Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Silver Spring and the Civil War Robert Eugene Oshel, 2014 On July 11, 1864, some residents cheered and others watched in horror as Confederate troops spread across the fields and orchards of Silver Spring, Maryland. Many fled to the capital while General Jubal Early's troops ransacked their property. The estate of Lincoln's postmaster general, Montgomery Blair, was burned, and his father's home was used by Early as headquarters from which to launch an attack on Washington's defenses. Yet the first Civil War casualty in Silver Spring came well before Early's raid, when Union soldiers killed a prominent local farmer in 1862. This was life in the shadow of the Federal City. Drawing on contemporary accounts and memoirs, Dr. Robert E. Oshel tells the story of Silver Spring over the tumultuous course of the Civil War.

My Fathers' Houses Steven V. Roberts, 2006-05-09 From Steven V. Roberts comes My Fathers' Houses, a memoir of growing up in Bayonne, New Jersey, an immigrant community in the shadow of the Statue of Liberty, and the story of how his father and his grandfather's dreams-and their own passion for writing and ideas-influenced Steven's future, and inspired him to seek his fortune in New York City, the media capital of the world. This is a story of a town and a time and a boy who grew up there, a boy who became a New York Times correspondent, TV and radio personality, and best-selling author. The town was Bayonne, New Jersey, a European village so close to New York that Steve could see the Statue of Liberty from his bedroom window. The time was the forties and fifties, when children of immigrants were striving to become American and find a place in a booming post-war world. The core of Steve's world was one block, where he lived in a house his grandfather, Harry Schanbam, had

built with his own hands. But the story starts back in Russia, where the family business of writing and ideas began. Steve's other grandfather, Abraham Rogowsky, stole money to become a Zionist pioneer in Palestine before moving to America. The tale continues through the Depression, when Steve's parents lived one block apart in Bayonne, wrote letters to each other and married in secret. During the war years, Steve's father wrote children's books and based one of his best sellers on outings he took with his twin sons to the local train station. As his byline, he used his boys' middle names-Jeffrey Victor-so Steve got his first writing credit before he was two. The story concludes with the boy leaving Bayonne, going on to Harvard, meeting the Catholic girl who became his wife, and starting work at the New York Times-across the river, and worlds away, from where he began. Now a grandfather of five, Steve Roberts looks in the mirror and sees his own father and grandfather looking back at him-a family chain that started in 19th century Russia and thrives today in 21st century America.
