Conflict in Kashmir and Chechnya Debidatta

Aurobinda Mahapatra,Seema Shekhawat,2007

India-Russia Partnership Debidatta Aurobinda

Mahapatra,2006 Keeping in mind the Cold War period, Indo-Russian relations were initially marked by indifference but were later considered special. The disintegration of the Soviet Union in 1991 and the emergence of Russia as its successor led to a saga of drastic changes not only in the domestic arena, but also in foreign policy. This book highlights and traces various aspects of Indo-Russian relations since their evolution, including the major developments that occurred in this area. The focus has been on convergence of interests in post-Cold War period, including the global process of change and development, the Kashmir-Chechnya comparison, and the areas of convergence between the two countries.

Once Upon a Crime Wanda Cassidy,Ruth

Yates,2005-01-01 Did Goldilocks wilfully trespass and destroy the property of the three bears? What crime did the wolf commit against the three little pigs, and is the wolf obligated to repair the pigs' homes? Was Peter Pan guilty of kidnapping? In Once Upon a Crime, students use familiar stories to experience what it is like to investigate a

crime scene, uncover important facts, weave together an argument supported with evidence and witnesses, and present their findings in a trial that simulates a court hearing. They also learn about other ways of resolving conflict, such as mediation, negotiation, and restorative justice processes. Through these activities, children engage in critical thinking, hone their literacy skills, and learn about the role law plays in their lives and their rights and responsibilities as citizens. This book offers step-by-step instructions for conducting mock trials based on fairy tales and other multicultural stories. Five complete trial scripts are included for classroom use. Also included are ideas for adapting contemporary stories into civil and criminal trials, and mediation and negotiation activities. Once Upon a Crime complements the authors' previous book, *Let's Talk About Law in Elementary School*, which helps teachers integrate law-related ideas and pedagogical approaches into social studies, language arts, and science.

Sport in Asian Society Fan Hong,J.A.

Mangan,2005-11-18 Linking sport to the emergence and growth of modern Asian society this collection of essays offers a lucid, original and highly readable history of politics, culture and sport in the world's most populous region.

Sports web encyclopaedia C. Ashok,2005

Perception and Cognition: Interactions in the Aging Brain Harriet A. Allen,Katherine L. Roberts,2016-09-13 Healthy ageing can lead to declines in both perceptual and cognitive functions. Impaired perception, such as that resulting from hearing loss or reduced visual or tactile resolution, increases demands on 'higher-level' cognitive functions to cope or compensate. It is possible, for example, to use focused attention to overcome perceptual limitations. Unfortunately, cognitive functions also decline

in old age. This can mean that perceptual impairments are exacerbated by cognitive decline, and vice versa, but also means that interventions aimed at one type of decline can lead to improvements in the other. Just as improved cognition can ameliorate perceptual deficits, improving the stimulus can help offset cognitive deficits. For example, making directions and routes easy to follow can help compensate for declines in navigation abilities. In this Topic, we bring together papers from both auditory and visual researchers that address the interaction between perception and cognition in the ageing brain. Many of the studies demonstrate that a broadening of representations or increased reliance on gist underlie perceptual and cognitive age-related declines. There is also clear evidence that impaired perception is associated with poor cognition although, encouragingly, it can also be seen that good perception is associated with better cognition. Compensatory cognitive strategies were less successful in improving perception than might be expected. We also present papers which highlight important methodological considerations that are required when studying the older brain.

Yes I Can, (Sí, Yo Puedo) Catherine Marrs

Fuchsel, 2017-11-09 The Sí, Yo Puedo (SYP) program manual is a step-by-step, culturally specific, 11-week curriculum for Spanish-English graduate level licensed mental health professionals (e.g., clinical social workers, professional counselors, family and marriage therapists, psychologists). Sí, Yo Puedo is Yes, I Can in English. The empowerment program is designed to provide education, promote self-esteem, prevent domestic violence, and help readers understand healthy relationships within a cultural framework. Participants meet weekly for two hours and examine topics addressing issues related to immigrant

Latina women's sense of self, characteristics of healthy relationships and dating, keys to understanding the dynamics of domestic violence, and ways to access resources. The program manual includes structured sessions with goals and objectives, in-class self-reflection drawing and writing exercises, and handouts for the weekly topics. Upon completion of the SYP program, immigrant Latinas and Latinas in general will be empowered to examine current relationships and their self-esteem, and to potentially make changes in their lives.

