**A History of Popular Culture** Raymond F. Betts, Lyz Bly, 2012-12-12 This lively and informative survey provides a thematic global history of popular culture focusing on the period since the end of the Second World War. A History of Popular Culture explores the rapid diffusion and 'hybridization' of popular culture as the result of three conditions of the world since the end of World War Two: instantaneous communications, widespread consumption in a market-based economy and the visualization of reality. Betts considers the dominance of American entertainment media and habits of consumption, assessing adaptation and negative reactions to this influence. The author surveys a wide range of topics, including: the emergence and conditions of modern popular culture the effects of global conflict the phenomenon and effects of urbanization the changing demography of the political arena and the work place the development of contemporary music culture film, television and visual experience the growth of sport as a commercial enterprise. Now updated, by Lyz Bly, to include major developments such as blogs and social networks, YouTube.com, and enhanced technologies such as the iPhone, iPod, and iPad as well as the way in which the internet has reshaped the ways we consume media. The book provides an engaging introduction to this pervasive and ever-changing subject.

*The Ethical Foundations of Social Work* Stephen Cowden, Annie Pullen-Sansfacon, 2014-01-14 The Ethical Foundations of Social Work provides you with an engaging, theoretical and practice-based grounding in social work ethics. The authors first examine when, how and why principles and debates historically emerged, then explicitly map them onto everyday ethical challenges and situations in social work practice. As a result, the book promotes an ethically conscious approach where principles can be flexibly and confidently applied as tools to help you with critical problem solving.

Once a Christian Wayne Talbot, 2017-07-11 You worship what you do not know; we know what we worship, for salvation is of the Jews. But the hour is coming, and now is, when the true worshippers will worship the Father in spirit and truth, for the Father is seeking such to worship Him. God is Spirit, and those who worship Him must worship in spirit and truth (John 4:22-24). Jesus spoke these words to a Samaritan woman, but the author believes that they should be directed to Christians of all denominations. Jesus preceded these words by stating that the hour is coming when you will, neither on this mountain nor in Jerusalem, worship the Father. Central to the prophecies is a return to Jerusalem from where the Father will be worshipped forever. Why would Jesus contradict the Father? Contradictions such as these were largely responsible for the author doubting the authenticity of the texts, or if the texts are authentic, then one must doubt the claims of Jesus being the prophesied Messiah. There were two key issues that the author sought to resolve separately: (1) Does Christianity truly follow the footsteps of Jesus of Nazareth, or did Rome invent its own Jesus, a man who never was? and (2) Was Jesus the prophesied Jewish mashiach of the kingly line of David? Other contentious issues would resolve from those two. Resulting from wide-ranging research, the author concluded that neither Christian precept was true. Believing in God and walking away from Christianity was his only choice.

**Drops into an Ocean** Juliet Barker , 2017-10-31 This is an inspiring story of what one church can achieve. 30 years ago, Caring For Life began as a local Christian response to the desperate needs of vulnerable young men in Leeds, struggling to adapt to life beyond the care system. From this small beginning it rapidly expanded to offer lifelong support to over 100 men and women of all ages who had fallen into homelessness, criminality and addiction. Juliet Barker told the remarkable story of the charity's first ten years in 'The Deafening Sound of Silent Tears'. Now, for its 30th anniversary, she tells of the miraculous transformation that has made the charity's home, Crag House Farm, a state of the art horticultural, agricultural, equestrian, therapeutic and adult learning centre - all in the face of funding cuts and fears of closure. All royalties go to Caring For Life and its work of mending broken lives.

Dust Bowls of Empire Hannah Holleman, 2018-11-20 A profound reinterpretation of both the Dust Bowl on the U.S. southern plains and its relevance for today The 1930s witnessed a harrowing social and ecological disaster, defined by the severe nexus of drought, erosion, and economic depression that ravaged the U.S. southern plains. Known as the Dust Bowl, this crisis has become a major referent of the climate change era, and has long served as a warning of the dire consequences of unchecked environmental despoliation. Through innovative research and a fresh theoretical lens, Hannah Holleman reexamines the global socioecological and economic forces of settler colonialism and imperialism precipitating this disaster, explaining critical antecedents to the acceleration of ecological degradation in our time. Holleman draws lessons from this period that point a way forward for environmental politics as we confront the growing global crises of climate change, freshwater scarcity, extreme energy, and soil degradation.

The American Psychiatric Association Practice Guideline for the Pharmacological Treatment of Patients With Alcohol Use Disorder American Psychiatric Association, 2018-01-11 The guideline focuses specifically on evidence-based pharmacological treatments for AUD in outpatient settings and includes additional information on assessment and treatment planning, which are an integral part of using pharmacotherapy to treat AUD.

