JG Myers

American Wino Dan Dunn, 2016-04-05 A professional booze writer whose life spins out of control tries to piece it back together by embarking upon an epic wine-fueled adventure that takes him to every corner of the U.S. Part vision quest, part guidebook, part journey into the bizarre tapestry of American life, it will make you laugh, make you cry and teach you a whole lot about wine. Former Playboy magazine nightlife columnist Dan Dunn has made a career out of drinking. Yet this man's man—a connoisseur of beer and whiskey—knew next to nothing about one of the major drinks enjoyed the world over: wine. When a fateful tasting experience coincided with a serious existential crisis, Dunn decided to hit the road on a journey of discovery. To quench his thirst for knowledge (and be able to throw down with the experts), he would educate himself about the industry glass by glass, from winery to winery, in nearly every region in the United States. His bold 15,000-mile road trip took Dunn from Sonoma, California, to Pawley's Island, South Carolina, where he twirled, sniffed, and sipped glass after glass of a vast array of wines with vintners, savants, and celebrities, including Kurt Russell and "The Most Interesting Man in the World," Jonathan Goldsmith. Dunn's mission was to transform himself from a heartbroken schlub who barely knew the difference between Merlot and Meritage, into a confident connoisseur capable of wowing others simply by swirling some fermented grape juice around in his mouth and pronouncing it "troubling, yet brilliant." In *American Wino*, Dunn shares it all—the good, the bad, the sublime. As his wine knowledge grows and becomes more complex, he shares it with the reader in the form of digestible, actionable nuggets in each chapter. It's like a wine-tasting course at your local community college extension program,

only with more sex and less crushing despair. An intoxicating blend of travel writing, memoir, and booze journalism that pairs earthy humor with fine wine for hilarious and enlightening results, it is the story of one man's journey to find himself—and everyman's journey to better understand the true spirit of this divine elixir.

Routledge Handbook of Wine Tourism Saurabh Kumar Dixit, 2022-11-25 Wine tourism or enotourism or oenotourism or winery tourism or vinitourism is a special interest tourism that empowers local culture and spawns business opportunities for the local community. The comprehensive Routledge Handbook of Wine Tourism offers a thorough inquiry into both regular and emerging issues of wine tourism. Modern wine tourism extends beyond the mere cultivation of grapes and the production and selling of wine. The Routledge Handbook of Wine Tourism examines the complex interplay of market profiling, sustainable regional development, and innovative experiential marketing constructs which, when successful, contribute to the growth and sustainable evolution of global wine tourism. This handbook examines how the success of various enotourism events such as vineyard visits, winery tours, wine festivals and wine trails can stimulate the development of wine-producing regions and territories. Incorporating the latest philosophies and research themes, this handbook will be an essential reference for students, researchers, academics and industry practitioners of hospitality and tourism, gastronomy, management, marketing, cultural studies, development studies, international business and for encouraging dialogue across disciplinary boundaries.

So You Want to Be a Wino? Robert J.

Tata, 2008-11-11 This book is a collection of essays on winey topics. It explains some of the basics about grapes

and the wine making process. Then the focus changes to the glories of such famous wines as zinfandel, clarets, chardonnays, and pinot noirs. Then we explore the regions such as Napa Valley, Bordeaux, Beaujolais, and Chianti to find great drinking wines. Learn a bit; laugh a bit; and surely you will enjoy your first sip!

The White Wine Problem ,1895

Bonfort's Wine and Spirit Circular ,1882

Computer Law Reporter ,2000

X Rated Wines Darryl Roberts, Stewart Dorman, 2000

The first book from Wine-X Magazine is for a new generation of people who love wine but have no taste for the pretension and elitism that have too often surrounded it. Includes reviews of more than 1,500 wines, plus sidebars with celebrity interviews about fine wine.

Notes on a Cellar-Book George

Saintsbury, 2008-10-15 Since its first publication in 1920, George Saintsbury's classic Notes on a Cellar-Book has remained one of the greatest tributes to drink and drinking in the literature of wine. A collection of tasting notes, menus, and robust opinions, the work is filled with anecdotes and recollections of wines and spirits consumed—from the heights of Romanée-Conti to the simple pleasures of beer, flip, and mum. Thomas Pinney brings this unique work alive for contemporary audiences by providing the keys to a full understanding of Notes on a Cellar-Book in a new edition that includes explanatory endnotes, an essay on the book's legacy, and additional articles on wine by Saintsbury.

Report of the Viticultural Work California

Agricultural Experiment Station, 1892 A paper on red-wine grapes, by L. Paparelli, forms pt. 1 (i. e. pt. 2) of the Report of the viticultural work for the seasons 1887-89. This paper is continued by F. T. Bioletti in the Report for the seasons

1887-93, pt. 1, which contains also papers on white-wine, raisin and table grapes by the same author.

BNA's Patent, Trademark & Copyright Journal ,2005-05

Uncorked Marco Pasanella,2012 Chronicles the author's journey through the world of wine when, at the age of forty-three, he decided to open a wine shop at New York's South Street Seaport.

