## **Conflict Prevention from Rhetoric to Reality**

Albrecht Schnabel, David Carment, 2004

**Rite of Return: Part 1** Samira Lazarovic, You little bunnies in the Diaspora, you touch my heart. How you always defend our land of Israel, with all your soul. You still believe in next year in Jerusalem, while our youth only think: next year in Berlin, in Goa, in Iquitos. And who could blame them? Liat, Sarah, Max and Jona. Four very different people who have one thing in common: They are looking for a home. In Tel Aviv or Berlin. But are they looking in the right place? Is what they are looking for even relevant for their happiness? A mutual friend disagrees and wants to help them - with questionable methods. But hey, he's just following the old Jewish concept of Tikkun Olam, healing the world. Only contemporary. A tiny pixel here, a little algorithm there, and tschick-tschack we all feel better.

*Regional Security in the Asia Pacific* Marika Vicziany, David P. Wright-Neville, Peter Lentini, 2004-03-25 The September 2001 terrorist attacks shocked the world. But what did they change? In this book Asia specialists from academe and policy think tanks assess the impact of 9/11 on the Asia Pacific. Drawing on unique fieldwork, access to a wide range of documents and inside expertise, the authors consider how old geo-strategic and cultural fault lines have been

overlaid with new security threats from state and non-state actors. With chapters on specific countries and regions, defense policies, terrorism, and current and potential conflict zones, this collection critically examines the Asia Pacific region's post-9/11, as well as post-Iraq war, security architecture.

**Historia económica de Colombia** José Antonio Ocampo Gaviria, 2017-07-19 Este libro reúne ocho ensayos del autor sobre historia económica colombiana, publicados a lo largo de casi veinte años de trabajo. El primero de los temas que analizan es el café, objeto de un estudio especial, además de otros sobre la transición hacia una economía más diversificada y sobre el papel central que desempeñaron los ciclos cafeteros en el comportamiento macroeconómico de Colombia durante el siglo XX. Un segundo tópico es la industria y su relación con las políticas de comercio exterior, que se aborda desde el análisis de la decadencia del artesano textil, el desarrollo y la evolución de la manufactura moderna y la historia de la protección. Una constante del trabajo del autor ha sido la de indagar para entender la historia con miras a las discusiones del presente.

*Post-Yugoslav Literature and Film* Gordana P. Crnkovic, 2014-03-27 The 1990s violence in the Former Yugoslavia, the worst in Europe since World War II, triggered the conversion of multi-ethnic, multi-religious, and cosmopolitan areas of idiosyncratic and independent socialism into regions of xenophobic nationalism, wars, and, afterwards, Western-style democracy and

capitalism. Unified by their artistic response to these cataclysmic changes, post-Yugoslav literary works and films have much to offer the wider world. Crnkovic reveals select post-Yugoslav literary and cinema works as groundbreaking exploratory achievements of global relevance. She presents post-Yugoslav literature and film as art that makes us aware of previously unconsidered things that bring us wars, and those that constitute part of the tapestry of peace. She foregrounds the radical potential of art to change and enrich the global landscapes of concepts, sensitivities, and politics. As such her book is important not only for those interested in this region, but also for all those wanting to discover and engage with world literature and cinema, and willing to encounter the potential of great new art to illuminate and challenge the world we live in.

**Chaos, Violence, Dynasty** Eric

McGlinchey, 2011-09-30 In the post-Soviet era, democracy has made little progress in Central Asia. In *Chaos, Violence, Dynasty*, Eric McGlinchey presents a compelling comparative study of the divergent political courses taken by Kyrgyzstan, Uzbekistan, and Kazakhstan in the wake of Soviet rule. McGlinchey examines economics, religion, political legacies, foreign investment, and the ethnicity of these countries to evaluate the relative success of political structures in each nation. McGlinchey explains the impact of Soviet policy on the region, from Lenin to Gorbachev. Ruling from a distance, a minimally invasive system of patronage proved the most successful

