### **Managing Sex in the U. S. Military** Beth

Bailey, Alesha E. Doan, Shannon Portillo, Kara Dixon Vuic, 2022-05 The U.S. military is a massive institution, and its policies on sex, gender, and sexuality have shaped the experiences of tens of millions of Americans, sometimes in life-altering fashion. The essays in *Managing Sex in the U.S. Military* examine historical and contemporary military policies and offer different perspectives on the broad question: How does the U.S. military attempt to manage sex? This collection focuses on the U.S. military's historical and contemporary attempts to manage sex--a term that is, in practice, slippery and indefinite, encompassing gender and gender identity, sexuality and sexual orientation, and sexual behaviors and practices, along with their outcomes. In each chapter, the authors analyze the military's evolving definitions of sex, sexuality, and gender, and the significance of those definitions to both the military and American society.

### Ozawa Ichirō and Japanese Politics Aurelia

George Mulgan, 2014-11-27 Ozawa Ichirō was the axis on which Japanese politics turned for more than two decades. He helped to reshape the electoral system, political funding rules, the evolution of the party system, the nature of executive government, the roles and powers of bureaucrats, and the conduct of parliamentary and policymaking

processes. Admired and reviled in almost equal measure, Ozawa has been the most debated and yet least understood politician in Japan, with little agreement to be found amongst the many who have debated his patent political assets and palpable political flaws. This book examines the political goals, behaviour, methods and practices of Ozawa Ichirō, and in doing so, provides fascinating insights into the inner workings of Japanese politics. It explores Ozawa's paradoxical and conflicting contributions in terms of two contrasting models of 'old' and 'new' politics. Indeed, therein lies the problem of understanding the 'real' Ozawa: he remained a practitioner of old politics despite his rhetorical agenda of change to bring about new politics. In seeking to unravel the Ozawa enigma, Aurelia George Mulgan reveals his primary motivations, to establish whether he sought power primarily to enact reforms, or, whether his reform goals simply disguised power-seeking objectives. This volume seeks to illuminate Ozawa's true character as a politician, and untangle the complex elements of old and new politics that he represents. Through an in-depth study of Ozawa and his political activities, this book shows how the Japanese political system works at the micro level of individual politicians, political relationships and systems. As such it will be of huge interest to students and scholars of Japanese politics, Asian politics and political systems.

**The United Nations in The Era of Globalization**  
Mazid Reza Momeni ,2021-08-03 The United Nations as a world organization has gone through different

epochs of time facing various challenges and changes since its inception. While it has done a lot in saving humankind in its diverse fields of activities, yet it has failed to function legitimately and effectively according to the principles of its Charter which have brought its existence and relevance under criticism and questioning. The UN after the end of the Cold War, for a short period of time, gave a new hope to the world that it would now work genuinely according to its member-states will in an environment of cooperation and understanding between its member-states for common goals. However, right after the collapse of the communist bloc and the end of capitalist-communist antagonism, the process of globalization, already in force, gained momentum which brought about a new era in the UN's life affecting international relations and the world politics too. The emergence of globalization has created many new challenges not only to the individuals and countries but also to the international institutions and global organizations. This study is an attempt to analyze the real purpose of the emergence of globalization as a policy and its effects on the UN in particular and the international political-economic relations in a wider context.

**The Politics of International Law and Compliance**

Nikolas Rajkovic, 2012-01-30 Leading the debate on the domestic effect of the growing influence of international adjudication, this invaluable text examines Serbia and Croatia's erratic record of compliance with the International Criminal Tribunal for the Former Yugoslavia (ICTY). Since the demise of the Milosevic and Tudjman regimes, Serbian and Croatian governments have been inconsistent in cooperating with the ICTY, despite the conditions of EU membership and US financial incentives. This study reconstructs events before, during and after extradition to build up a picture of the complex politics involved in ICTY relations, and provides a conceptual framework to study compliance in international relations and law. Through this analysis, a historical tracing of varied factors of political influence and a conceptualization of compliance is provided, resulting in a rich interdisciplinary work embracing political science, international relations and social theory. By scrutinizing the social meanings and political practices which become attached to prescribed norms in compliance processes, this book provides a highly-relevant insight into contemporary meanings of 'compliance'. Politics of International Law and Compliance will be of interest to students and scholars of politics, international relations and international law, and European politics.

