminate the cultural state of both countries at specific historical moments. *Irish Theater in America* is the first book devoted entirely to the long history of this transatlantic exchange. Born out of the conference of the Irish Theatrical Diaspora project, this collection gathers together leading American and Irish scholars, in addition to established theater critics. Contributors explore the history of Irish theater in America from Harrigan and Hart, through some of the greatest and most disappointing Irish tours of America, to the most contemporary productions of senior Irish playwrights such as Brian Friel and younger writers such as Martin McDonagh and Conor McPherson. Covering the complexity of the relationship between Irish theater and the United States, this volume goes beyond the expected analysis of plays to include examinations of company dynamics, analysis of audience reception, and reviews of production history of individual works. Contents include: Mick Moloney, "Harrigan, Hart, and Braham: Irish-America and the Birth of the American Musical" Nicholas Grene, "Faith Healer in New York and Dublin" Lucy McDiarmid, "The Abbey, Its 'Helpers,' and the Field of Cultural Production in 1913" Christina Hunt Mahony, "'The Irish Play': Beyond the Generic"

Somebody's Listening Larry J. Sarantha, 2019-05-15 Somebody's Listening is the awe-inspiring true story of a seeker's mystical journey of awakening and fulfillment. This enlightening journey traces a long arc from a revealing California childhood in the fifties through the sixties and on to adulthood, when a decades-long spiritual journey begins under the tutelage of a Chinese Taoist-Buddhist priest in the summer of 1980. A truly auspicious and mystical event happens that summer, the first of many illuminating experiences during the long apprenticeship. Written with grace and expansion, this book brings the reader along a journey of inconceivable wonder, filled with spiritual insights, practical guidelines, and revelatory realizations that are both current and ancient. Somebody's Listening is spiritual nourishment, intended to inspire the cultivation of spiritual values in daily life through Taoist and Buddhist principles and practice and to bring awareness of something greater than ourselves in the hopes all might find peace.

Somebody's Daughter Julian Sher, 2013-04-01 They are America's forgotten children, the hundreds of thousands of child prostitutes who walk the Las Vegas Strip, the casinos of Atlantic City, the truck stops on interstates, and the street corners of our cities. Many people wrongly believe sex trafficking involves young women from foreign lands. In reality, the majority of teens caught in the sex trade are American girls--runaways and throwaways who become victims of ruthless pimps. In *Somebody's Daughter: The Hidden Story of America's Prostituted Children and the Battle to Save Them*, meet the girls who are fighting for their dignity, the cops who are trying to rescue them, and the community activists battling to protect the nation's most forsaken children. Author Julian Sher takes you behind the scenes to expose

one of America's most underreported crimes: A girl from New Jersey gets arrested in Las Vegas and, at great risk to her own life, helps the FBI take down a million-dollar pimping empire. An abused teenager in Texas has the courage to take the stand in a grueling trial that sends her pimp away for 75 years. Survivors of the sex trade in New York, Phoenix, and Minneapolis set up shelters and rescue centers that offer young girls a chance to break free from the streets. "The sex trade is the new drug trade," says one FBI special agent, and *Somebody's Daughter* is a call to action, shining a light on America's dirty little secret.

Somebody Stefan Kanfer, 2008-11-04 As a movie actress Lucille Ball was, in her own words, "queen of the B-pluses." But on the small screen she was a superstar-arguably the funniest and most enduring in the history of TV. In this exemplary biography, Stefan Kanfer explores the roots of Lucy's genius and places it in the context of her conflicted and sometimes bitter personal life. *Ball of Fire* gives us Lucy in all her contradictions. Here is the beauty who became a master of knock-down slapstick; the control freak whose comic alter ego thrived on chaos, the worshipful TV housewife whose real marriage ended in public disaster. Here, too, is an intimate view of the dawn of television and of the America that embraced it. Charming, informative, touching. and laugh-out-loud funny, this is the book Lucy's fans have been waiting for.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a

faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Somewhere Safe with Somebody Good Jan Karon, 2015-08-04 #1 New York Times bestselling author Jan Karon welcomes you back home to Mitford in this inspirational novel that “hits the sweet spot at the intersection of your heart and your funny bone” (USA Today). After five hectic years of retirement from Lord’s Chapel, Father Tim Kavanagh returns with his wife, Cynthia, from the land of his Irish ancestors. While he’s glad to be at home in Mitford, something is definitely missing from his life: a pulpit. But when he’s offered one, he decides he doesn’t want it. For years, he believed he had a few answers. Now he has questions. How can he possibly help Dooley’s younger brother, Sammy, make it through the fallout of a disastrous childhood? Could

doing a good deed for the town bookstore be the best thing for his befuddled spirit? And who was riding through town in a limo? Not Edith Mallory. Then an editorial in the weekly Muse poses a question that sets the whole town looking for answers: Does Mitford still take care of its own?

The Moon's Galactic History Constance Victoria Briggs, 2022-10-28 The Moon's Galactic History: A Look at the Moon's Extraterrestrial Past and Its Connection to Earth, follows the past and present research about the Moon's strange, enigmatic history, with a focus on an extraterrestrial presence. The book examines such questions as, "Are there Moon inhabitants?" "Are the UFOs seen today connected to the Moon?" "Is there a city on the Moon?" and more. Additionally, Briggs discusses things observed on the Moon, including anomalous strange lights, unidentified flying objects, odd constructions, artifacts, symbols and more. This book examines new thoughts and ideas from researchers and what their ideas are today about the extraterrestrial, Moon-Earth connection, and what it means for us. With all the information on unidentified flying objects in the news today, it is time to have an updated book with current research that investigates both the past and present material on the Moon. Did you know that: Several of the NASA astronauts reported seeing UFOs while traveling to the Moon?; the Moon might be hollow?; Apollo 10 astronauts heard strange "space music" when traveling on the far side of the Moon?; mysterious anomalous activity has been seen on the Moon for centuries?; there are said to be ruins of structures on the Moon?; and more.

