**My Time Travel Log** Time Shifter,2017-08-24 Are you tired of forgetting which timeline you're currently in? Are you suffering from time travel lag? Does technology keep disappointing you when you can't find a way to recharge your digital history? Have you become a victim of temporal shifts? And what about people ... are you finding it harder and harder to remember who you know when? If you're plagued by any of these time traveling anomalies, you'll be glad you found My Time Travel Log. This old-fashioned 80-page book (yes, it's made from trees) will keep track of where you are, when you are, and even who you are to others. You'll never worry again about mismatched charging devices or cumbersome cables and wires. Just tuck this handy book into your favorite time travel tote and go! Whether you enjoy an occasional weekend jaunt back to the 1300's or work in the future and come home for a month or two in the summer, you'll find this volume an indispensable part of your journeys. You can even use this log to keep track of landmarks, alternate timelines, and specific places to ensure you avoid meeting yourself. No need (or chance) to risk a time paradox! Whether you need this for yourself or a loved one who is addicted to time travel, My Time Travel Log will become your go-to guide for all things temporal. WARNING: The ability to write or draw diagrams with a leaded or inked device is required.

**From Time to Time** Jack Finney,2013-08-29 Ruben Prien is still at work with the Project, still dreaming of altering man's fate by going back in time to adjust events... to interfere, some might say, with destiny. Once again, his conduit to that bygone era, his messenger to that lost world, is Simon Morley, the man who actually proved himself capable of traveling back and forth in time. Rube's purpose in summoning Si back from that earlier world, where he has taken up permanent residence, is no less grand than an attempt to prevent World War I from erupting. It is ironic, therefore, that the man assigned to carry to America the papers that might help avert the Great Catastrophe travels to his meeting on board the Titanic. And it is Si's task to attempt to ensure his safe passage.

*The Palgrave Handbook of Contemporary Irish Theatre and Performance* Eamonn Jordan,Eric Weitz,2018-09-18 This Handbook offers a multiform sweep of theoretical, historical, practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance. Bringing together a spectrum of voices and sensibilities in each of its four sections – Histories, Close-ups, Interfaces, and Reflections – it casts its gaze

back across the past sixty years or so to recall, analyse, and assess the recent legacy of theatre and performance on this island. While offering information, overviews and reflections of current thought across its chapters, this book will serve most handily as food for thought and a springboard for curiosity. Offering something different in its mix of themes and perspectives, so that previously unexamined surfaces might come to light individually and in conjunction with other essays, it is a wide-ranging and indispensable resource in Irish theatre studies.

Tectonic Modeling Hemin A. Koyi,Neil S. Mancktelow,2001 In this reference for geologists, 20 contributions from international scientists discuss the analytical, physical, and numerical modeling of tectonic processes. A sampling of topics includes types of transpressional and transtensional deformation, modeling of anisotropic grain growth in minerals, salt tectonics and sedimentation along Atlantic margins, and new apparatus for thermomechanical analogue modeling. The text is accompanied throughout by b&w illustrations. Annotation c. Book News, Inc., Portland, OR (booknews.com)

**Field Instruction** David Royse,Surjit Singh Dhooper,Karen Badger,2017-06-12 Using their proven question and answer format, the latest edition of Field Instruction retains the authors' established approach and paves the way for students to move out of the classroom and into their internships.

Pragmatic suggestions and ways to troubleshoot potential problems in their practicum guide students to the successful completion of their field experience. New or expanded topics include CSWE's 2015 Competencies and Associated Behaviors, social media, electronic medical records, cultural competence, suicide, domestic violence, child and elder abuse, and professional behavior. Many new, topically relevant, suggested readings have been added throughout the text. This accessible guide begins by addressing questions about partnering with local service agencies and preparing for the first interview before it delves into juggling responsibilities and practical problems such as assessing the needs of diverse clients. The authors integrate classroom knowledge and real-world settings by providing case examples, critical thinking questions, and exercises throughout the text. Each chapter's coverage is linked to CSWE's 2015 Competencies and Behaviors. End-of chapter practice tests gauge mastery of chapter content. These outstanding features augment students' understanding of different aspects of social work and challenge them to think about how they would react to real-life experiences in the field.

**Dissident Dramaturgies** Eamonn Jordan, 2010 From Boston to Berlin, and from Belfast to Beijing, the performances of Irish plays have been greeted with critical and box-office acclaim. Plays by Marina Carr, Brian Friel, Marie Jones, Martin McDonagh, Frank McGuinness, Tom Murphy, Mark O'Rowe, Conor McPherson and Enda Walsh have toured extensively, and have been translated and adapted for new performance contexts. This book examines the dominant approaches and the recurrent and variable dramaturgical patterns in the writings of the contemporary generation of writers from 1980 to the present. Six very specific, dominant configurations or constructions that shape the blatant dramaturgy of Irish Theatre will be considered in individual chapters that focus the relationships between history, memory and metatheatre, how the notion of innocence is contested, the various deployments of a range of myths by contemporary playwrights, the consequences of perverting pastoral consciousness, and the implications and repercussions of storytelling to a tradition of writing. In all of the work produced both locally and abroad, Ireland and a coerced and admired notion of 'Irishness' function in part as a commodity but also as something uniquely defiant, liberating and dissident in itself.
