For I ne’er saw true beauty till tonight. -Romeo and Juliet Antony and Cleopatra, Diego Rivera and Frida Kahlo, Gertrude Stein and Alice B. Toklas, Humphrey Bogart and Lauren Bacall, Joe DiMaggio and Marilyn Monroe, Elvis Presley and Priscilla Beaulieu, John Lennon and Yoko Ono-while we’re familiar with all of these people as individuals, we also associate them with the grand, sometimes fiery passion they shared with their partners. And the Rest Is History is an intriguing look at how these iconoclastic lovers first crossed paths, whether it was through fate, setups, or blind luck. From angry sparks flying to love at first sight, the meetings shared in this book give us a look at what makes that one great love.

📖 **Essays to a Degree** David Fuller,

📖 **Questions of Gender in Byzantine Society** Lynda Garland,2016-05-23 Gender was a key social indicator in Byzantine society, as in many others. While studies of gender in the Western medieval period have appeared regularly in the past decade, similar studies of Byzantium have lagged behind. Masculine and feminine roles were not always as clearly defined as in the West, while eunuchs made up a ‘third gender’ in the imperial court. Social status indicators were also in a state of flux, as much linked to patronage networks as to wealth, as the empire came under a series of external and internal pressures. This fluidity applied equally in ecclesiastical and secular spheres. The present collection of essays uncovers gender roles in the imperial family, in monastic institutions of both genders, in the Orthodox church, and in the nascent cult of Mary in the East. It puts the spotlight on flashpoints over a millennium of Byzantine rule, from Constantine the Great to Irene and the Palaiologoi, and covers a wide geographical range, from Byzantine Italy to Syria. The introduction frames the following nine chapters against recent scholarship and considers methodological issues in the study of gender and Byzantine society. Together these essays portray a surprising range of male and female experience in various Byzantine social institutions - whether religious, military, or imperial -- over the course of more than a millennium. The collection offers a provocative contrast to recent studies based on Western medieval scholarship. Common themes that bind the collection into a coherent whole include specifically Byzantine expectations of gender among the social elite; the fluidity of social and sexual identities for Byzantine men and women within the church; and the specific challenges that strong individuals posed to the traditional limitations of gender within a hierarchical society dominated by Christian orthodoxy.

📖 **A Window to Heaven** Patrick Dean,2021-03-02 The captivating and heroic story of Hudson Stuck—an Episcopal priest—and his team’s history-making summit of Denali. In 1913, four men made a months-long journey by dog sled to the base of the tallest mountain in North America. Several groups had already tried but failed to reach the top of a mountain whose size—occupying 120 square miles of the earth’s surface—and position as the earth’s northernmost peak of more than 6,000 meters elevation make it one of the world’s deadliest mountains. Although its height from base to top is actually greater than Everest’s, it is Denali’s weather, not altitude, that have caused the great majority of fatalities—over a hundred since 1903. Denali experiences weather more severe than the North Pole, with temperatures of forty below zero and winds that howl at 80 to 100 miles per hour for days at a stretch. But in 1913 none of this mattered to Hudson Stuck, a fifty-year old Episcopal priest, Harry Karstens, the hardened Alaskan wilderness guide, Walter Harper, and Robert Tatum, both just in their twenties. They were all determined to be the first to set foot on top of Denali. In A Window to Heaven, Patrick Dean brings to life this heart-pounding and spellbinding feat of this first ascent and paints a rich portrait of the frontier at the turn of the twentieth century. The story of Stuck and his team will lead us through the Texas frontier and Tennessee mountains to an encounter with Jack London at the peak of the Yukon Goldrush. We experience Stuck’s awe at the rich Aleut and Athabascan indigenous traditions—and his efforts to help preserve these ways of life. Filled with daring exploration and rich history, A Window to Heaven is a brilliant and spellbinding narrative of success against the odds.

📖 **Crucifying Jesus and Secularizing America** Paul Peter Jesep,2008-04-21 Jesus is crucified everyday in the United States. Christians, especially conservatives, show greater hostility toward their own faith and contribute far more to the nations secularization than often wrongly accused atheists, liberals, humanists, democratic activists, or card carrying members of the American Civil Liberties Union (ACLU). America must examine what it means to be a country of faith. In doing so, citizens should ask how they come together as one nation under the same God where all are welcomed as part of the same national family. Part politics, theology, and constitutional analysis, the book offers a possible answer that speaks to the American soul.

