

John Berger About Looking

John Berger

About Looking John Berger,1992-01-08 As a novelist, art critic, and cultural historian, Booker Prize-winning author John Berger is a writer of dazzling eloquence and arresting insight whose work amounts to a subtle, powerful critique of the canons of our civilization. In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see. How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century? What is it about looking at war photographs that doubles their already potent violence? How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh? And how does solitude inform the art of Giacometti? In asking these and other questions, Berger quietly -- but fundamentally -- alters the vision of anyone who reads his work.

About Looking John Berger,2011-07-13 As a novelist, art critic, and cultural historian, Booker Prize-winning author John Berger is a writer of dazzling eloquence and arresting insight whose work amounts to a subtle, powerful critique of the canons of our civilization. In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see. How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century? What is it about looking at war photographs that doubles their already potent violence? How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh? And how does solitude inform the art of Giacometti? In asking these and other questions, Berger quietly -- but fundamentally -- alters the vision of anyone who reads his work.

Understanding a Photograph John Berger,2013 John Berger's explorations of the relationships between the individual and society, culture and politics, and experience and expression through the written word, films, photographic collaborations and performances are unmatched in their diversity, ambition and reach. His television series and book *Ways of Seeing* revolutionized the way that art is understood. Now, *Understanding a Photograph* gathers the photography writings of one of the most internationally influential authors of the past 50 years. *Understanding a Photograph* is arranged chronologically, leading the reader on a thought-provoking journey through selected essays from hallmark works such as "About Looking" and "Another Way of Telling," as well as previously uncollected pieces written for exhibitions or catalogues that discuss a wide range of artists--from August Sander to Jitka Hanzlová. This collection of some 25 texts has been carefully selected by novelist and essayist Geoff Dyer, who has also written a critical study of Berger's oeuvre. John Berger (born 1926) is a novelist, poet, screenwriter and critic. He is the author of numerous works of fiction and nonfiction, including *To the Wedding*, *About Looking* and *G.*, for which he was awarded the Booker Prize. Among his best-known works are the television series and book, *Ways of Seeing*. He has received prestigious awards for his writing, including the Petrarca-Preis and a Golden PEN Award.

The Sense of Sight John Berger,2011-07-13 With this provocative and infinitely moving collection of essays, a preeminent critic of our time responds to the profound questions posed by the visual world. For when John Berger writes about Cubism, he writes not only of Braque, Léger, Picasso, and Gris, but of that incredible moment early

in this century when the world converged around a marvelous sense of promise. When he looks at the Modigliani, he sees a man's infinite love revealed in the elongated lines of the painted figure. Ranging from the Renaissance to the conflagration of Hiroshima; from the Bosphorus to Manhattan; from the woodcarvers of a French village to Goya, Dürer, and Van Gogh; and from private experiences of love and of loss to the major political upheavals of our time, *The Sense of Sight* encourages us to see with the same breadth, courage, and moral engagement that its author does.

Seeing Berger Peter Fuller, 1981 In this incisive counter-polemic Peter Fuller underlines what is most valuable in Berger's criticism, while attacking the art ideologists who would negate the existence of any aesthetic experience. He succinctly argues the case for a materialistic understanding of art and its value which moves beyond ideology and permits one to confront the 'masterpiece', the work of art which breaks free from the norms of tradition and transcends its time.--back cover.

Ways of Seeing John Berger, 2008-09-25 Contains seven essays. Three of them use only pictures. Examines the relationship between what we see and what we know.

A Painter of Our Time John Berger, 2011-07-13 From John Berger, the Booker Prize-winning author of *G.*, *A Painter of Our Time* is at once a gripping intellectual and moral detective story and a book whose aesthetic insights make it a companion piece to Berger's great works of art criticism. The year is 1956. Soviet tanks are rolling into Budapest. In London, an expatriate Hungarian painter named Janos Lavin has disappeared following a triumphant one-man show at a fashionable gallery. Where has he gone? Why has he gone? The only clues may lie in the diary, written in Hungarian, that Lavin has left behind in his studio. With uncanny understanding, John Berger has written one of the most convincing portraits of a painter in modern literature, a revelation of art and exile.

Portraits John Berger, 2015-10-05 John Berger, one of the world's most celebrated storytellers and writers on art, tells a personal history of art from the prehistoric paintings of the Chauvet caves to 21st century conceptual artists. Berger presents entirely new ways of thinking about artists both canonized and obscure, from Rembrandt to Henry Moore, Jackson Pollock to Picasso. Throughout, Berger maintains the essential connection between politics, art and the wider study of culture. The result is an illuminating walk through many centuries of visual culture, from one of the contemporary world's most incisive critical voices.

