The Solitude of Thomas Cave Georgina Harding,2010-10-01 In 1616, as the last warm days dwindle in the north Atlantic, the men on an English whaling ship prepare to head back toward home. But there is one exception among them: the quiet, headstrong Thomas Cave. For Cave has bet the rest of the crew that he can spend a winter on this Arctic island. Alone. His shipmates sail away, the days shorten, and the cold weather moves in. Thomas Cave faces months of darkness, ice, and blizzards. He has nothing to his name except his rations, shelter, and a journal—a record in case he doesn't survive to tell his story. But nothing so threatens the willful sailor as his own mind: he is

haunted by the remembrances of another life and a lost love. From his post at the edge of the known world, Cave sees his own past, and begins to reflect on man's relationship with God and the wilderness. A beautiful, ghostly tale, *The Solitude of Thomas Cave* brings us back to the beginning of the modern world, in a story infused with the violence, power and beauty that define both man and nature. Georgina Harding is the author of two works of non-fiction: *Tranquebar: A Season in South India* and *In Another Europe*. She lives in Colchester, England. This is her first novel.

Anderson's films have received 25 Academy Award nominations, and he has worked closely with many of the most accomplished actors of our time, including Lesley Ann Manville, Julianne Moore, Daniel Day-Lewis, Joaquin Phoenix, and Philip Seymour Hoffman. In *Paul Thomas Anderson: Masterworks*, Anderson's entire career—from *Hard Eight* (1996), *Boogie Nights* (1997), *Magnolia* (1999), *Punch Drunk Love* (2002), *There Will Be Blood* (2007), *The Master* (2012), *Inherent Vice* (2014), and *Phantom Thread* (2017) to his music videos for Radiohead to his early short films—is examined in illustrated detail for the first time. Captain Nemo Kevin J. Anderson, 2019-12-11 A New York Times bestseller imagines the life of Jules Verne in this “rollicking whopper of a novel [that] glides down smoothly” (Publishers Weekly). Captain Nemo is the fictional life story of one of Jules Verne’s most memorable characters from 20,000 Leagues Under the Sea and The Mysterious Island. This alternate history covers his boyhood friendship with the dreamer, Jules Verne, adventures aboard sailing ships, battles with pirates, and survival on a mysterious deserted island. Each time he returns home to his beloved France, Captain Nemo shares the tales of his exploits with the struggling writer Verne. We follow Nemo’s exploration of hidden caverns that lead to the center of the earth, travels across darkest Africa in a hydrogen balloon, and his imprisonment by an evil Ottoman caliph who commands the dark genius to construct a submarine boat, the Nautilus, in order to attack merchant ships that venture through the newly completed Suez Canal. “K. J. Anderson seamlessly blends events of Jules Verne’s real life with the plotlines of his fictional works. His portrayal of Verne is masterful: a man able to break free from the circumstances that stifle him through his vivid imagination and the inspiration provided by his lifelong friend, Nemo.” —Harry Turtledove, New York Times–bestselling author of The Guns of the South “A swashbuckling mix of Jules Verne, Daniel DeFoe, and Michael Crichton.” —Terry Brooks, New York Times–bestselling author of The Sword of Shannara

Two siblings find their dream jobs complicated by a pair of mysteries in Thomas' debut novel. Over the course of this book, Thomas employs prose that is often evocative. The overall premise of the novel is intriguing, and Thomas does a fine job of illustrating and interweaving the elite circles in which the Allens move.Kirkus Review Biography: SM Thomas was raised in the Midwest where she learned hard

work and perseverance were the best methods for achieving success. It was those ethics that shaped her principles and led her to create two successful start-up companies. Her love for writing began with journals and diaries in the early 1970s. She started her first novel in 1979 but it was never completed due to her business ventures. After her last company was sold, she returned to her first love and thus began writing *The Lovely Gravy Boat*

Far from the Madding Crowd Thomas Hardy, 2023-05-23 *Far from the Madding Crowd* was Thomas Hardy's fourth novel and was completed in 1874. It was originally serialized in *Cornhill Magazine* and was quickly published in a successful single volume. Hardy described Wessex as "a merely realistic dream country" and so it is in *Far from the Madding Crowd*, where an idyllic view of the countryside is interrupted by the bitter reality of farming life. The novel is the first that Hardy sets in fictional Wessex; he quickly realised that setting novels there could be a money-earner that would subsidise his poetry-writing ambitions. Gabriel Oak, the faithful man and aspiring farmer; Bathsheba Everdene, the young and independent lady farmer; William Boldwood, the lonely neighbour; and Sergeant Troy, the dashing military man, all lead intertwined lives which are full of love and loss.
