Silent Theft David Bollier, 2003 This text exposes the audacious attempts of companies to appropriate medical breakthroughs, public airwaves, outer space, state research, and even the DNA of plants and animals. It is an attempt to develop a new ethos of commonwealth in the face of a market ethic that knows no bounds.

Postmodern Winemaking Clark Smith, 2013-11-02 In Postmodern Winemaking, Clark Smith shares the extensive knowledge he has accumulated in engaging, humorous, and erudite essays that convey a new vision of the winemaker's craft--one that credits the crucial roles played by both science and art in the winemaking process. Smith, a leading innovator in red wine production techniques, explains how traditional enological education has led many winemakers astray--enabling them to create competent, consistent wines while putting exceptional wines of structure and mystery beyond their grasp. Great wines, he claims, demand a personal and creative engagement with many elements of the process. His lively exploration of the facets of postmodern winemaking, together with profiles of some of its practitioners, is both entertaining and enlightening.

The Milieu and Context of the Wooing Group

Susannah M Chewning, 2009-03-01 This book brings together the most current interpretations of the Wooing Group from scholars currently working on the fields of medieval spirituality, gender, and the anchoritic tradition, providing literary, theological, linguistic, and cultural context for the works associated with the Wooing Group (a

collection of texts in English written by an unknown author in the late twelfth to early thirteenth centuries). These works are unique in their context – written almost certainly for a group of women living as anchoresses and recluses who were literate in English and were interested in guidance both in spiritual and worldly issues. The book discusses and explains the impact and significance of these works and situates them within the continuum of medieval theological and literary culture.

Wenn Kunst behindert wird Viola Luz, 2014-03-31
Was haben die Hamburger und die Mainzer Kunsthalle gemeinsam? Beides sind Orte, an denen Werke von Künstler_innen gezeigt wurden bzw. werden, die als geistig behindert gelten. Die Ausstellungen scheinen einer vorschnellen Ablehnung des Kunststatus der präsentierten Werke ebenso entgegenzustehen wie der These, dass die Urhebenden und ihre Werke in unserer Gesellschaft »behindert« werden. Auf der Basis der Diskursanalyse und im Rahmen der Disability Studies analysiert Viola Luz die Auseinandersetzungen in Kunstbetrieb, Kunstgeschichte und Gesellschaft mit dem Ziel, weitreichende praxisorientierte und kunstpolitische Perspektiven auf die Kunst geistig behinderter Menschen zu entwickeln.

Российская иммиграция в Южную Африку: вчера и сегодня Boris Gorelik, 2007-05-01 Когда в конце XX века россияне устремились в недоступную прежде ЮАР, они оказались далеко не первыми: в Южной Африке проживали десятки тысяч наших

соотечественников. Среди них – депутаты парламента, нобелевские лауреаты, миллионеры, звезда русского немого кино, всемирно известный художник, эксперт по южноафриканским бабочкам, основоположник электронной микроскопии на континенте, советник эфиопского императора, мэр Йоханнесбурга. Как сложились отношения вновь прибывших иммигрантов с предшественниками? Как наши соотечественники адаптировались к жизни в ЮАР? Оправдались ли их надежды? Что представляет собой российская диаспора в этой стране сегодня?.. Это первая монография по истории российской иммиграции в Южную Африку.

Christianizing Crimea Mara Kozelsky, 2010 In nineteenth-century Russia, religious culture permeated politics at the highest levels, and Orthodox Christian groups--including refugees from the Russo-Ottoman wars as well as the church itself--influenced Russian domestic and foreign policy. Likewise, Russian policy with the Ottoman Empire inspired the creation of a holy place in ethnically and religiously diverse Crimea. Looking to the monastic state of Mount Athos in Greece, Orthodox Church authorities in the mid-1800s attempted to create a monastic community in Crimea, which they called Russian Athos. The Crimean War catalyzed the Russian Christianization that had begun decades earlier and decimated Crimea's Muslim population. Wartime propaganda portrayed Crimea as the cradle of Russian Christianity, and by the end of the war, the Black

Sea Region acquired a Christian identity. The same interplay of religion, politics, and culture has found new ground in Crimea today as its sacred monuments and ruins lie vulnerable to abuse by nationalist groups sparring over the land.

Christianizing Crimea is the first English language work to analyze the Christian renewal in Crimea. Drawing on archives in Odessa, Simferopol, and St. Petersburg that to date have remained untapped by Western scholars, Kozelsky provides both a fascinating case study of past and present religious nationalism in Eastern Europe and an examination of the political conflicts and compromises endemic to holy places. She explores the diverse strategies of church expansion, the importance of Byzantine history and the Greek population, the assimilation of local pagan and Tatar traditions into sacred narratives, the crafting of Russian identity through print culture, and Crimea's re-Christianizing in the post-Soviet era. Kozelsky's unique approach joins the fields of contemporary history, religion, and archaeology to show how Crimea has been reshaped as a holy place. Christianizing Crimea will appeal to both scholars and general readers who are interested in past and current religious and political conflicts.

Commercialisation and Privatisation of Outer Space R. Venkata Rao,Kumar Abhijeet,2016 It addresses the necessity for private sector participation in outer space and the need for a national space legislation for India. It discusses India's international obligation; reflects upon relevant principles and rules of the international space law; studies the laws of spacefaring nations and outlines the minimum legislative agenda as to what should be the content of such a legislation. It also discusses legal issues relating to commercial space activities like remote sensing and space transportation. Privatisation aspects of the PSLVs have also been discussed.

Whiskey Sour Liliana Hart,2012-06-16 Addison Holmes is at it again. When priceless Russian gems are stolen on their way to Savannah and the courier is murdered, all the clues lead back to an escort service that seems above reproach. But looks can be deceiving. Throw in a sexy detective and a dangerous FBI agent, and Addison finds out very quickly that she's in way over her head. But nothing is going to stop her from getting her man.

Whiskey Sour J. A. Konrath,2004-06-02 Lieutenant Jacqueline Daniels, or Jack, as she's known, has just broken up with her boyfriend and is having one of her bouts of insomnia, so she's not in the best of moods anyway. Then a frightening serial killer who calls himself the Gingerbread Man starts murdering women all over Chicago and dumping their violated bodies in garbage cans.

With her binge-eating partner Herb, Jack begins to piece together the mystery of the maniac who's terrorizing the entire city. Unfortunately the FBI (or Feebs) send two officers who look like the Bobbsey Twins, and who have inordinate faith in their profiling computer. WHISKEY SOUR is full of hilarious moments in Jack Daniels' life, mingled with incredibly suspenseful scenes as she gets closer to discovering the killer? but not before he threatens her own life as well.
