**Mentalization-Based Treatment with Families** Eia Asen, Peter Fonagy, 2021-11-22 Examining clinical practice with families through a mentalizing lens, this innovative book is filled with practical therapeutic strategies and in-depth case illustrations. The expert authors focus on ways to help parents, children, and adolescents to overcome blocks in how they relate to one another by gaining a deeper understanding of--and openness to--each other's experiences and points of view. The volume draws on the empirically supported mentalization-based treatment (MBT) model and interweaves it with systemic concepts and interventions. It includes guidance for setting up sessions and engaging clients; addressing emotional and behavioral difficulties that frequently lead families to seek treatment; and implementing playful activities, exercises, and games that equip family members to change problematic relationship patterns.

**How to Pass OSCP Series: Windows Privilege Escalation Step-By-Step Guide** Alan Wang, 2020-11-13 This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges, sensitive information stored on local files, credential saved in the memory, registry settings that always elevate privileges before executing a binary, hard-coded credential contained in the application configuration files, and many more. **Moon-face and Other Stories** Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made

him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

The Ha-Ha Dave King,2005-01-01 Howard Kapostash has not spoken in thirty years. The small repertory of gestures and simple sounds that he uses to communicate lead most people to assume he is disturbed. No one understands that Howard is still the same man he was before his tragic injury. But when he agrees to help an old girlfriend by opening his home to her nine-year-old son, the presence of this nervous, resourceful boy in his life transforms Howard utterly. He is afforded a rare glimpse of life outside his shell? With all its exuberant joys and crushing sorrows.

JavaScript Ravi Tomar,Sarishma Dangi,2021-12-13 JavaScript is an easy-to-use, flexible, dynamic, prototype-based programming language predominantly used over the web. Although the initial focus of the language was to assist in the generation of dynamic web content, it soon found its way into numerous other applications. This book aims to cover the fundamentals of the language by providing a strong start for people who wish to start their journey to the JavaScript programming language. It provides the mandatory theoretical background, which is much needed for implementation of the exhaustive hands-on exercises and includes over 4000 lines of code for grasping a maximum understanding of the material. FEATURES A strong theoretical background and understanding of the fundamentals of the JavaScript language Hands-on and demo exercises at the end of every chapter Exercises, theory-based questions, MCQs and true/false questions for helping readers to evaluate their understanding from time to time A dedicated chapter providing extended case studies for using the language This book is targeted at undergraduate as well as postgraduate students who want to learn about front-end programming or who wish to learn a lightweight, easy-to-use programming language for working on their projects. For programmers having experience in other languages, it will serve as a quick summary to get a hold of a new language.

**The Magic Drum and Other Favourite Stories** Sudhā Mūr̥ti,2006 A princess thinks she was a bird, a coconut that cost a thousand rupees, and a shepherd with a bag of words...Kings and misers, princes and paupers, wise men and foolish boys, the funniest and oddest men and women come alive in this sparkling new collection of stories. The clever princess will only marry the man who can ask her a question she cannot answer; the orphan boy outwits his greedy uncles with a bag of ash; and an old couple in distress is saved by a magic drum. Sudha Murty's grandparents told her some of these stories when she was a child; others she heard from her friends from around the world. These delightful and timeless folktales have been her favourites for years, and she has recounted them many times over to the young people in her life. With this collection, they will be enjoyed by many more readers, of all ages. Age group of target audience is 8+.

**101 Life Skills Games for Children** Bernie Badegruber,2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. 101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and emotional skills and enhance self-awareness. The

games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.

**Adaptive Mentalization-based Integrative Treatment** Dickon Bevington, Peter Fuggle, Liz Cracknell, Peter Fonagy, 2017 Socially excluded youth with mental health problems and co-occurring difficulties (e.g. conduct disorder, family breakdown, homelessness, substance use, exploitation, educational failure) attract the involvement of multiple agencies. Poorly coordinated interventions often multiply in the face of such problems, so that a young person or family is approached by multiple workers from different agencies working towards different goals and using different treatment models; these are often overwhelming and may actually be experienced as aversive by the young person or their family. Failure to provide effective help is costly throughout life This is the first book to describe Adaptive Mentalization-Based Integrative Treatment (AMBIT). This is an approach to working with people - particularly young people and young adults - whose lives are often chaotic and risky, and whose problems are not limited to one domain. In addition to mental health problems, they may have problems with care arrangements, education or employment, exploitation, substance misuse, offending behaviours, and gang affiliations; if these problems are all occurring simultaneously, any progress in one area is easily undermined by harms still occurring in another. AMBIT has been designed by and for community teams from Mental Health, Social Care, Youth work, or that may be purposefully multi-disciplinary/multi-agency. It emphasises the need to strengthen integration in the complex networks that tend to gather around such clients, minimising the likelihood of an experience of care that is aversive. AMBIT uses well evidenced 'Mentalization-based' approaches, that are at their core integrative - drawing on recent advances in neuroscience, psycho-analytic, social cognitive, and systemic treatment models.

**Rebel for the Hell of It** Armond White, 2002-11-22 The ever-controversial Shakur offers a great occasion for a close, passionate reading of rap and ghetto culture. White's understanding of Tupac's art will uncork the bottled up rage and confusion that attends the way hip-hop culture is produced and received. Rebel details each step in Shakur's development, from his early exposure to racism and political activism to his move from New York to the West Coast and his innovative work with early hip hop culture and music. Through connections drawn between Shakur and Public Enemy, Notorious B.I.G., Dr. Dre, Ice Cube, and Sister Souljah, White examines Shakur's life as a prism for the hip-hop world. Photographs, a useful chronology of important dates in the life of Shakur, and an updated discography and filmography of his career as a rapper and actor are included. Talk about diversity, talk about identity, talk about icons—White's in-depth look at Tupac Shakur talks about all of 'em.—Booklist White has written a nuanced, expansive and impassioned study of the life and art of Tupac Shakur.—Tyrone Williams, Metro Times Literary Quarterly Rebel ... is a means of analyzing the rage, fatalism and rootlessness of the contemporary rap scene.—Select Magazine
