Elsket, and Other Stories Thomas Nelson Page,1893 I spent a month of the summer of 188- in Norway-Old Norway-and a friend of mine, Dr. John Robson, who is as great a fisherman as he is a physician, and knows that I love a stream where the trout and I can meet each other alone, and have it out face to face, uninterrupted by any interlopers, did me a favor to which I was indebted for the experience related below. He had been to Norway two years before, and he let me into the secret of an unexplored region between the Nord Fiord and the Romsdal. I cannot give the name of the place, because even now it has not been fully explored, and he bound me by a solemn promise that I would not divulge it to a single soul, actually going to the length of insisting on my adding a formal oath to my affirmation. This I consented to because I knew that my friend was a humorous man, and also because otherwise he positively refused to inform me where the streams were about which he had been telling such fabulous fish stories. No, he said, some of those -- cattle who think they own the earth and have a right to fool women at will and know how to fish, will be poking in there, worrying Olaf and Elsket, and ruining the fishing, and I'll be -- if I tell you unless you make oath. My friend is a swearing man, though he says he swears for emphasis, not blasphemy, and on this occasion he swore with extreme solemnity. I saw that he was in earnest, so made affidavit and was rewarded.

Selections from Scribner's Stock of Rare Books and Manuscripts in Every Field of Collecting Charles Scribner's Sons, 1948

Scribners Charles Scribner, III, 2023 Scribners tells the inside story of five generations--over 150 years--at the legendary publishing house of Charles Scribner's Sons, beginning with its founding in an unused chapel in downtown New York, continuing through its golden era on Fifth Avenue above the famous landmark bookstore and down to the present day. The author, the fifth of the Charleses to work at that house of celebrated authors, provides here an inside view--between the covers of illustrious and notorious books--of the family members, editors, and authors of this colorful literary history. Among the writers who illuminate this story, we find in the early years Robert Louis Stevenson, Rudyard Kipling, Henry James, Edith Wharton, Teddy Roosevelt, Winston Churchill, John Galsworthy, and the artists Charles Dana Gibson, N. C. Wyeth, and Maxfield Parrish, who illustrated Scribner's Magazine as well as Scribner books. Then with the arrival of editor of genius Max Perkins, the story takes off into the heights of twentieth-century fiction with Scott Fitzgerald, Thomas Wolfe, Marjorie Kinnan Rawlings, Marcia Davenport, Alan Paton, James Jones and--above all--Ernest Hemingway, that most loyal and enduring author whose works were published by four generations of Scribners. Famous children's classics *The Wind in the Willows*, *Peter Pan*, and *The Yearling* also take their place of honor in the firm's contribution to new generations of readers. This engaging personal account of family history--both in and out of the office--includes the most colorful controversies: from Mussolini and Trotsky to Lindbergh and C. P. Snow, as well as behind-the-scenes adventures of the author's father as he navigated the seas with industry storms and publishing corsairs before finding a safe harbor at Macmillan and finally, after the demise of tycoon Robert Maxwell, Simon & Schuster. The author, an art historian, found himself for thirty years in the company of

writers by an accident of birth. But it proved an adventure beyond his reckoning, here told with the candor and informality of a family gathering, as well as with humor and affection for his father, P. D. James, Louis Auchincloss, Andrew Greeley, and other authors with whom he worked personally. As Scott Fitzgerald wrote, If it wasn't life, it was magnificent.