The Land of the Wine Anthony Joseph Drexel Biddle,1901

When the Rivers Ran Red Vivienne

Sosnowski,2009-06-09 Today, millions of people around the world enjoy California's legendary wines, unaware that 90 years ago the families who made these wines--and in many cases still do - turned to struggle and subterfuge to save the industry we now cherish. When Prohibition took effect in 1919, three months after one of the greatest California grape harvests of all time, violence and chaos descended on Northern California. Federal agents spilled thousands of gallons of wine in the rivers and creeks, gun battles erupted on dark country roads, and local law enforcement officers, sympathetic to their winemaking neighbors, found ways to run circles around the intruding authorities. For the state's winemaking families--many of them immigrants from Italy--surviving Prohibition meant facing impossible decisions, whether to give up the idyllic way of life their families had known for generations, or break the law to enable their wine businesses and their livelihood to survive. Including moments of both desperation and joy, Sosnowski tells the inspiring story of how ordinary people fought to protect to a beautiful and timeless culture in the lovely hills and valleys of now-celebrated wine country.

Decantations Frank Prial,2002-11-18 Prial has written enticing and edifying wine articles for The New York Times for more than 30 years. In *Decantations*, Prial gathers his

finest columns on everything from imbibing with the Rothschilds in France to stalking zinfandels and chardonnays in Africa.

Vino I love you Oscar Farinetti, 2014-04-18 Courage isn't just overcoming your fears, being determined in the way you do things, willpower. As I see it, courage, unless it's accompanied by the ability to be analytical, to undertake a careful study of the scenario and possess a good deal of stubbornness, then that just isn't courage. Courage requires respect, that is, a sense of civic consciousness, meaning the willingness to live in harmony with nature and people. Courage requires a sense of responsibility: to do and to answer for what you do. A community of people who refuse to be responsible is destined to failure. Courage requires friendship. It's easier to find the courage to face a project when your true friends are there with you. Courage requires goodness: being good means being fair. Wickedness is always unfair, and when coupled with courage, it's the most destructive combination possible in the life of an individual or a community. Courage requires math: knowing numbers is of fundamental importance. Numbers are absolutely the most accurate indicator of the state of things. Courage requires a balanced combination of honesty and cleverness. These two things must always coexist. Courage requires pride: in what you represent, pride for the land, the factory, your job, even if it's humble, your family, homeland, history. Courage requires optimism, which means thinking that there's a solution to everything and enjoying what you have. Courage doesn't necessarily mean growing in quantity, but it always mean growing in quality. Lastly, courage requires a conscience: the music of the soul that enables you to tell good from bad, that shows you the way forward. Don't expect amazing stories and awesome feats

in what we tell you here. There's lightness and harmony in the winemakers I've interviewed. There's family, commitment, future, but also the past, love, Italy, the world, politics, and there's hope. Above all there's lots of courage. Conversations with Costantino Charrère o Angelo Gaja o Beppe Rinaldi o Walter Massa o Marilisa Allegrini o Josko Gravner o Piero Antinori o Niccolo` Incisa della Rocchetta o Ampelio Bucci o Teresa Severini and Chiara Lungarotti o José Rallo o Francesca and Alessio Planeta

The New York Times Book of Wine Howard G.

Goldberg,2012-08-07 The best on wine from the New York Times! The newspaper of record has always showcased the writing of some of the worlds most respected wine experts, and these 125 articles from its archives feature such esteemed names as Eric Asimov, Frank Prial, Florence Fabricant, and R. W. Apple Jr. They cover everything from corkscrews and winespeak to pairing wine with food, wines from the Continent and South of the Border, and restaurant experiences. This is the ideal gift book for wine lovers.

The Little Book of Wine Orange Hippo!,2023-10-26 A oenophile's guide to all things wine. Red, white, sparkling or rosé - arguably no other alcoholic drink has had more impact on our society than wine. From its earliest iterations in earthenware jars all the way to the bottles we find lining supermarket shelves today, it has evolved from its use in religious rites along with culture, diet and society as a whole. And with literally billions of litres drunk worldwide, our love of fermented grape juice shows no signs of waning. This little book gets to the heart of our love affair with wine. After taking a tour through a history of its evolution through the centuries, it delves into the nitty-gritty of production before we taste the fruits of all that labour - in moderation of course - and learn all about

drinking (and hopefully appreciating) this most esteemed of beverages. As well as a whole caseload of quaffable facts and famous sayings about the nectar of the gods, there is also a glossary of useful wine terminology for the aspiring connoisseur, just in case you need a handy reminder during a particularly arduous tasting session... A bottle of wine contains more philosophy than all the books in the world. Louis Pasteur My only regret in life is that I didn't drink more wine. Ernest Hemingway *Vitis vinifera* is the principal wine-producing plant, and the majority of the world's wine comes from varieties of this species, mostly because of its high sugar content.

Every Man His Own Butler Cyrus Redding,1839

Berkeley Technology Law Journal ,2000

Finger Lake Wine and the Legacy of Dr.

Konstantin Frank Tom Russ,2019-07-15 The remarkable story of a refugee from Soviet Ukraine who found his way to upstate New York—and changed the American wine industry. Dr. Konstantin Frank forever changed the palate of American wine. Forced from his home in Soviet Ukraine during World War II, he was astounded by the terroir when he arrived in the Finger Lakes region, an agricultural scientist from a foreign land desperately looking for work. Against popular notions, he believed that the *vinifera* grapes that produced some of Europe's and California's finest wines would prosper in this part of New York State, but was met with skepticism and resistance. He proved his detractors wrong, and because he shared his knowledge freely with others, Konstantin's innovativeness has allowed the region to produce some of the world's finest Riesling, Chardonnay, Pinot Noir, and other varietals. Four generations of Franks have continued his legacy, and their winery has won record numbers of prestigious awards every year. This book tells the inspiring story. Includes
