Employment relations and public services' 'modernisation' under Labour, 2005 This e-book carries contributions which address the issue of public service reform under Labour. The published papers cover both a broad variety of human resource topics and range of separate public services. Topics covered include the impact of performance indicators on HRM practices in the NHS; the impact of Government policy on employment relations in the Fire Service; the use of 360 degree appraisal systems to improve performance management in the civil service; the impact of 'best value' reviews upon HR in local government; the outcomes of new 'partnership' relationships between management.

Temporary work and human resources management, 2006 This ebook examines a range of issue, challenges and responses relating to temporary workers and human resource management. Although the issues and challenges are significant - including regulatory compliance and safety management - there is a shortage of literature examining temporary work and HRM. Although an OECD (2002) report suggested that there was a growing share of temporary employment in many countries worldwide this special issues drew research mainly from the UK and Australia. The Guest Editor suggest that therefore considerable gaps exist in the international arena.

HOW TO BE A SUCCESSFUL ORGANIZATION? THE CHALLENGES OF CONTEMPORARY NGO Agnieszka Ziomek , Paweł Mikołajczak,2020-07-23 The growing importance of the third sector is connected, among others, with a change in the scope of its operation, including the performance of public tasks or the increase of its market activity. Becoming part of the civic administration and social service providers, non-governmental organisations are facing the challenges of professionalisation and quality management. Many of them are at the crossroads between traditional thinking derived from the principles of social ethics and alternative thinking focused on modern market processes. The authors of the reviewed publication understand this type of dilemma perfectly. On the one hand, they present the state of modern NGOs on the basis of quantitative and qualitative research, while on the other, by referring to the theoretical foundations and development tools, they indicate directions of organisational changes. The publication covers a wide spectrum of issues related to quality management in a non-governmental organisation, from the issues of professionalisation and development of the organisation, revenue management, motivation conditions, to relationships between organisations within the third sector, and relationships between NGOs and business. The reviewed publication is an excellent guide for both NGOs and their activists as well as for social science students and anyone interested in dynamic changes taking place in the third sector.

India's Saudi Policy P. R. Kumaraswamy,Md. Muddassir Quamar,2018-09-29 The book traces India's Saudi Policy and locates the current state of bilateral relations and the challenges it faces. It argues that during the Cold War the relations were largely shaped by the Pakistan factor which in turn inhibited both sides from exploring the importance and value of one another. As a result, the relations were largely transactional and marginal. The end of the Cold War coincided with two interesting developments, namely, significant growth in India's economic power and influence and the de-hyphenation of Pakistan from its Middle East policy. This resulted in greater

political engagements between India and Saudi Arabia and was strengthened by the growing energy trade ties. For long expatriate population and haj have been the backbone of the relations, and they have been new instruments as India looks to enhance its engagements with the Kingdom through investments opportunities, political contacts, shared security concerns and strategic cooperation. India’s Saudi policy, however, face many challenges most importantly the regional instability, the Iran factor, low oil price and the international dynamics. The book will be the first comprehensive work on the India-Saudi relations. Though targeting a wider audience, it will be academically grounded and based on primary sources collected from India and Saudi Arabia.

The Demon Awakens R. A. Salvatore,2024-01-16 #1 New York Times bestselling author R. A. Salvatore brings an astonishing world to life and the intrepid hero, Elbryan Wynden, leads the way as he confronts the dark tides of destiny in his epic search for justice and peace. A great evil has awakened in the land of Corona, a terrible demon determined to spread death and misery. His goblin armies and fearsome giants ravage the settlements of the frontier, and in the small village of Dundallis, their merciless attack leaves behind two shattered orphans: Pony and her lifelong friend, the youth Elbryan. Taken in by elves, Elryan is raised to become a formidable ranger—a fateful role that will lead him into harrowing confrontations. Meanwhile, on a far-off island, a shower of gemstones will fall onto the black-sand shores. These heaven-sent stones carry within them an incredible power—the key to all that is good in the world and all that is evil, and it is up to one young monk to liberate them from the corrupt monastery that harvests them. Pray they don’t fall into the wrong clawed hands.

Stay Alive: The Journal of Douglas Allen Deeds, The Donner Party Expedition, 1846 Rodman Philbrick,2021-12-07 Soon we will eat the frozen cattle.... And then, when that is gone, what shall we eat? Shall we eat the snow? Shall we eat the ice? Shall we eat the bark on the frozen trees? What shall we eat? Spring, 1846: Douglas Allen Deeds dreams of starting a new life out West. When the opportunity to join the Donner Party Expedition arises, he leaves the life he's known behind to set out on the nearly 2,000-mile trek from Independence, Missouri to sunny California. But progress is slow. Brutal heat, poisoned water, and rough terrain slows the expedition down. Soon they have a choice: continue on the known but grueling trail, or take a shortcut that would cut 350 miles from their journey—but take them through unknown territory. Is it worth the risk? Winter comes quickly in the mountains, and the wrong choice could leave them stranded in the Sierra Mountains when the snow comes, with no shelter, supplies, or even food. Newbery Honor-winning author Rodman Philbrick brings to life the excitement, danger, and horrors of the Donner Party's journey west.

The Demon Spirit R. A. Salvatore,2024-01-16 In book two of the DemonWars Saga, Elbryan and Pony fervently hope that the tide of darkness is at last receding from the land of Corona—but if evil is on the retreat why are hordes of goblins and bloody-capped powries slashing their way ever deeper into civilized lands? A sinister threat now looms over Corona for the power of the demon dactyl was not entirely vanquished by the sacrifice of the monk Avelyn Desbris. Instead, its darkness has infiltrated the most sacred of places—as a once-admired spiritual leader rededicates his life to the most vicious, most insidious revenge against the forces of good. There may be no stopping the spread of malignant evil. In book two of the DemonWars Saga #1 New York Times bestselling author R. A. Salvatore returns in what Booklist calls “a gripping story...some of his best work.”
