From the Fulda Gap to Kuwait Stephen P. Gehring, 1998 CMH Publication 70-56-1. This study describes how the United States Army, Europe (USAREUR), under the command of General Crosbie E. Discusses the complicated planning for the deployment and the rapid-fire implementation.

The Spoken Arabic of Egypt John Selden Willmore, 1901

Jewish Meditation Aryeh Kaplan, 1995-03-14

Students of mediation are usually surprised to discover that a Jewish mediation tradition exists and that it was an authentic and integral part of mainstream Judaism until the eighteenth century. Jewish Meditation is a step-by-step introduction to meditation and the Jewish practice of meditation in particular. This practical guide covers such topics as mantra meditation, contemplation, and visualization within a Jewish context. It shows us how to use meditative techniques to enhance prayer using the traditional liturgy—the Amidah and the Shema. Through simple exercises and clear explanations of theory, Rabbi Kaplan gives us the tools to develop our spiritual potential through an authentically Jewish meditative practice.

Meditation and Kabbalah Aryeh Kaplan, 1995

Meditative methods of Kabbalah. A lucid presentation of the meditative methods, mantras, mandalas and other devices used, as well as a penetrating interpretation of their significance in the light of contemporary meditative research.

The Law of Athens Alick Robin Walsham

Harrison, 1998-01-01 Volume I, completed in 1968, gives a systematic account of classical Athenian law concerning family and property. Volume II, on the law of obligations and of procedure, was unfinished at the time of the author's death in 1969. The part which concerns procedure was virtually complete and, edited by D. M. MacDowell, appeared in 1971. MacDowell has provided a new Foreword for this edition as well as a select bibliography (from 1967 to the present), which appears in both volumes. Together these distinguished works form the most detailed study of Athenian law in the last half-century.
