Keyframes: Popular Cinema and Cultural Studies Matthew Tinkcom, Amy Villarejo, 2003-08-29 Keyframes introduces the study of popular cinema of Hollywood and beyond and responds to the transformative effect of cultural studies on film studies. The contributors rethink contemporary film culture using ideas and concerns from feminism, queer theory, 'race' studies, critiques of nationalism, colonialism and post-colonialism, the cultural economies of fandom, spectator theory, and Marxism. Combining a film studies focus on the film industry, production and technology with a cultural studies analysis of consumption and audiences, Keyframes demonstrates the breadth of approaches now available for understanding popular cinema. Subjects addressed include: * Studying Ripley and the 'Alien' films * Pedagogy and Political Correctness in Martial Arts cinema * Judy Garland fandom on the net * Stardom and serial fantasies: Thomas Harris's 'Hannibal' * Tom Hanks and the globalization of stars * Queer Bollywood * Jackie Chan and the Black connection * '12 Monkeys', postmodernism and urban space.

Cryptomnesia Christine A. Chakoian, 2014-09-16 How can we Christians move forward, when our very existence seems imperiled? We already know the way, for we've been through this before. But we have forgotten; we have cryptomnesia. Cryptomnesia is the reappearance of a suppressed or forgotten memory which is mistaken for a new experience. (Collins English Dictionary). The world is changing, and it is changing fast. Social media friendships, global commerce, online education, populist uprisings, e-books, and smartphones are just a sample of the Internet's growing impact on our lives. Americans are rapidly becoming more mobile, worldly, and secular—all while it feels like the church we know is being left behind. Growing numbers of "spiritual but not religious" show disinterest in church, and mainline churches fear imminent demise. How do we find a way forward? Ironically, by looking backward. We are not the first to experience globalization. In fact, the early church emerged in an age of globalization—the product of the Greco-Roman Empire and its mammoth road-building efforts on three continents. People were connected in ways they had never experienced: Roman citizens were bombarded with new cultures, new commerce, new foods, new ideas, new philosophies, new religions. It was an era of massive dislocation, and at the same time, exactly the right environment for Christianity to emerge and thrive. "What makes this book so worth reading and discussing is the way our current religious reality in post-Christendom America is a repeat of what the earliest Christians experienced in the Roman Empire. Relearning our past not only gives us courage; it gives us tools for confronting the present and living into a new future. ... We have a hidden memory we desperately need to rediscover. I believe the Holy Spirit is at work in our recovery from biblical, theological and historical amnesia." —Bishop Mike Lowry, Fort Worth Episcopal Area, The United Methodist Church

UFO Garrett M. Graff, 2023-11-14 From Garrett M. Graff, New York Times bestselling author of Raven Rock, The Only Plane in the Sky, and Pulitzer

Prize finalist for history Watergate, comes the first comprehensive and eye-opening exploration of our government's decades-long quest to solve one of humanity's greatest mysteries: Are we alone in the universe? From the post-war Project Blue Book to the Pentagon's modern-day Advanced Aerospace Threat Identification Program, bestselling author and historian Garrett M. Graff presents the first serious narrative history of humanity's hunt for alien life—including the military and CIA's secret, decades-long quest to study UFOs. A thrilling story of science, the Cold War, Nazi research, atomic anxieties, secret spy planes, and the space race, UFO traces the real-life history of the U.S. government's hunt for "unidentified aerial phenomena" here on Earth, from Roswell to Rendlesham Forest, as well as the story of the small group of forward-thinking scientists—astronomers like J. Allen Hynek, Frank Drake, Carl Sagan, and Jill Tarter—who launched the search for extraterrestrial intelligence far from Earth. Drawing on original archival research, declassified documents, and interviews with senior intelligence and military officials, Graff's book traces the long history of our quest to understand one of the most profound and popular questions of all time: whether or not aliens exist.

Northern California Off the Beaten Path® Maxine Cass, 2009-07-01 Northern California offers places to visit away from tourist areas, including the Whiskey Flat Saloon (established in 1862) in Volcano; Vikingsholm, a Scandinavian style mansion near Lake Tahoe; and Niles, the movie-making capital of California before Hollywood was on the map.

