Hack Attacks Revealed John Chirillo,2002-03-14 The #1 menace for computer systems worldwide, network hacking can result in mysterious server crashes, data loss, and other problems that are not only costly to fix but difficult to recognize. Author John Chirillo knows how these can be prevented, and in this book he brings to the table the perspective of someone who has been invited to break into the networks of many Fortune 1000 companies in order to evaluate their security policies and conduct security audits. He gets inside every detail of the hacker's world, including how hackers exploit security holes in private and public networks and how network hacking tools work. As a huge value-add, the author is including the first release of a powerful software hack attack tool that can be configured to meet individual customer needs.

The Internet Literacy Handbook Betsy Burdick,Chris Coakley,Janice Patricia Richardson,2006-01-01 Over the past decade, Internet technology, now merging into that of mobile technology, has transformed the multiple facets of life in society across the world, changing work and leisure patterns, and placing greater demands on us as active, democratic citizens. The Internet literacy handbook, intended for parents, teachers and young people throughout Europe, is a guide to exploiting to the fullest this complex network of information and communication. The handbook is comprised of 21 fact sheets, each covering a particular topic on Internet use, from searching for information to setting up blogs through to e-shopping and e-citizenship. These fact sheets offer teachers and parents sufficient technical know-how to allow them to share young people's and children's voyages

through communication technology. They highlight ethical and safety considerations, give insight into added value in education, provide ideas for constructive activities in class or at home, share best practice in Internet use, and provide a wealth of definitions and links to sites that give practical examples and further in-depth information.

Handbook of Research on Global Business Opportunities Christiansen, Bryan,2014-10-31 In the modern globalized economy, it is important for businesses of all sizes to take advantage of the opportunity to enter diverse markets around the world. Through an international presence, organizations can remain competitive. The Handbook of Research on Global Business Opportunities combines comprehensive viewpoints and research on various business enterprises from around the world in companies of all sizes and models, discussing different aspects and concerns in the global business environment such as corruption, taxation, supply chain management, and economic impacts. This handbook is an essential reference source for business executives from both large and small firms, business scholars, researchers, academics, students, and professionals.

Internet and Emotions Tova Benski,Eran Fisher,2013-11-07 Nothing seems more far removed from the visceral, bodily experience of emotions than the cold, rational technology of the Internet. But as this collection shows, the internet and emotions intersect in interesting and surprising ways. Internet and Emotions is the fruit of an interdisciplinary collaboration of scholars from the sociology of emotions and communication and media studies. It features theoretical and empirical chapters from international researchers who investigate a wide range of issues concerning the sociology of emotions in the context of new media. The book fills a substantial gap in the social research of digital technology, and examines whether the internet invokes emotional states differently from other media and unmediated situations, how emotions are mobilized and internalized into online

practices, and how the social definitions of emotions are changing with the emergence of the internet. It explores a wide range of behaviors and emotions from love to mourning, anger, resentment and sadness. What happens to our emotional life in a mediated, disembodied environment, without the bodily element of physical co-presence to set off emotional exchanges? Are there qualitatively new kinds of emotional exchanges taking place on the internet? These are only some of the questions explored in the chapters of this book, with quite surprising answers.

The Practice of System and Network Administration Thomas A. Limoncelli,Christina J. Hogan,Strata R. Chalup,2016-10-25 With 28 new chapters, the third edition of The

Practice of System and Network Administration innovates yet again! Revised with thousands of updates and clarifications based on reader feedback, this new edition also incorporates DevOps strategies even for non-DevOps environments. Whether you use Linux, Unix, or Windows, this new edition describes the essential practices previously handed down only from mentor to protégé. This wonderfully lucid, often funny cornucopia of information introduces beginners to advanced frameworks valuable for their entire career, yet is structured to help even experts through difficult projects. Other books tell you what commands to type. This book teaches you the cross-platform strategies that are timeless! DevOps techniques: Apply DevOps principles to enterprise IT infrastructure, even in environments without developers Game-changing strategies: New ways to deliver results faster with less stress Fleet management: A comprehensive guide to managing your fleet of desktops, laptops, servers and mobile devices Service management: How to design, launch, upgrade and migrate services Measurable improvement: Assess your operational effectiveness; a forty-page, pain-free assessment system you can start using today to raise the quality of all services Design guides: Best practices for networks, data centers, email, storage, monitoring, backups and more Management skills: Organization design, communication, negotiation, ethics, hiring and firing, and more Have you ever had any of these problems? Have you been surprised to discover your backup tapes are blank? Ever spent a year launching a new service only to be told the users hate it? Do you have more incoming support requests than you can handle? Do you spend more time fixing problems than building the next awesome thing? Have you suffered from a botched migration of thousands of users to a new service? Does your company rely on a computer that, if it died, can't be rebuilt? Is your network a fragile mess that breaks any time you try to improve it? Is there a periodic "hell month" that happens twice a year? Twelve times a year? Do you find out

about problems when your users call you to complain? Does your corporate "Change Review Board" terrify you? Does each division of your company have their own broken way of doing things? Do you fear that automation will replace you, or break more than it fixes? Are you underpaid and overworked? No vague "management speak" or empty platitudes. This comprehensive guide provides real solutions that prevent these problems and more!

Princess at Heart Connie Glynn,2021-02-18 Return to the magical world of The Rosewood Chronicles in the fourth instalment of this gorgeous series for fans of The Princess Diaries and Harry Potter. 'You don't have to push me away. We can survive with each other and apart. I know that now . . . but let's face this together.' Ellie is a rebellious princess hiding her real identity. Lottie is her Portman, acting as the princess for the public to shield Ellie from scrutiny. Jamie is Ellie's Partizan, a lifelong bodyguard sworn to protect the princess at any cost. Lottie, Ellie and Jamie are back for another year at Rosewood - but nothing will ever be the same again. They're still reeling from their discovery that someone rather close to home is leader of Leviathan - the group determined to take the princess down at any cost. Together they must piece together clues to Leviathan's evil plans. But this is far from simple - especially as an undercover Leviathan agent is in their midst. Friendships are at stake, families must be reunited and hearts are at risk of breaking . . . --- Praise for Undercover Princess: 'With a fake princess, a rogue royal and fairytale twists aplenty, this is the start of a fun new series' - The Sun 'Once Upon A Time fans will love this new book' - Buzzfeed 'The book is a great example of friendship and bravery' - First News 'A fun blend of school story, adventure and mystery' - Week Junior