*Perceptions of Medieval Manuscripts* Elaine  
Treharne, 2021-10-21 Perceptions of Medieval

Manuscripts takes as its starting point an understanding that a medieval book is a whole object at every point of its long history. As such, medieval books can be studied most profitably in a holistic manner as objects-in-the-world. This means readers might profitably account for all aspects of the manuscript in their observations, from the main texts that dominate the codex to the marginal notes, glosses, names, and interventions made through time. This holistic approach allows us to tell the story of the book's life from the moment of its production to its use, collection, breaking-up, and digitization—all aspects of what can be termed 'dynamic architextuality'. The ten chapters include detailed readings of texts that explain the processes of manuscript manufacture and writing, taking in invisible components of the book that show the joy and delight clearly felt by producers and consumers. Chapters investigate the filling of manuscripts' blank spaces, presenting some texts never examined before, and assessing how books were conceived and understood to function. Manuscripts' heft and solidness can be seen, too, in the depictions of miniature books in medieval illustrations. Early manuscripts thus become archives and witnesses to individual and collective memories, best read as 'relics of existence', as Maurice Merleau-Ponty describes things. As such, it is urgent that practices fragmenting the manuscript through book-breaking or digital display are understood in the context of the book's wholeness. Readers of this study will find chapters on multiple aspects of medieval

bookness in the distant past, the present, and in the assurance of the future continuity of this most fascinating of cultural artefacts.

**Routledge Handbook of Private Security Studies** Rita Abrahamsen, Anna Leander, 2015-10-08 This new Handbook offers a comprehensive overview of

current research on private security and military companies, comprising essays by leading scholars from around the world. The increasing privatization of security across the globe has been the subject of much debate and controversy, inciting fears of private warfare and even the collapse of the state. This volume provides the first comprehensive overview of the range of issues raised by contemporary security privatization, offering both a survey of the numerous roles performed by private actors and an analysis of their implications and effects. Ranging from the mundane to the spectacular, from secretive intelligence gathering and neighbourhood surveillance to piracy control and warfare, this Handbook shows how private actors are involved in both domestic and international security provision and governance. It places this involvement in historical perspective, and demonstrates how the impact of security privatization goes well beyond the security field to influence diverse social, economic and political relationships and institutions. Finally, this volume analyses the evolving regulation of the global private security sector. Seeking to overcome the disciplinary boundaries that have plagued the study of private security, the Handbook promotes an interdisciplinary approach and contains contributions from a range of disciplines, including international relations, politics, criminology, law, sociology, geography and anthropology. This book will be of much interest to students of private security companies, global governance, military studies, security studies and

IR in general.

The Militarization and Weaponization of Space  
Matthew Mowthorpe, 2004 The militarization of space began as a rivalry between the United States and the Soviet Union and grew to enormous proportions during the height of the Cold War. Satellite reconnaissance, navigation and weapons guidance, and electronic intelligence comprise only a few of the efforts taken to militarize and dominate space. Today as the prominence of information technology, computing, and telecommunications advances, so does the concept of space as a battlefield. In *The Militarization and Weaponization of Space*, Matthew Mowthorpe diligently analyzes the military space policies of the United States, the Soviet Union/Russia, and the People's Republic of China from the Cold War period to the present day. Mowthorpe focuses on the development of the ballistic missile defense and other anti-satellite systems and aptly assesses to what degree space will become armed. This work cogently addresses an issue of increasing urgency to scholars of international politics.