Handbook of Revolutions in the 21st Century Jack A. Goldstone, Leonid Grinin, Andrey Korotayev, 2022-05-19 The 21st century has witnessed a considerable and increasing number of political revolutions around the world. This contradicts the popular belief of many experts in the 1970s that revolutions occurred mainly in monarchies and empires. Instead, the revolutions of this century have several new characteristics, which call for a renewed analysis of the subject. This handbook offers a comparative perspective on the new wave of revolutions of the last decade. Presenting case studies on the color revolutions, the Arab revolutions of 2010–2011, and the global wave of revolutions in 2013–2018 that spanned regions ranging from Africa to the Caucasus, it offers a better understanding of the varied forms, features, and historical backgrounds of revolutions, as well as their causes. Accordingly, it highlights recent revolutions in their historical and world-systems contexts. The handbook is divided into seven parts, the first of which examines the history of views on revolution and important aspects of the theory of revolution. The second part analyzes revolutions within long-term historical trends and in their world-system contexts. In turn, the third part explores specific major revolutionary waves in history. The fourth part

analyzes the first revolutionary wave of the 21st century (2000–2009), the so-called color revolutions, while the fifth discusses the second wave – the Arab Spring (2010–2013) – as an important turning point. The sixth part is dedicated to analyzing revolutions and revolutionary movements beyond the Arab Spring and some revolutionary events from the third wave that began in 2018. The seventh and final part offers forecasts on the future of revolutions. Given its scope, the book will appeal to scholars and students from various disciplines interested in historical trends, sociopolitical change, contentious politics, social movements, and revolutionary processes involving both nonviolent campaigns and political violence. Once again, this volume demonstrates the kind of open-minded, systematic analysis that the field of revolutionary studies requires. (Prof. George Lawson, Department of International Relations, Australian National University Canberra)

Ukraine's Nuclear History Polina

Sinovets, 2022-02-13 This book presents a comprehensive overview of Ukraine's nuclear history, beginning from its experiences within the Russian Empire in the early 20th century, through the Soviet period, to the emergence of Ukraine as an independent state that inherited the world's third-largest nuclear arsenal. The book discusses the development of the nuclear infrastructure on Ukrainian soil and offers a rich and nuanced background of how Ukraine became an important and integrated part of the Soviet nuclear infrastructure. It further analyzes Ukraine's nuclear disarmament based on extensive primary source material and places the Ukrainian nuclear reversal process in a larger international political context where Russia's, the United States, and other players' actions are interpreted in the light of the impact on the current

nuclear non-proliferation regime. Finally, the book presents the nuclear-related development after the nuclear disarmament. It describes the integration of Ukraine into the international community and the role of nuclear power in the energy mix of the nation today. Concluding, Ukraine's adaptation to the new security situation after the Russian annexation of Crimea is described and discussed. This volume is a must-read for scholars, researchers, students, and policy-makers interested in a better understanding of Ukraine's nuclear history, the political background of the conflict in Eastern Ukraine, as well as of security studies and international relations in general. The work on this book has been supported by the Swedish Radiation Authority (SSM) in the Nuclear History of Ukraine Project (2015-2019).

