*Windswept* Mary Ellen Chase,1952

**Windswept** Mary Ellen Chase,2006-12 The third of Mary Ellen Chase's Maine novels (following *Mary Peters* and *Silas Crockett*), *Windswept* is the romantic and tumultuous saga of a Maine family who makes its home Down East. Spanning six decades, starting in the late nineteenth century, the novel depicts their lives as they meet head on the joys and challenges of the changing and encroaching world and eventually, World War II. Through it all, their home provides the family with a safe haven in which to sink their roots as they strive to nurture their humanity and spirituality, all the while surrounded by the natural beauty of the Maine coast. *Windswept* was a national best-seller and the biggest seller of Chase's career.

*Windswept* Robert Raynes Bonis,

Beyond the Windswept Dunes Elizabeth B. Sherman,2003-06-01 Beyond the *Windswept Dunes* takes the reader into a world of maritime adventure as it was experienced by the sailors, passengers, rescue workers, shipping magnates, industrialists, and many other people whose livelihoods revolved around Michigan's port city of Muskegon. At one time the leading edge of westward expansion, Muskegon was a place where lumbering and lakers merged and where rails met decks, a place situated midway along the coast of a great and sometimes stormy inland sea. Here Elizabeth Sherman offers both a shipping history and a portrait of the city. The events covered range from the visit by the British sloop H.M.S. *Felicity* in 1779 through Muskegon's boom years as Lumber Queen of the World, from the city's revitalization with the opening of the St. Lawrence Seaway to its recent establishment of a floating museum complex for historic naval vessels. The book's focus is on the ships themselves—such as the *Lyman M. Davis*, *Salvor*, *Highway 16*, and *Milwaukee Clipper*—vessels that were noteworthy for being the first of their kind or for their popularity, unusual and distinctive careers, or tragic losses. A number of ships were lost in Lake Michigan near Muskegon Harbor, and the stories of some of the most notable wrecks and rescue missions appear in this book, including the psychic intervention that led the *William Nelson* to the exciting rescue of the crew aboard the sinking *Our Son*. The book offers many first-hand statements of shipwreck survivors and other witnesses, lending an authentic voice to the accounts.

Windswept Martin Murie,2001

*Windswept* Cynthia Thomason,1999 The daughter of a new Federal judge on the island of Key West accidentally topples off a gangplank into murky waters and is rescued by the bold and brazen owner of a wrecking company--the man her father is trying to prove guilty of the most wicked of sins.

*Windswept* Magdalena Zschokke,1996 Mara, Olivia and Zoe are all women committed to a life of sailing, and share the struggle to find their place in a world dominated by wealthy and powerful men. Each of these three women brings a personal quest to her voyages. Mara's dream of becoming a captain has come true; now she wants to understand her recently discovered love for women. Zoe tries to balance her need for intimate connection with other women, with her love life of casual affairs. Olivia struggles to heal from an abusive childhood. Olivia, Zoe and Mara meet the challenge of isolation and the tests of strength that come with weeks spent on the open ocean. But it is their letters, dreams and connection to the stars that keep them going, moving toward their goal of an all female crew.--BOOK JACKET.Title Summary

**Windswept: Walking the Paths of Trailblazing Women** Annabel Abbs, 2021-09-07  
Named a Pick of the Month by Apple Books and a Best Book of Fall by Powell's and The Story Exchange "A gorgeous and revelatory blend of memoir, travelogue, and long-forgotten history."—Abbott Kahler  
Annabel Abbs's *Windswept: Walking the Paths of Trailblazing Women* is a beautifully written meditation on connecting with the outdoors through the simple act of walking. In captivating and elegant prose, Abbs follows in the footsteps of women who boldly reclaimed wild landscapes for themselves, including Georgia O'Keeffe in the empty plains of Texas and New Mexico, Nan Shepherd in the mountains of Scotland, Gwen John following the French River Garonne, Daphne du Maurier along the River Rhône, and Simone de Beauvoir—who walked as much as twenty-five miles a day in a dress and espadrilles—through the mountains and forests of France. Part historical inquiry and part memoir, the stories of these writers and artists are laced together by moments in Abbs's own life, beginning with her poet father who raised her in the Welsh countryside as an "experiment," according to the principles of Rousseau. Abbs explores a forgotten legacy of moving on foot and discovers how it has helped women throughout history to find their voices, to reimagine their lives, and to break free from convention. As Abbs traces the paths of exceptional women, she realizes that she, too, is walking away from her past and into a radically different future. *Windswept* crosses continents and centuries in a provocative and poignant account of the power of walking in nature.

**Windswept** Melodi Arentsen, 2016-12-08 Nathaniel's life weaves through the destinies of four women: Elizabeth, Katerina, Lucinda, and Esther. His decision sets the women's lives on a path of fire, one that twists and turns and taints them. But is Nathaniel alone to blame? Elizabeth grows up with a mother who does not speak while Katerina must face the reality of her mother's mental illness. Lucinda is forced to cope with abandonment, and Esther struggles with delusions that leave her isolated from the world. All four women dance with their own strengths and weaknesses in turn of the nineteenth century Harrisville, a dusty midwestern town.

**Unless the Wind Turns** Mildred Walker, 1996-01-01 John Davis has a "dull aching sense of missing out, of not getting anywhere." There must be millions like him, he thinks. His relations with his wife, Serena, are shallow and unsatisfying. In the late 1930s, he tries to rekindle their marriage by bringing her to a special place from his past—the Montana mountains. He is chagrined when she asks other people to join them on the camping trip. Plans are further disrupted by a catastrophe—a forest fire that rages uncontrolled for three days. Forced to reach outward to others in this crisis, the members of the party ultimately have to face themselves as well. *Unless the Wind Turns* is fast-moving and psychologically nuanced.

The Definition of Wind Ellen Block,2011-06-28 Independence: the freedom to be yourself—or a day for fireworks, depending on your point of view Summer has come to Chapel Isle, the quaintly quirky island that Abigail Harker has called home since she moved into the caretaker's cottage at the local lighthouse. The season ushers in sweltering temperatures, along with throngs of tourists who are turning the sleepy town into pandemonium. The world Abigail fled after tragedy struck is descending upon her doorstep, and she isn't sure she can stand the heat. Tourists and natives alike are buzzing about a sunken treasure in the treacherous shoals off the coast, and clues to its location are supposedly hidden in the caretaker's cottage. Soon Abigail is the focus of everybody's attention, including that of a handsome, seductive bachelor. Amid the swarm of vacationers, it's hard to tell harmless visitors from those harboring dark intentions. As Independence Day nears, Abigail must decide: Should she stay on Chapel Isle—risking another heartbreak and even her own safety—or allow the ghosts of her past and the dangers of the present to chase her away?