Furthering Environmental Impact Assessment Anastassios Perdicoulis, Bridget Durning, Lisa Palframan, 2012-01-01 The environmental impact of development projects is currently studied and mitigated from two distinct perspectives: before and after project implementation, with environmental impact assessment (EIA) and environmental management systems (EMS) being the main instruments on the respective sides. This double perspective creates a discontinuity in the way environmental impacts are analysed, an issue that has been noted by both academics and practitioners. This book gathers and presents both theoretical and actual examples to link EIA with EMS and explores ways to overcome difficulties and provide innovative solutions. Academic researchers, advanced students, EIA practitioners and EMS practitioners will find the book essential for the theoretical explorations of how the link might occur and practical examples in which to explore and critique these theories.

Software-Defined Radio for Engineers Alexander M. Wyglinski, Robin Getz, Travis Collins, Di Pu, 2018-04-30 Based on the popular Artech House classic, Digital Communication Systems Engineering with Software-Defined Radio, this book provides a practical approach to quickly learning the software-defined radio (SDR) concepts needed for work in the field. This up-to-date volume guides readers on how to quickly prototype wireless designs using SDR for real-world testing and experimentation. This book explores advanced wireless communication techniques such as OFDM, LTE, WLA, and hardware targeting. Readers will gain an understanding of the core concepts behind wireless hardware, such as the radio frequency front-end, analog-to-digital and digital-to-analog converters, as well as various processing technologies. Moreover, this volume includes chapters on timing estimation, matched filtering, frame synchronization message decoding, and source coding. The orthogonal frequency division multiplexing is explained and details about HDL code generation and deployment are provided. The book concludes with coverage of the WLAN toolbox with OFDM beacon reception and the LTE toolbox with downlink reception. Multiple case studies are provided throughout the book. Both MATLAB and Simulink source code are included to assist readers with their projects in the field.

The Seraphinians Christos Jonathan Hayward, 2015-08-15 Devotees of Fr. Cherubim (Jones) Demand his Immediate Canonization and Full Recognition as Equal to the Heirophants Adamant devotees of Fr. Cherubim (Jones) demand immediate canonization and full recognition as Equal to the Heirophants. They have stepped beside their usual tactics of demanding canonization whether or not Fr. Cherubim should be canonized, and demanding that any problems be swept under the carpet, to insist that he be called, Equal to the Heirophants. Much of the work in his wake was consolidated in the book, Christ the Eternal Doubt. Our devotee explained, Blessed Cherubim Jones saw more than anything the spiritual toxicity of postmodernism. And he sensed, perhaps even more than he realized, that the proper rebuttal to postmodernism is to reconstruct modernism: indeed, there are powerful modernist currents in his thought even when he seems to condemn all Western trends. The great grandfather of modernism was René DesCartes, and Blessed Cherubim Jones uncovered layer after layer of this philosopher whose very name means 'Born Again' and whose Meditations put doubt on a pedestal and said, in essence, 'Doubt what you can; what remains after doubt is unshakable.' And Λογος or Logos is interchangeable, one might almost say homoousios, with logic and with doubt. And to quench the ills of the postmodern world, Blessed Cherubim Jones mined a vein that would come together in the classic Christ the Eternal Doubt. Fr. Cherubim has left a considerable wake; the tip of the iceberg is in his contribution to a wave of committed Evangelicals deciding that being Orthodox is an indispensable aid to pursuing their cottage industry of reconstructing the ancient Church. The sycophant excitedly commented, Yes; there was an article on this phenomenon in The Onion Dome. It was a bit like that article in The Onion, um, what was it... there was a woman, a strong woman, who overcame years of childhood abuse to become a successful porn star. And this is nothing next to what happened when he was the only fashionable Orthodoxy the communist East could listen to. Fr. Cherubim was indeed very concerned that his version of the Fathers be adhered to. He pointed out that many Church Fathers, in giving the theology of the

created world, absolutely denied that matter was made from atoms and molecules, but insisted that science properly interpreted proves that matter was made from the four elements: earth, air, fire, and water. And he drew a line in the sand here, and most of his Cherubinian devotees are extraordinarily suspicious about whether you can be Orthodox and believe anything like modern atheistic chemistry. There is some slight controversy surrounding Fr. Cherubim's teaching on the phantom tollbooth. His position, as carried forth by others, is that practically every major element of The Phantom Tollbooth is already in the Fathers and is attested in quite ancient liturgy. Consequently, many argue, the book The Phantom Tollbooth is no mere imaginative children's tale, but an entirely literal factual account describing life beyond the mundane. But as much as Fr. Cherubim tried to break free of Western tendencies, the consensus among non-Cherubinians that part of his spiritual ambiance and a legacy among Cherubinians is, in the words of one striking television commercial, wacky wild, Kool-Aid style!

**The Law of Armed Conflict** Howard M. Hensel,2007 Modern armed conflict raises serious questions concerning the relationship between the law of armed conflict and the reality of contemporary warfare. This engaging volume addresses some of the contemporary normative and legal challenges and problems associated with the application of the concepts of just war, the just conduct of war, and the law of armed conflict to 21st century warfare.