Bildungsmigranten aus dem subsaharischen Afrika in Moskau und St. Petersburg: Selbst- und Fremdbilder
Svetlana Boltovskaja, 2016-11-15 Die Sowjetunion bildete Hunderttausende junge AfrikanerInnen aus. Heute lebt in Moskau und St. Petersburg eine zahlenmäßig kleine, aber aktive afrikanische Community, deren Kern aus ehemaligen Bildungsmigranten besteht. Diese interdisziplinäre Studie erweitert das Untersuchungsgebiet der internationalen Black Studies auf Russland. Sie beschäftigt sich mit der Geschichte der Bildungsmigration aus dem subsaharischen Afrika und fokussiert vor allem die postsowjetische Zeit, in der eine wirtschaftliche und gesellschaftspolitische Transformation in Russland sowie in afrikanischen Staaten stattfand. Um wirtschaftliche, rechtliche, soziale und kulturelle Aspekte der afrikanischen Bildungsmigration besser zu verstehen, werden sowjetische bzw. russische Afrika-Diskurse untersucht sowie empirische Daten aus den zwischen 2006 und 2010 durchgeführten Interviews mit Experten, Aktivisten

afrikanischer Organisationen und Bildungsmigranten ausgewertet. Welche Faktoren bestimmen die Zuwanderung und Lebenssituation afrikanischer Bildungsmigranten und ihre Interaktion mit der Bevölkerung Russlands? Welche Afrika-Diskurse existierten in der Sowjetunion? Wie verwandelten sie sich in der Populärkultur und in der öffentlichen Meinung nach 1991? Wie weit werden sie von alltäglichen Vorurteilen, Stereotypen und Wertungen geprägt? Wie sehen afrikanische Bildungsmigranten Russland? Wie begegnen sie dem russischen Afrika-Bild und welche Auswirkungen hat dies auf ihre Lebenssituation, Identitätsbildung, Selbstdarstellung und Überlebensstrategien? Diese Studie versucht, all diese Fragen zu beantworten und ist für Ethnologen, Afrikanisten, Slavisten, Historiker, Politik- und Kulturwissenschaftler sowie für alle, die sich für die Geschichte Afrikas und Russlands interessieren, geschrieben.

Personnel Recovery and Accounting ,2004

Tracking Down Your Ancestors Harry Alder,2002

Researching your family history can be an absorbing hobby, or a one-off project that your whole family will value and build on. This book is packed with ideas about the different aspects of genealogy and the main free or low cost resources available to help you in your quest.

CONTENTS: Getting started - online family searching - harnessing internet sources - tearless transcribing - organised support - vital public records - interpreting old records - getting to know your ancestors About the author Dr Harry Alder is a prolific writer and long-time researcher. Here he passes on his passion for genealogy, his first-hand experience, lots of practical tips and key websites to support your research.

Veins of Devotion Jacob Copeman,2009 Veins of

Devotion details recent collaborations between guru-led devotional movements and public health campaigns to encourage voluntary blood donation in northern India. Focusing primarily on Delhi, Jacob Copeman carefully situates the practice within the context of religious gift-giving, sacrifice, caste, kinship, and nationalism. The book analyzes the operations of several high-profile religious orders that organize large-scale public blood-giving events and argues that blood donation has become a site not only of frenetic competition between different devotional movements, but also of intense spiritual creativity.

Religion in Britain from the Megaliths to Arthur

Robin Melrose,2016-02-12 The Druids and the Arthurian legends are all most of us know about early Britain, from the Neolithic to the Iron Age (4500 BC-AD 43). Drawing on archaeological discoveries and medieval Welsh texts like the Mabinogion, this book explores the religious beliefs of the ancient Britons before the coming of Christianity, beginning with the megaliths--structures like Stonehenge--and the role they played in prehistoric astronomy. Topics include the mysterious Beaker people of the Early Bronze Age, Iron Age evidence of the Druids, the Roman period and the Dark Ages. The author discusses the myths of King Arthur and what they tell us about paganism, as well as what early churches and monasteries reveal about the enigmatic Druids.