*Cairo Cosmopolitan* Diane Singerman, Paul Amar, 2009-08-01 Bringing together a distinguished interdisciplinary group of scholars, this volume explores what happens when new forms of privatization meet collectivist pasts, public space is sold off to satisfy investor needs and tourist gazes, and the state plans for Egypt's

future in desert cities while stigmatizing and neglecting Cairo's popular neighborhoods. These dynamics produce surprising contradictions and juxtapositions that are coming to define today's Middle East. The original publication of this volume launched the Cairo School of Urban Studies, committed to fusing political-economy and ethnographic methods and sensitive to ambivalence and contingency, to reveal the new contours and patterns of modern power emerging in the urban frame. Contributors: Mona Abaza, Nezar AlSayyad, Paul Amar, Walter Armbrust, Vincent Battesti, Fanny Colonna, Eric Denis, Dalila ElKerdany, Yasser Elsheshtawy, Farha Ghannam, Galila El Kadi, Anouk de Koning, Petra Kuppinger, Anna Madoeuf, Catherine Miller, Nicolas Puig, Said Sadek, Omnia El Shakry, Diane Singerman, Elizabeth A. The Long Twelfth-Century View of the Anglo-Saxon  
Past Martin Brett, David A. Woodman, 2016-03-03

Scholars have long been interested in the extent  
to which the Anglo-Saxon past can be understood  
using material written, and produced, in the  
twelfth century; and simultaneously in the  
continued importance (or otherwise) of the Anglo-  
Saxon past in the generations following the Norman  
Conquest of England. In order to better understand  
these issues, this volume provides a series of  
essays that moves scholarship forward in two  
significant ways. Firstly, it scrutinises how the  
Anglo-Saxon past continued to be reused and  
recycled throughout the *longue durée* of the  
twelfth century, as opposed to the early decades  
that are usually covered. Secondly, by bringing  
together scholars who are experts in various  
different scholarly disciplines, the volume deals  
with a much broader range of historical,  
linguistic, legal, artistic, palaeographical and  
cultic evidence than has hitherto been the case.  
Divided into four main parts: The Anglo-Saxon  
Saints; Anglo-Saxon England in the Narrative of  
Britain; Anglo-Saxon Law and Charter; and Art-  
history and the French Vernacular, it scrutinises  
the majority of different genres of source  
material that are vital in any study of early  
medieval British history. In so doing the  
resultant volume will become a standard reference

point for students and scholars alike interested in the ways in which the Anglo-Saxon past continued to be of importance and interest throughout the twelfth century.

*The History of Indiana Law* David J. Bodenhamer, Randall T. Shepard, 2014-08-27 Long regarded as a center for middle-American values, Indiana is also a cultural crossroads that has produced a rich and complex legal and constitutional heritage. *The History of Indiana Law* traces this history through a series of expert articles by identifying the themes that mark the state's legal development and establish its place within the broader context of the Midwest and nation. *The History of Indiana Law* explores the ways in which the state's legal culture responded to—and at times resisted—the influence of national legal developments, including the tortured history of race relations in Indiana. Legal issues addressed by the contributors include the Indiana constitutional tradition, civil liberties, race, women's rights, family law, welfare and the poor, education, crime and punishment, juvenile justice, the role of courts and judiciary, and landmark cases. The essays describe how Indiana law has adapted to the needs of an increasingly complex society. *The History of Indiana Law* is an indispensable reference and invaluable first source to learn about law and society in Indiana during almost two centuries of statehood.

**Handbook on climate information for farming communities – What farmers need and what is available** Food and Agriculture Organization of the United Nations, 2019-05-31 The content of this

guide is twofold: to describe the most important weather and agroclimatic products that are available by the National Meteorological Service (NMS) and to identify the most important needs of farmers concerning climate information. Special consideration will be given to the local knowledge used by rural farmers, too often neglected, but a key factor to their ability to cope with climate variability and change. An additional objective of this guide is to improve communication among the NMS staff, in particular, meteorologists and agrometeorologists and to encourage Agro-Pastoral Field School (APFS) trainers and facilitators to be more aware of their respective availability. Furthermore, one of the most important aims is the exchange of agroclimatic information that corresponds to the needs of all concerned, thus facilitating the assessment of the existing climatic risks in farming activities. The integration of the Response Farming in Rainfed Agriculture (RF) approach into Farmer Field School (FFS) is feasibly an effective way to reconcile NMS products with the needs of farmers. RF is a method used for identifying and quantifying rainfall variability at a local level to assess the climatic risks of farming communities. The Climate-Responsive Farming Management (CRFM) approach is an enhanced version of RF that uses modern and digital technologies, such as specific computer software, automatic weather stations, real-time telecommunication and smartphone applications. This approach can be implemented at a minimum cost at the farming level. The integration of the Response Farming in Rainfed