Freedom of the Human Person Zbigniew Josef Waleszczuk, 2017-01-16 Freedom is the key issue for both Karol Wojtyla and Immanuel Kant that connects the Polish with the German philosopher. This analysis aims to show the importance of Kant's ethics in the work of Karol Wojtyla. Kant's paradigm shift in the anthropological thought was revolutionary. The categorical imperative obliges each person to act morally and thus elevates them. It is the foundation of human dignity, not only for Kant but also for Wojtyla. Who is man? Is man free? Or is materialistic man determined and arrested in immanence? What should man do? Man is gifted with freedom. He is a person because he has the capacity to act. Wojtyla and Kant put special emphasis on a person's power of selfdetermination that reveals itself through the experience as a freely acting person. The realisation of the personal norm – the categorical imperative – was defined by both thinkers as a fulfilment of freedom. Freedom shall be fulfilled in the responsible act, which reveals the person's power of love.

Person Centred Planning and Care Management with People with Learning Disabilities Steven Carnaby, Paul Cambridge, 2005-06-29 'This excellent, informative and well presented, a book provides the reader with fourteen edited chapters covering an area of policy and practice that is quite specific but will inform anyone interested in the development of a service user participation ethos in adult social care. It is a book that is relevant to managers and practitioners, both as students and qualified professionals, as well as academics. Care management is now well established in the everyday practice of predominantly statutory organisations. This book revisits the principles of this method of assessing and planning the care needs of adult

service users, and introduces Person Centred Planning (PCP) as a suitable method for ensuring that much of the empowerment rhetoric care management is actually realised.' - British Journal of Social Work 'Part of the attraction of this book is its strong practice component. This is applicable to the different professionals working with people with learning disabilities, in whatever their service configuration. For students, the book will also provide a good introduction to the impact of person centred planning and its connections to a long history of similar initiatives.' - Journal of Interprofessional Care 'This book is a stimulating and challenging read of those working in service development generally, as well as learning disability services. There is a potential broad care management readership that might also find this relevant and interesting.' - Journal of Interprofessional Care 'This is an important book. It brings together chapters by many of the foremost researchers and practitioners in person centred planning. The book contains many ideas for taking the PCP process to a higher level of sophistication to really underpin the future development of appropriate and effective services.' - Community Living 'This book will help social workers to reconnect with the core values of their profession and to challenge institutionalised policies and practices. It has proven to be a valuable teaching resource and whilst its focus is on people with learning disabilities, the principles of PCP that it raises are relevant to any service user group and social work arena. Highly recommended.' - Professional Social Work 'There are many important issues facing the care management system today in the light of person-centred planning and approaches, and you would be hard-pressed to find a better collection of insightful and radical thinkers in this area than those featured here. It asks hard questions, and

challenges the professional to adopt more inclusive and accessible work practices. Wherever you work in the field of learning difficulties you should read this book carefully and aim to put person-centeredness at the core of your practice.' - Community Care 'You would be hard-pressed to find a better collection of insightful and radical thinkers in the area of care management. Wherever you work in the field of learning difficulties you should read this book carefully and seek to put person centredness at the core of your practice. The challenge for professionals, is making it a reality for individuals.' - Community Care This timely book provides a reflective analysis of person centred planning for people with learning disabilities, complementing policy initiatives that focus on individualised planning and service user involvement. Drawing on practical experience and research findings, the contributors explore policy and practice issues, including: * advocacy and empowerment * risk management and adult protection * inter-agency and inter-professional working * ethnicity and culture * de-institutionalisation. Vivid case studies illustrate best practice in person centred planning, and the authors offer a rich variety of ideas for increasing the participation, self-esteem and quality of life of people with learning disabilities. This practical and accessible text is an invaluable guide for policy makers, carers and social work managers, academics and students.

The Somebody Book , 2004-01-01

Mrs. Somebody Somebody Tracy Winn, 2010-07-20 In this astonishing debut, Tracy Winn poignantly chronicles the souls who inhabit the troubled mill town of Lowell, Massachusetts, playing out their struggles and hopes over the

course of the twentieth century. Through a stunning variety of voices, Winn paints a deep and permeating portrait of the town and its people: a young millworker who dreams of marrying rich and becoming “Mrs. Somebody Somebody”; an undercover union organizer whose privileged past shapes her cause; a Korean War veteran who returns to the wife he never really got to know—and the couple’s overindulged children, who grow up to act out against their parents; a town resident who reflects on a long-lost love and the treasure he keeps close to his heart. Winn’s keen insight into class and human nature, combined with her perfect, nuanced prose, make Mrs. Somebody Somebody truly shine.

Battle John A Lynn, 2009-04-24 *Battle: A History of Combat and Culture* spans the globe and the centuries to explore the way ideas shape the conduct of warfare. Drawing its examples from Europe, the Middle East, South Asia, East Asia, and America, John A. Lynn challenges the belief that technology has been the dominant influence on combat from ancient times to the present day. In battle, ideas can be more far more important than bullets or bombs. Clausewitz proclaimed that war is politics, but even more basically, war is culture. The hard reality of armed conflict is formed by -- and, in turn, forms -- a culture's values, assumptions, and expectations about fighting. The author examines the relationship between the real and the ideal, arguing that feedback between the two follows certain discernable paths. *Battle*

rejects the currently fashionable notion of a Western way of warfare and replaces it with more nuanced concepts of varied and evolving cultural patterns of combat. After considering history, Lynn finally asks how the knowledge gained might illuminate our understanding of the war on terrorism.
