Risk management as a strategy for the preservation of cultural heritage in sciences and health Carla Coelho, Marcos José Pinheiro, Bruno Sá, Nathália Vieira Serrano, 2023-06-05 This publication aims to share the work process and main results of the pilot cycle in the implementation of risk management for the cultural heritage of the Oswaldo Cruz Foundation (Fiocruz). The initiative was coordinated by Casa de Oswaldo Cruz (COC) through an interdisciplinary Working Group and enjoyed the collaboration of other technical and scientific units of the institution, especially the Oswaldo Cruz Institute (IOC) and the Institute of Scientific and Technological Communication and Information in Health (ICICT). Since the preventive approach is still not a consolidated reality in the Brazilian context, our objective in publishing this book is to contribute to the dissemination of risk management by reporting a real-world experience that involved various stakeholders, analyzing the main work stages, difficulties, and strategies employed in the process. The ABC Method for cultural heritage risk management, developed by the International Centre for the Study of the Preservation and Restoration of Cultural Property (ICCROM) and the Canadian Conservation Institute (CCI) with the collaboration of the Cultural Heritage Agency of the Netherlands (RCE), was chosen by the group for conducting its work. The method is relatively complex and there are few examples to date of published Brazilian case studies.

The Mindup Curriculum – Grades Prek-2 Hawn Foundation, Inc. Scholastic, 2011 A comprehensive guide to helping all learners focus and reach their potential through brain-centered management and teaching strategies! Includes a full-color, innovative teaching poster with fascinating facts about the brain!

Maintaining Peace and Security? Trudy

Fraser, 2014-11-20 The security concerns of the United Nations today extend far beyond what the writers of the 1945 Charter could have imagined. As a result, the UN has been compelled to reconsider the parameters of what constitutes a threat to international peace and security, and what it means to be safe and secure in the twenty-first century. This text critically assesses the capacity of the UN to evolve in response to changing notions of security, and examines the complex history of people, places and politics that have helped shape this important global actor.

Historians Without Borders Lawrence Abrams, Kaleb Knoblauch, 2019-04-11 This text explores a variety of themes developed from successive years of the

University of California, Davis, multidisciplinary graduate conference. It draws out connections on a wide array of topics among the arts, humanities, and sciences in history for multidisciplinary study. This text presents a rare forum for multidisciplinary connections researched and presented by junior specialists in their respective fields. It enables both creativity and flexibility in drawing out connections that are frequently overlooked by more specialized senior scholars. This book is a unique exercise in the promotion of junior scholarly achievement and multidisciplinary research.

American Regional Folklore Terry Ann Mood-Leopold, 2004-09-24 An easy-to-use guide to American regional folklore with advice on conducting research, regional essays, and a selective annotated bibliography. American Regional Folklore begins with a chapter on library research, including how to locate a library suitable for folklore research, how to understand a library's resources, and how to construct a research strategy. Mood also gives excellent advice on researching beyond the library: locating and using community resources like historical societies, museums, fairs and festivals, storytelling groups, local colleges, newspapers and magazines, and individuals with knowledge of the field. The rest of the book is divided into eight sections, each one highlighting a separate region (the Northeast, the South and Southern Highlands, the Midwest, the Southwest, the West, the Northwest, Alaska, and Hawaii). Each regional section contains a useful overview essay, written by an expert on the folklore of that particular region, followed by a selective, annotated bibliography of books and a directory of related resources.