📖 **A Good and Dignified Life** Joke J. Hermsen,2022 January 2019 marked the centenary of the murder of Rosa Luxemburg, a Polish-German revolutionary whose actions provided long-lasting contributions to political philosophy and whose ideas on citizen councils, participative democracy, and imperialist capitalism greatly influenced Hannah Arendt’s life and thought. In this book, Joke J. Hermsen explores the ways in which Luxemburg’s life shaped Arendt’s philosophy, and she investigates how the insights of both Luxemburg and Arendt may help us move toward a more sustainable and just contemporary society.0 Hermsen tracks the feminist underpinnings of radical politics in the twentieth century through the lives of these two women; how the tragic ending of Rosa Luxemburg’s life and Arendt’s keen empathy for her legacy provide poignant inspiration. In the end, this book dramatizes the challenges put to us through these women’s works: What is it to be a human being? How do we lead a good and dignified life?

📖 **Digital Performance** Steve Dixon,2007-02-23 The historical roots, key practitioners, and artistic, theoretical, and technological trends in the incorporation of new media into the performing arts. The past decade has seen an extraordinarily intense period of experimentation with computer technology within the performing arts. Digital media has been increasingly incorporated into live theater and dance, and new forms of interactive performance have emerged in participatory installations, on CD-ROM, and on the Web. In Digital Performance, Steve Dixon traces the evolution of these practices, presents detailed accounts of key practitioners and performances, and analyzes the theoretical, artistic, and technological contexts of this form of new media art. Dixon finds precursors to today’s digital performances in past forms of theatrical technology that range from the deus ex machina of classical Greek drama to Wagner’s

Gesamtkunstwerk (concept of the total artwork), and draws parallels between contemporary work and the theories and practices of Constructivism, Dada, Surrealism, Expressionism, Futurism, and multimedia pioneers of the twentieth century. For a theoretical perspective on digital performance, Dixon draws on the work of Philip Auslander, Walter Benjamin, Roland Barthes, Jean Baudrillard, and others. To document and analyze contemporary digital performance practice, Dixon considers changes in the representation of the body, space, and time. He considers virtual bodies, avatars, and digital doubles, as well as performances by artists including Stelarc, Robert Lepage, Merce Cunningham, Laurie Anderson, Blast Theory, and Eduardo Kac. He investigates new media’s novel approaches to creating theatrical spectacle, including virtual reality and robot performance work, telematic performances in which remote locations are linked in real time, webcams, and online drama communities, and considers the extratemporal illusion created by some technological theater works. Finally, he defines categories of interactivity, from navigational to participatory and collaborative. Dixon challenges dominant theoretical approaches to digital performance—including what he calls postmodernism’s denial of the new—and offers a series of boldly original arguments in their place.

📖 **Stoic Serenity** Keith Seddon, 2007-02-01 Readers who enter upon this practical course in the Stoic art of living will learn how Stoic principles are linked to real life, and how to enjoy the ‘smooth flow of life’ of the Stoic sage who follows nature and holds to virtue, finding fearlessness, inner peace, and freedom from troubles. Readers will gain maximum advantage from the course if they acquire copies of Seneca’s Letters from a Stoic (Penguin Books), and the Meditations of Marcus Aurelius (the Robin Hard translation from Wordsworth Editions is recommended). The text expands on a correspondence course previously made available by the Stoic Foundation. One student commented: ‘I believe this course has changed my life, and I cannot thank you enough’ -- DN, Australia. The book is illustrated with pen and ink drawings.

📖 **Walking the Golden Path** Gwen Mangum, Notable Soul, 2005-12 Walking the Golden Path is an inner-dimensional guidebook via journeys with Beloved Teacher. A creative adventure in spiritual awareness and unfoldment. Angels, inner earth visits and blessings all found with one’s DNA.

📖 **Sanctifying Misandry** Katherine K. Young, Paul Nathanson, 2010-01-01 How some feminists have used religion to turn the Fall of Man into the fall of men.

