🔍 **CONFRONTING THE SHADOW EDUCATION SYSTEM** MARK BRAY,INTERNATIONAL INSTITUTE FOR EDUCATIONAL PLANNING,2009 This book focuses on the so-called shadow education system of private supplementary tutoring. In parts of East Asia it has long existed on a large scale and it is now becoming increasingly evident in other parts of Asia and in Africa, Europe and North America. Pupils commonly receive fee-free education in public schools and then at the end of the day and/or during week-ends and vacations supplementary tutoring in the same subjects on a fee-paying basis.Supplementary private tutoring can have positive dimensions. It helps students to cover the curriculum, provides a structured occupation for pupils outside school hours, and provides incomes for the tutors. However, tutoring may also have negative dimensions. If left to market forces, tutoring is likely to maintain and increase social inequalities, and it can create excessive pressure for young people who have inadequate time for non-academic activities. Especially problematic are situations in which school teachers provide extra tutoring in exchange for fees from their regular pupils.This book begins by surveying the scale, nature and implications of the shadow education system in a range of settings. It then identifies possible government responses to the phenomenon and encourages a proactive approach to designing appropriate policies.

🔍 **THE WEDDING** STANISLAW WYSPIANSKI,1998-10-27 The Wedding is a Polish classic, continually in production in Poland since Stanislaw Wyspianski wrote it nearly a hundred years ago. A witty but ultimately tragic satire about Polish society, this remarkable play is set around the celebrations of a wedding between a poet from the city of Krakov and a peasant girl from a rural village.

🔍 **COMPARATIVE TAX LAW** VICTOR THURONYI,KIM BROOKS,2016-04-20 Although the details of tax law are literally endless—differing not only from jurisdiction to jurisdiction but also from day-to-day—structures and patterns exist across tax systems that can be understood with relative ease. This book, now in an updated new edition, focuses on these essential patterns. It provides an immensely useful introduction to the core common knowledge that any well-informed tax lawyer or policy maker should have about comparative tax law in our times. The busy reader will welcome the compact nature of this work, which is shorter than the first edition and can be read in a weekend if one skips footnotes. The authors elucidate the commonalities and differences across countries in areas including (much of the detail new to the second edition): • general anti-avoidance rules; • court decisions striking down tax laws as violating constitutional rules against retroactivity, unequal treatment of equals, confiscation, and undue vagueness; • statutory interpretation; • inflation adjustment rules and the allowance for corporate equity; • value added tax systems; • concepts such as “tax”, “capital gain”, “tax avoidance”, and “partnership”; • corporate-shareholder tax systems; • the relationship between tax and financial accounting; • taxation of investment income; • tax authorities’ ability to obtain and process information about taxpayers; and • systems of appeals from tax assessments. The information and analysis pull together valuable material which is scattered over a disparate literature, much of it not available in English. Especially considering the dynamic nature of tax law, whose rate of change exceeds that of any other field of law, the authors’ clear identification of the underlying patterns and fundamental structures that all tax systems have in common—as well as where the differences lie—guides the reader and offers resources for further research.

🔍 **THE REALISATION OF CONCESSION IN THE DISCOURSE OF JUDGES** MAGDALENA SZCZYRBAK,2014 Complementing other studies on judicial discourse, this book investigates previously unexplored areas, focusing on the realisation of concession in the genre of judgment. In addition to providing a review of approaches to concessivity as well as legal and linguistic perspectives on argumentation, the analysis draws on genre studies and follows a genre-based view of legal language. It shows the way in which the concessive relation is deployed by last-instance courts, as revealed by an examination of EU and Polish judgments. In what constitutes a pioneering attempt to identify tripartite concessive patterns in written data, the author breaks away from the traditional view of written legal discourse seen as static and monologic communication. Instead, she offers insights into the linguistic construction of judicial argumentation, seen as a mute dialogue with the addressee, highlighting recurrent argumentative schemata and related discourse signals and functions. Combining quantitative and qualitative approaches, the analysis demonstrates that the dialogic model of concession, designed as a tool for an examination of talk-in-interaction, can be successfully applied in an investigation of written data. The book is aimed at students and researchers with interests in legal discourse, genre analysis and argumentation studies.

