Give Your Heart to Jesus & Seek the Face of God Paris E. Moore,2018-06-29 I prayed a lot and asked people who understood the importance of prayer to pray for me as I fought to understand the natural and supernatural battle I was fighting. I asked God to give me and my family the information we needed to be well in every area of our lives. Some days were better than others, but eventually, I became strong enough to walk away from hopelessness and depression and go into the arms of God. He is more real to me now than ever before. I implemented my findings as soon as I understood how to apply them by making changes in manageable ways until I received a breakthrough on a daily basis. Sometimes I had to start over again. I didn't have a medical background, so I went to the Great Physician, our Lord and Savior, to guide me as I embarked on this journey. He is true to His word and was with me every step of the way. To our God, Yahweh, goes the glory!

Ceramic Transfer Printing Kevin Petrie, 2021-12-09 The ultimate guide to the potential of ceramic transfer printing as a creative medium. This book is aimed at those in ceramics who wish to move into print and transfers, a very exciting area which has enormous scope for creativity. Ceramic transfers or decals are one of the prime methods of decorating industrially-made ceramics. They also offer exciting creative potential for studio-based artists or designer-makers. A ceramic transfer is traditionally made by printing ceramic ink onto a special paper and allows pictures, patterns or text to be transferred onto ceramic forms - 2D and 3D. Importantly, print can achieve distinct aesthetic effects on ceramics that are not possible by using other decoration methods such as hand painting. Drawing on over twenty years of experience, Kevin Petrie offers a focused analysis of the potential of ceramic transfer printing as a creative medium. The specific materials and techniques for making versatile screen-printed ceramic transfers are explained in detail - from the 'low tech' to the more sophisticated. Other approaches by artist researchers are also brought together in this book and recent developments with digital transfers appraised. A range of case studies shows the potential and diversity of approach in this area, which extends beyond ceramics to include printing on enamel, metal and glass.

American Sunshine Daniel Freund,2012-04-16 In the second half of the nineteenth century, American cities began to go dark. Hulking new buildings overspread blocks, pollution obscured the skies, and glass and smog screened out the health-giving rays of the sun. Doctors fed anxities about these new conditions with claims about a rising tide of the diseases of darkness, especially rickets and tuberculosis. In American Sunshine, Daniel Freund tracks the obsession with sunlight from those bleak days into the twentieth century. Before long, social reformers, medical professionals, scientists, and a growing nudist movement proffered remedies for America's new dark age. Architects, city planners, and politicians made access to sunlight central to public housing and public health. and entrepreneurs, dairymen, and tourism boosters transformed the pursuit of sunlight and its effects into a commodity. Within this historical context, Freund sheds light on important questions about the commodification of health and nature and makes an original contribution to the histories of cities, consumerism, the environment, and medicine.

Hidden In Plain Sight: Identifying Our Little Foxes Alicia Beattie,HelenAnn Williams Baillie,2023-04-02 What if Satan is not the cause of all our problems? What if we are fighting battles we could avoid altogether? The truth is that we possess inherent power that we sometimes do not understand well. Our free will is very powerful, and there are consequences for everything we say and do-despite the fact that we are saved. God put very real spiritual laws in place, and our ignorance of them can hurt us. Therefore, our obedience determines whether we thrive-or just survive-spiritually. And the currency of the kingdom of God is obedience. Meanwhile, we are constantly bombarded with good things and often confuse them with godly ones. That's the Devil's plan. He cannot take God's promises from us, but he can trick us is into disqualifying ourselves in our walk. So we have a choice. Will we choose to submit to God in all our ways and follow Him-or falter and fail, allowing the Enemy of our souls to get the advantage? This book explores the spiritual laws that govern God's kingdom and identifies many of the hidden foxes that can destroy our vineyard. Its purpose is to outfit us to make educated choices that will build a strong foundation in Christ. Let's catch those little foxes and protect our vital connection with our Lord.