Eğitim Psikolojisi Asım ARI,2017-07-16 Bu kitabın ana odağı eğitim psikolojisi olup içeriğinde eğitim psikolojisinin tanımı, ortaya çıkışı, tarihsel gelişimi, felsefeyle bağı, kullandığı araştırma yöntemleri ve kapsadığı konuların genel çerçevesi gibi eğitim psikolojisini tanımlayan ve açıklayan bilgiler yer almaktadır. Bununla birlikte eğitim

psikolojisinin kapsamına giren ve öğrenme-öğretme kavramlarıyla ilgili de kapsamlı ve işe dönük bilgiler yer almaktadır. Gelişimin genel nitelikleri, devinimsel, bilişsel, dilsel, kişisel, sosyal ve ahlaki gelişim ile ilgili detaylı bilgileri bulabileceğiniz bu kaynak, gelişim ve öğrenme arasındaki bağı anlamınıza ve uygulamada bu bilgilerden nasıl yararlanabileceğinizi keşfetmenizde sizlere yardımcı olacaktır. Öğrenme sürecinde etkili olan değişkenlerin derinlemesine incelemesinin de yer aldığı bu eser, öğrenme yaklaşımları ve öğrenme ortamının bu süreci ne yönde etkilediğinin yanı sıra, öğrenenle ilgili değişkenleri de ele alarak, bütüncül bir yaklaşımla hazırlanmıştır. Bireysel farklılıkların öğrenme üzerinde ne denli etkili olduğu farklı zekâ, sosyal çevre ve bireysel ihtiyaçları olan öğrencilerin öğrenme süreçlerinin ne yönde farklılaştığı da ele alınan konular arasındadır. Son olarak öğrenme çıktılarının ölçülmesi ve değerlendirilmesine yönelik yararlı ve yenilikçi tekniklerden bahsedilmiştir. Eğitim psikolojisi alanında öğrenme-öğretme süreçleri ile ilgili kapsamlı ve işe dönük bilgilerin yer aldığı bu kitap, öğrenme ve öğretme süreciyle ilgili başta öğretmenler ve öğretmen adayları olmak üzere herkese önemli katkılar sağlayacaktır. Elinizdeki bu kitap, başta uygulayıcı konumundaki öğretmenler, lisans ve lisansüstü düzeyinde ilgili dersi alan, temel alan ve yan alan öğrencileri ve dersi veren öğretim elemanları, meslekî yaşantılarında kullanmak isteyen öğrenciler ve öğretmenler, kitabın alanıyla ilgili araştırma yürüten araştırmacı ve akademisyenler için başvuru veya başucu kitabı olma özelliği taşımaktadır.

ADOLESCENCE EDUCATION GIRISH BALA

CHOUDHARY,2014-07-18 The young and adolescents are an epitome of change, hope and progress. The lives of adolescents are subject to global challenges faced by information and technological revolution, changing

markets and globalization, and specific changes taking place in family dynamics, cultural traditions, religious beliefs and other socialization practices. This book on Adolescence Education assumes importance in view of the likely impact of acquired skills and behaviours during this period on an individual's prospects in adulthood. This book is an attempt to understand the broader context in which adolescent lives are embedded. The theoretical perspective presents a multi-disciplinary view of adolescence that helps to understand the evolution of the concept of adolescence. Presenting an elaborate account of adolescence as experienced by young in India and highlighting the challenges that emerge as a result of dynamic changes in society, the attempt is made to identify the emerging issues and concerns that impact the lives of adolescents and provide a perspective to adolescence education. The historical account presented helps to build an understanding of the various socio-cultural forces that led to the emergence of the existing Adolescence Education Programme (AEP). The text presents the key features of the present AEP that are imperative for its successful implementation. The UN and civil society initiatives are mapped with a view to locate the characteristic features and thrust of various interventions. The text gives some gleanings from available evidences regarding execution of various existing adolescent programmes, and existential realities of adolescents' lives. The book is intended for the undergraduate and postgraduate students of Education, Psychology and Sociology. Besides, the book is equally beneficial for the students opting for Psychology at their +2 level.

 web aug 24 2020

many years ago
 24 i had a set of 4
 warhammer
 fantasy roleplay
 adventures split
 between 2 books
 each adventure s
 goal was to try
 and claim an
 elemental gem of
 power the gems
 were
 tremendously
 powerful and
 when combined
 and at the end of
 the adventure it
 was suggested
 the world ended
doomstones fire