Scandals of Classic Hollywood Anne Helen Petersen, 2014-09-30 Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Peterson. This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike. Believe it or not, America's fascination with celebrity culture was thriving well before the days of TMZ, Cardi B, Kanye's tweets, and the #metoo allegations that have gripped Hollywood. And the stars of yesteryear? They weren't always the saints that we make them out to be. BuzzFeed's Anne Helen Petersen, author of *Too Fat, Too Slutty, Too Loud*, is here to set the record straight. Pulling little-known gems from the archives of film history, Petersen reveals eyebrow-raising information, including: • The smear campaign against the original It Girl, Clara Bow, started by her best friend • The heartbreaking story of Montgomery Clift's rapid rise to fame, the car accident that destroyed his face, and the "long suicide" that followed • Fatty Arbuckle's descent from Hollywood royalty, fueled by allegations of a boozy orgy turned violent assault • Why Mae West was arrested and jailed for indecency charges • And much more Part biography, part cultural history, these stories cover the stuff that films are made of: love, sex, drugs, illegitimate children, illicit affairs, and botched cover-ups. But it's not all just tawdry gossip in the pages of this book. The stories are all contextualized within the boundaries of film, cultural, political, and gender history, making for a read that will inform as it entertains. Based on Petersen's beloved column on the Hairpin, but featuring 100% new content, *Scandals of Classic Hollywood* is sensationalism made smart.

The Book of the American Indian Hamlin Garland, 2005-01-01 In these and other stories written from 1890-1905, Hamlin Garland sought to capture his vision of the spirit of the Native American Indian in transition. Based on ten years of visits to reservations in the American West, these stories are of interest for readers today in part because they illustrate a sincere and well-intentioned white reformer coming to understand a culture radically at odds with his own - and discovering in the process that his own culture is less advanced than he had supposed. This edition reprints the text and illustrations from the 1923 printing as well as two of Garland's essays indicting the treatment of Indians. An introduction places the stories in the historical context of Garland's life and times.--BOOK JACKET.

The Coma Alex Garland,2005-07-05 When Carl awakens from a coma after being attacked on a subway train, life around him feels unfamiliar, even strange. He arrives at his best friend's house without remembering how he got there; he seems to be having an affair with his secretary, which is pleasant but surprising. He starts to notice distortions in his experience, strange leaps in his perception of time. Is he truly reacting with the outside world, he wonders, or might he be terribly mistaken? So begins a dark psychological drama that raises questions about the the human psyche, dream versus reality, and the boundaries of consciousness. As Carl grapples with his predicament, Alex Garland - author of *The Beach* and the screenplay for *28 Days Later*, plays with conventions and questions our assumptions about the way we exist in the world, even as it draws us into the unsettling and haunting book about a lost suitcase and a forgotten identity.

The Secret Garland ,2010-09-16 This book offers new translations of the Tiruppavai and Nacciyar Tirumoli, composed by the ninth-century Tamil mystic and poetess Kotai. Two of the most significant compositions by a female mystic, the Tiruppavai and Nacciyar Tirumoli give expression to her powerful experiences through the use of a vibrant and bold sensuality, in which Visnu is her awesome, mesmerizing, and sometimes cruel lover. Kotai's poetry is characterized by a richness of language in which words are imbued with polyvalence and even the most mundane experiences are infused with the spirit of the divine. Her Tiruppavai and Nacciyar Tirumoli are garlands of words, redolent with meanings waiting to be discovered. Today Kotai is revered as a goddess, and as a testament to the enduring relevance of her poetry, her Tiruppavai and Nacciyar Tirumoli continue to be celebrated in South Indian ritual, music, dance, and the visual arts. This book aims to capture the lyricism, beauty, and power of Kotai's original works. In addition, detailed notes based on traditional commentaries, and discussions of the ritual and performative lives of the Tiruppavai and Nacciyar Tirumoli highlight the importance of this ninth-century poet and her two poems over the past one thousand years.