🔍 **LEAVING THE WITNESS** AMBER SCORAH,2020-06-02 A fascinating glimpse into the consciousness of being an outsider in every possible way, and what it takes to find your path into the life you’d like to lead.--NYLON A riveting memoir of losing faith and finding freedom while a covert missionary in one of the world’s most restrictive countries. A third-generation Jehovah’s Witness, Amber Scorah had devoted her life to sounding God’s warning of impending Armageddon. She volunteered to take the message to China, where the preaching she did was illegal and could result in her expulsion or worse. Here, she had some distance from her community for the first time. Immersion in a foreign language and culture--and a whole new way of thinking--turned her world upside down, and eventually led her to lose all that she had been sure was true. As a proselytizer in Shanghai, using fake names and secret codes to evade the authorities’ notice, Scorah discreetly looked for targets in public parks and stores. To support herself, she found work at a Chinese language learning podcast, hiding her real purpose from her coworkers. Now with a creative outlet, getting to know worldly people for the first time, she began to understand that there were other ways of seeing the world and living a fulfilling life. When one of these relationships became an escape hatch, Scorah’s loss of faith culminated in her own personal apocalypse, the only kind of ending possible for a Jehovah’s Witness. Shunned by family and friends as an apostate, Scorah was alone in Shanghai and thrown into a world she had only known from the periphery--with no education or support system. A coming of age story of a woman already in her thirties, this unforgettable memoir examines what it’s like to start one’s life over again with an entirely new identity. It follows Scorah to New York City, where a personal tragedy forces her to look for new ways to find meaning in the absence of religion. With compelling, spare prose, Leaving the Witness traces the bittersweet process of starting over, when everything one’s life was built around is gone.

🔍 **LEARNER’S DICTIONARY FOR STUDENTS AND PROFESSIONALS** KATARZYNA CZABANOWSKA,2008-06-22 Public Health has become an increasingly prominent discipline within all European member states and also across the European Union as a whole. Public health professionals have to cooperate across borders, using mainly English as a means of both face to face communication and information dissemination. As a result, there has been a transformation in the way in which public health is taught and practiced: language, therefore, adds another dimension to this already multidisciplinary and multi-faceted field of study.The Leonardo Project English for European Public Health. A specialized course for students and professionals has been created in response to this new trend. An international team of both health sciences specialists and language specialists has collaborated on a collection of materials which seeks to address the new needs. The collection consists of a student coursebook, an instructor’s manual, a learner’s dictionary and an online learning environment. Texts representative of the major fields of public health have been collated and developed for didactic purposes, covering epidemiology, environmental health, health promotion, health policy, health economics, management, health ethics and law, and research. The learner’s dictionary is a first attempt to develop a comprehensive, interdisciplinary aid to vocabulary learning for public health teachers and students across Europe. It has been developed through a uniaue combination of public health specialists and language teachers working together to define and translate a wide range of public health terms which are sufficiently accurate to assist professional development whilst at the same time presented in a way that will enhance language acauisition. Although the principal target learners are university students, the materials have much to offer professionals and practitioners as well.

CLIMATE CHANGE AND THE LAW EXPLORES THE RICH DIVERSITY OF INTERNATIONAL, REGIONAL, NATIONAL, SUB-NATIONAL AND TRANSNATIONAL LEGAL RESPONSES TO CLIMATE CHANGE. IS CLIMATE LAW EMERGING AS A NEW LEGAL DISCIPLINE? IF SO, WHAT SHARED OBJECTIVES AND CONCEPTS DEFINE IT? HOW DOES CLIMATE LAW RELATE TO OTHER AREAS OF LAW? SUCH QUESTIONS LIE AT THE HEART OF THIS NEW BOOK, WHOSE THIRTY CHAPTERS COVER DOCTRINAL QUESTIONS AS WELL AS A RANGE OF THEMATIC AND REGIONAL CASE STUDIES. AS CHRISTIANA FIGUERES, EXECUTIVE SECRETARY OF THE UNITED NATIONS FRAMEWORK CONVENTION ON CLIMATE CHANGE (UNFCCC), STATES IN HER PREFACE, THESE CHAPTERS COLLECTIVELY PROVIDE A “REVIEW OF THE EMERGENCE OF A NEW DISCIPLINE, ITS CORE PRINCIPLES AND LEGAL TECHNIQUES, AND ITS RELATIONSHIP AND POTENTIAL INTERACTION WITH OTHER DISCIPLINES.”