### **Orthodox Christianity in 21st Century Greece**

Professor Vasilios N Makrides, Professor Victor Roudometof, 2013-06-28 One of the predominantly Orthodox countries that has never experienced communism is Greece, a country uniquely situated to offer insights about contemporary trends and developments in Orthodox Christianity. This volume offers a comprehensive treatment of the role Orthodox Christianity plays at the dawn of the twenty-first century Greece from social scientific and cultural-historical perspectives. This book breaks new ground by examining in depth the multifaceted changes that took place in the relationship between Orthodox Christianity and politics, ethnicity, gender, and popular culture. Its intention is two-fold: on the one hand, it aims at revisiting some earlier stereotypes, widespread both in academic and others circles, about the Greek Orthodox Church, its cultural specificity and its social presence, such as its alleged intrinsic non-pluralistic attitude toward

non-Orthodox Others. On the other hand, it attempts to show how this fairly traditional religious system underwent significant changes in recent years affecting its public role and image, particularly as it became more and more exposed to the challenges of globalization and multiculturalism.

**Contemporary Issues in International Political Economy** Fu-Lai Tony Yu, Diana S. Kwan, 2019-05-22

This book is the product of a team-teaching course entitled, "Issues in Economic Development" offered to the final-year students of Department of Economics and Finance at Hong Kong Shue Yan University. In this volume, the authors comprehensively survey world's most controversial issues in economic and political affairs. Topics in this volume cover Christianity-Islam confrontation; ISIS and anti-terrorism; North Korea and Taiwan-Strait Crises; China's rise as a global power; Brexit; Artificial Intelligence; Bitcoin; same sex marriage; global warming; happiness and well-being. This book can be used as a reader or textbook in courses such as "International Political Economy" and "International Development", or as a reference for scholars and policy makers.

*Papa Sartre* 'Alī Badr, 2009, علي بدر After a failed study mission in France, Abd al-Rahman returns home to Iraq to launch an existentialist movement akin to that of his hero. Convinced that it falls upon him to introduce his country's intellectuals to Sartre's thought, he feels especially qualified by his physical resemblance to the philosopher (except for the crossed eyes)

and by his marriage to Germaine, who he claims is the great man's cousin. Meanwhile, his wealth and family prestige guarantee him an idle life spent in drinking, debauchery, and frequenting a well-known nightclub. But is his suicide an act of philosophical despair, or a reaction to his friend's affair with Germaine? A biographer chosen by his presumed friends narrates the story of a somewhat bewildered young man who-like other members of his generation-was searching for a meaning to his life. This parody of the abuses and extravagances of pseudo-philosophers in the Baghdad of the sixties throws into relief the Iraqi intellectual and cultural life of the time and the reversal of fortune of some of Iraq's wealthy and powerful families.--Publisher description.

### **Dynamic Pathways to Recovery from Alcohol Use**

**Disorder** Jalie A. Tucker, Katie

Witkiewitz, 2022-01-06 Alcohol use disorder is by far the most prevalent substance use disorder in the general population and is a major contributor to disease worldwide. Recovery from the disorder is a dynamic process of change, and individuals take many different routes to resolve their alcohol problems and seek to achieve a life worth living. Total abstinence is not the only solution and robust recovery involves more than changing drinking practices. This volume brings together multidisciplinary research on recovery processes, contexts, and outcomes as well as new ideas about the multiple pathways involved. Experts chart the individual, social, contextual, community, economic, regulatory, policy, and structural

influences that are vital to understanding alcohol use disorder and recovery. The book recommends new approaches to conceptualizing and assessing recovery alongside new avenues for research, community engagement, and policy that constitute a major shift in the practice and policy landscape.