over time, but planted the seeds for current “neo-patrimonial” governments. The level of direct Soviet involvement during perestroika was the major determinant in the stability of ensuing governments. Soviet manipulations of the politics of Uzbekistan and Kazakhstan in the late 1980s solidified the role of elites, while in Kyrgyzstan the Soviets looked away as leadership crumbled during the ethnic riots of 1990. Today, Kyrgyzstan is the poorest and most politically unstable country in the region, thanks to a small, corrupt, and fractured political elite. In Uzbekistan, Islam Karimov maintains power through the brutal suppression of disaffected Muslims, who are nevertheless rising in numbers and influence. In Kazakhstan, a political machine fueled by oil wealth and patronage underlies the greatest economic equity in the region, and far less political violence. McGlinchey’s timely study calls for a more realistic and flexible view of the successful aspects of authoritarian systems in the region that will be needed if there is to be any potential benefit from foreign engagement with the nations of Central Asia, and similar political systems globally.

### **Radical Islam in Central Asia Vitaliĭ**

Viacheslavovich Naumkin, 2005 This original study by distinguished scholar Vitaly V. Naumkin offers an authoritative analysis of the key militant Islamic organizations in Central Asia. Long veiled in secrecy, the Islamic Movement of Uzbekistan, Hizb at-Tahrir al-Islami, and the Islamic Revival Party of Tajikistan are illuminated here for the first time. Drawing on his extensive fieldwork and

an unprecedented array of Central Asian primary sources, the author thoroughly compares their doctrines, power bases, and political practices. The book also explores the history of political Islam in Central Asia and explains the concurrent roots of Islamic militancy from the early disputes between Salafis and traditionalists, through the period of Islamic revival in the late 1980s when radical groups first emerged, and up to their growing strength today. Naumkin analyzes the human dimension in Central Asian Islam through the lives of the most significant theologians, mullahs, underground preachers, and teachers in the region, evaluating their role in the spread of Islamic radicalism. Providing fresh insight into the balance between peaceful and militant means of struggle for power used by Islamic movements, the author considers into the possibility of dialogue with the Islamists and the outcome of the 'Tajik experiment' that brought former Islamic radicals into the government. All those interested in the development of political Islam will find this study an invaluable resource.

*The Helpers: Profiles from the Front Lines of the Pandemic* Kathy Gilsinan, 2022-03-01 A deeply moving narrative of the coronavirus pandemic, told through portraits of eight individuals who worked tirelessly to help others. In March 2020, COVID-19 overtook the United States, and life changed for America. In a matter of weeks the virus impacted millions, with lockdown measures radically reshaping the lives of even those who did not become infected. Yet despite the fear, hardship, and heartbreak from this period of collective

struggle, there was hope. In *The Helpers*, journalist Kathy Gilsinan profiles eight individuals on the front lines of the coronavirus battle: a devoted son caring for his family in the San Francisco Bay Area; a not-quite-retired paramedic from Colorado; an ICU nurse in the Bronx; the CEO of a Seattle-based ventilator company; a vaccine researcher at Moderna in Boston; a young chef and culinary teacher in Louisville, Kentucky; a physician in Chicago; and a funeral home director in Seattle and Los Angeles. These inspiring individual accounts create an unforgettable tapestry of how people across the country and the socioeconomic spectrum came together to fight the most deadly pandemic in a century. Beautifully written and profoundly moving, *The Helpers* is about ordinary people who stepped up to meet an extraordinary moment. "This is the story of how we beat the pandemic," Gilsinan writes, "but I hope that it someday serves as an introduction to the story of how we made a better country. That future starts with people like the ones in this book."

**Central Asia's Second Chance** Martha Brill Olcott, 2010-03-01 A leading authority on Central Asia offers a sweeping review of the region's path from independence to the post-9/11 world. The first decade of Central Asian independence was disappointing for those who envisioned a straightforward transition from Soviet republics to independent states with market economies and democratic political systems. Leaders excused political failures by pointing to security risks, including the presence of terrorist training camps

in Afghanistan. The situation changed dramatically after 9/11, when the camps were largely destroyed and the United States introduced a military presence. More importantly the international community engaged with these states to give them a second chance to address social and economic problems. But neither the aid-givers nor the recipients were willing to approach problems in new ways. Now, terrorists groups are once again making their presence felt and some states may be becoming global security risks. This book explores how the region squandered its second chance and what might happen next.