📖 **Legal Knowledge and Information Systems** Marie-Francine Moens, Peter Spyns, 2005 e-government applications are gaining ground among local, national, European and international institutions. However, there is a need for the integration and harmonisation of the models. For a marriage between artificial intelligence and e-government to happen, technologies that automatically extract knowledge from natural language are needed.

📖 **Sophia Peabody Hawthorne** Patricia Dunlavy Valenti, 2004 Sophia Peabody Hawthorne is known almost exclusively in her role as the wife of Nathaniel Hawthorne, who portrayed her as the fragile, ethereal, infirm dove. That image, invented by Nathaniel to serve his needs and affirm his manhood, was passed on by his biographers, who accepted their subject’s perception without question. In fact, the real Sophia was very different from Nathaniel’s construction of her. An independent, sensuous, daring woman, Sophia was an accomplished artist before her marriage to Nathaniel. Moreover, what she brought to their union inspired Nathaniel’s imagination beyond the limits of his previously confined existence. In Sophia Peabody Hawthorne, Patricia Dunlavy Valenti situates the story of Sophia’s life within its own historical, philosophical, and cultural background, as well as within the context of her marriage. Valenti begins with parallel biographies that present Sophia, and then Nathaniel, at comparable periods in their lives. Sophia was born into an expansive, somewhat chaotic home in which women provided financial as well as emotional sustenance. She was a precocious, eager student whose rigorous education, in her mother’s and her sisters’ schools, began her association with the children of New England’s elite. Sophia aspired to become a professional, self-supporting painter, exhibiting her art and seeking criticism from established mentors. She relished an eighteen-month sojourn in Cuba. Nathaniel’s reclusive family, his reluctant early education, his anonymous pursuit of a career, and his relatively circumscribed life contrast markedly with the experience of the woman who became his wife and the mother of his children. Those differences resulted in a creative abrasion that ignited his fiction during the first years of their marriage. Volume 1 of this biography concludes with Sophia’s negotiation of the Hawthornes’ departure from the Old Manse and the birth of their second child. This period also coincides with the conclusion of Nathaniel’s major phase of short story writing. Sophia Peabody Hawthorne is an engrossing story of a nineteenth-century American life. It analyzes influences upon authorship and questions the boundaries of intellectual property in the domestic sphere. The book also offers fresh interpretations of Nathaniel Hawthorne’s fiction, examining it through the lens of Sophia’s vibrant personality and diverse interests. Students and scholars of American literature, literary theory, feminism, and cultural history will find much to enrich their understanding of this woman and this era.

📖 **The White Rose Movement** Bridey Heing, 2017-12-15 In 1942, a small group formed at the University of Munich to fight the Nazis through nonviolent means. The White Rose movement, as the group came to be known, distributed leaflets that urged their fellow Germans to question Nazi actions and join the resistance. This book traces the group’s efforts, and honors the members of the group who paid the ultimate price for their activism.

📖 **Information and Communication Technologies for Active Ageing** Marcelino Cabrera, Norbert Malanowski, 2009 The Institute for Prospective Technological Studies (IPTS) carries out research in the field of ageing, with a focus on the role that information and communication technologies (ICT) can play to promote active ageing. This book attempts to reflect aspects of the contribution ICT can make to quality of life for older citizens in Europe.

Either he takes a consort and settles down, or his family will disown him. Unwilling to lose everything he has, he reluctantly agrees to find a wife. An outcast who has only known hardship exiled by her pack, Kaja is a werewolf without a home. Her life was never easy in the frozen tundra she grew up in, but it was familiar. Waking up in a foreign landscape, surrounded by bright lights, loud noises, and far too many people has left her overwhelmed. Frightened and with no one to trust, she savagely fights to get free of this strange new world. A passion strong enough to change them both called to defend the gnomes of the marketplace, Dante is almost blinded by the radiant light coming off the fierce werewolf. Kaja glows like no consort he has ever seen. Gorgeous and wild, she calls to him in ways he had not dreamed possible. For Kaja, she finds in Dante a man unlike any she has ever known. They could not be more different, but she finds him irresistible. In order to claim his werewolf bride, Dante must first discover how to overcome their differences.