### **The Receding Shadow of the Prophet Ray**

Takeyh, Nikolas K. Gvosdev, 2004-06-30 The tragic events of September 11, 2001, in the United States renewed fears of an Islamist wave destabilizing the countries of the Muslim world. Yet the alarm raised over a previous wave of Islamism in the early 1990s, which threatened to overwhelm Egypt and Algeria and spill into the Balkans and Central Asia, proved to be unfounded. Takeyh and Gvosdev assert that while Islamism has been successful as an oppositional ideology of wrath, it has failed to provide Islamic societies with any feasible alternative to undertaking fundamental political and economic reforms. By detailing the defeat of Islamist movements in the Middle East, the Balkans, and Central Asia over the last decade, this book encourages us not to overestimate the Islamist threat in the current climate and the years to come. Radical Islamists have been successful in mobilizing opposition to corrupt regimes, yet they have failed to translate their

utopian vision into reality. Furthermore, their emphasis on violence alienates and frightens the middle class and other potential allies. Iran's revolution failed to create a model Islamic republic, and its government is increasingly losing legitimacy to demands for genuine democracy. Islamist governments in Afghanistan and Sudan relied upon violence to remain in power and ultimately collapsed. Islamist movements proved unable to dislodge the existing regimes in Egypt and Algeria. In the Balkans and Central Asia, Islamism has had little attraction for Western-oriented populations. Indeed, throughout the entire Islamic world, former radicals are seeking a new accommodation between Islamic values and liberal democracy. Takeyh and Gvosdev succinctly and accessibly explore the rise of radical Islam, as well as its ultimate demise in various nations.

Central Asia Ajay Patnaik, 2016-03-31 Throughout history, Central Asia has formed an important strategic link between the East and the West and been described as the 'great pivot' in the early-twentieth century. This book looks at the relations between the Central Asian states and major external powers. It shows how these nations have kept the fragile geopolitics of the region free of the so-called 'New Great Game'. The volume evaluates the roles of major powers such as Russia, United States, China, Iran, and Turkey, as well as India and its 'Silk Road Strategy'. It also compares the regional geopolitics of Central Asia with its neighbour Caucasus. The study indicates how, despite limited inter-state cooperation, the region has prevented conflicts

and wars, due to which these states have been able to enjoy greater strategic autonomy in their dealings with other countries. The book will benefit scholars and researchers of international relations, political and strategic studies, area studies, and Central Asian studies apart from the interested general reader.

Afghanistan Post-2014 Rajen Harshé, Dhananjay Tripathi, 2015-11-19 Owing to its geo-strategic location and mineral wealth, Afghanistan has acquired significance in the inter-state politics of Asia as well as world politics during the past decades. This book outlines Afghanistan's efforts to build a stable and peaceful democratic polity, with external military support from the United States and its NATO allies. It also analyses the nation's development initiatives with major powers such as India, the United States, Russia and Germany. The volume: • brings to the fore ongoing tensions within the Afghan polity and its continued impact on Asian/world politics; • discusses topical themes such as withdrawal of US troops and non-traditional security; and • presents perspectives from scholars and experts from around the world, including Afghans. This work will be useful to scholars and researchers in political science, international relations, sociology, area studies, and the interested general reader.

**ECEG2011-Proceedings of the 11th European Conference on EGovernment** Maja Klun, Mitja Decman, Tina Jukić, 2011-01-01

Have the Mountains Fallen? Jeffrey B. Lilley, 2018-01-25 After surviving the blitzkrieg

of World War II and escaping from two Nazi prison camps, Soviet soldier Azamat Altay was banished as a traitor from his native home land. Chinghiz Aitmatov became a hero of Kyrgyzstan, writing novels about the lives of everyday Soviet citizens but mourning a mystery that might never be solved. While both came from small villages in the beautiful mountainous countryside, they found themselves caught on opposite sides of the Cold War struggle between world superpowers. Altay became the voice of democracy on Radio Liberty, while Aitmatov rose through the ranks of Soviet politics. Yet just as they seemed to be pulled apart in the political turmoil, they found their lives intersecting in moving and surprising ways. *Have the Mountains Fallen?* traces the lives of these two men as they confronted the full threat and legacy of the Soviet empire. Through personal and intersecting narratives of loss, love, and longing for a homeland forever changed, a clearer picture emerges of the experience of the Cold War from the other side.

*India's Quest for Energy Through Oil and Natural Gas* Sanjay Kumar Pradhan, 2020-06-16 This book analyzes energy security through the lens of oil and natural gas and explains how geopolitics and security challenges affect India's quest for energy security. It also offers insights into India's international trade and investment in the overseas oil and natural gas markets and discusses shale energy, adopting region-specific (Africa, West Asia, Central Asia, and LAC), country-specific (Russia and the US), maritime-specific (Arctic and South China Sea), and pipeline-

specific (TAPI, MBI, IPI, and RCI) approaches to analyze India's oil and natural gas trade and investment abroad. The introductory chapter examines energy perspectives in international relations and conceptualizes energy geopolitics and energy security from both international and Indian standpoints. The book also highlights the similarities and differences in the issues involved in the global oil and natural gas market, and India's approach to these, offering a roadmap for holistic and integrated energy security through oil and natural gas. Since India's energy trade and investment in the international oil and natural gas market are not free from the effects of political instability, corruption, environment crisis, militancy, terrorism, war, and geopolitical involvement and interference, the book investigates the nature and extent of the security threats and competition India faces in the oil and natural gas-producing countries while pursuing its trade and investments there. As major sources of energy, oil and natural gas are strategic assets, and energy security is one of the core areas of India's foreign policy pursuits. As such, the chapters critically assess India's energy policy and resource diplomacy, providing analyses of the issues raised, identifying the central arguments and presenting existing cooperations – with past examples where necessary. The book appeals to scholars and policymakers active in the fields of energy, political science, international relations, economics, foreign policy, peace and conflict, security and geopolitics, as well as non-experts interested in

this topic.

*Challenges to Chinese Foreign Policy* Yufan Hao, C. X. George Wei, Lowell Dittmer, 2021-12-15 When Beijing hosted the 2008 Summer Olympics, China symbolically asserted its role as an emerging world power—a position it is not likely to relinquish anytime soon. China's growing economy, military reforms, and staggering productivity have contributed to its ascendancy as a major player in international affairs. Western scholars have attempted to explain Chinese foreign policy using historical or theoretical evidence, but until this volume, few studies from a Chinese perspective have been published in English. In *Challenges to Chinese Foreign Policy: Diplomacy, Globalization, and the Next World Power*, editors Yufan Hao, C. X. George Wei, and Lowell Dittmer reveal how Chinese scholars view their nation's rise to global dominance. Drawing from a wealth of foreign relations experts including scholars native to the region, this volume examines the unique challenges China faces as it adapts in its role as a world leader, and it analyzes how China's evolving international relationships are shaping the global landscape of the twenty-first century.

Law and Practices of Delegated Rulemaking by the European Commission Zamira Xhaferri, 2023-01-16 This book first provides a critical analysis of the legal framework that governs the delegation of rulemaking powers to the European Commission. Second, it explores how the framework that governs such a delegation of powers to the Commission operates in the food and health policy domain.

**Tempest-Tost** Robert Dodge, 2017-10-14 “Dodge

takes us behind the headlines and introduces real people and their very real struggles yearning to breathe free. Page-turning [and] proactive.”

—Craig McGuire, author of *Brooklyn’s Most Wanted*

Kahassai fled the Ethiopian Red Terror that killed his father and hundreds of thousands of others, trekking through a snake-infested jungle while hyenas followed him at night. Georgette crossed the Congo while the Hutus and Tutsis struggled for control as millions of defenseless people were murdered and displaced. Asmi and Leela were children in Bhutan when soldiers burned their villages and drove out the Nepalese-speaking Hindus. Roy narrowly escaped Afghanistan after the Americans began bombing Kabul to drive out the Taliban. Mahn made it out of Vietnam only after his twenty-second attempt. Mohammed survived daily beatings when imprisoned in Syria, though many of his fellow prisoners died. What do these people have in common beyond tales of horror and hardship that caused them to flee their countries, leaving their homes, families, and previous lives behind? They all found a new place to live in Denver, Colorado, the “Queen City of the Plains.” In this timely and important book, author Robert Dodge describes the circumstances that caused these refugees to flee their homes and shares their experiences after they arrived in Denver. This is the refugee story behind the headlines and political posturing. This is what coming to America has meant to those displaced, as represented by various refugee communities that over the years have come to think of Denver, Colorado as home.