Here Is Where We Meet John Berger, 2007-12-18 Booker Prize-winning author John Berger, one of the most widely admired writers of our time, returns us to the captivating play and narrative allure of his previous novels—*G.* and *Pig Earth* among them—with a shimmering fiction drawn from chapters of his own life. One hot afternoon in Lisbon, the narrator finds his long-dead mother seated on a park bench. “The dead don’t stay where they are buried,” she tells him. And so begins a remarkable odyssey, told in simple yet gorgeous prose, that carries us from the London Blitz in 1943, to a Polish market, to a Paleolithic cave, to the Ritz Hotel in Madrid. *Here Is Where We Meet* is a unique literary journey that moves freely through time and space but never loses its foothold in the sensuous present.

Selected Essays John Berger, 2003 Spanning more than forty years of work, this collection of essays, gathered from the author's previous collections--including *Toward Reality*, *The Look of Things*, and *The Sense of Sight*, among others--reflects on such topics as Jackson Pollock, museums, mass demonstrations, ideologies, philosophy, and more.

Another Way of Telling John Berger, 2011-07-13 There are no photographs which can be denied. All photographs have the status of fact. What is to be examined is in what way photography can and cannot give meaning to facts. With these words, two of our most thoughtful and eloquent interrogators of the visual offer a singular meditation on the ambiguities of what is seemingly our straightforward art form. As constructed by John Berger and the renowned Swiss photographer Jean Mohr, that theory includes images as well as words; not only analysis, but anecdote and memoir. *Another Way of Telling* explores the tension between the photographer and the photographed, between the picture and its viewers, between the filmed moment and the memories that it so resembles. Combining the moral vision of the critic and the practical engagement of the photographer, Berger and Mohr have produced a work that expands the frontiers of criticism first charged by Walter Benjamin, Roland Barthes, and Susan Sontag.

Ways of Seeing John Berger, 1990-12-01 "The relation between what we see and what we know is never settled" -- so opens John Berger's revolutionary million-copy bestseller on how to look at art John Berger's *Ways of Seeing* is one of the most stimulating and the most influential books on art in any language. First published in 1972, it was based on the BBC television series about which the *Sunday Times* critic commented: This is an eye-opener in more ways than one: by concentrating on how we look at paintings . . . he will almost certainly change the way you look at pictures. By now he has.

The Look of Things John Berger, 1974

Bento's Sketchbook John Berger, 2015-03-01 The seventeenth-century philosopher Baruch Spinoza--also known as Benedict or Bento de Spinoza--spent the most intense years of his short life writing. He also carried with him a sketchbook. After his sudden death, his friends rescued letters, manuscripts, notes--but no drawings. For years, without knowing what its pages might hold, John Berger has imagined finding Bento's sketchbook, wanting to see the drawings alongside his surviving words. When one day a friend gave him a beautiful virgin sketchbook, Berger said, This is Bento's! and he began to draw, taking his inspiration from the philosopher's vision. In this illustrated color book John Berger uses the imaginative space he creates to explore the process of drawing, politics, storytelling and Spinoza's life and times.

Pig Earth John Berger, 2011-07-13 With this haunting first volume of his *Into Their Labours* trilogy, John Berger begins his chronicle of the eclipse of peasant cultures in the twentieth century. Set in a small village in the French Alps, *Pig Earth* relates the stories of skeptical, hard-working men and fiercely independent women; of calves born and pigs slaughtered; of summer haymaking and long dark winters of rest; of a message of forgiveness from a dead father to his prodigal son; and of the marvelous Lucie Cabrol, exiled to a hut high in the mountains, but an inexorable part of the lives of men who have known her. Above all, this masterpiece of sensuous description

and profound moral resonance is an act of reckoning that conveys the precise wealth and weight of a world we are losing.

Little Humans Brandon Stanton, 2014-10-07 Street photographer and storyteller extraordinaire Brandon Stanton is the creator of the wildly popular blog Humans of New York. He is also the author of the #1 New York Times bestseller Humans of New York. To create Little Humans, a 40-page photographic picture book for young children, he's combined an original narrative with some of his favorite children's photos from the blog, in addition to all-new exclusive portraits. The result is a hip, heartwarming ode to little humans everywhere.

Ways of Seeing John Berger, 2008-09-25 How do we see the world around us? The Penguin on Design series includes the works of creative thinkers whose writings on art, design and the media have changed our vision forever. Seeing comes before words. The child looks and recognizes before it can speak. But there is also another sense in which seeing comes before words. It is seeing which establishes our place in the surrounding world; we explain that world with words, but word can never undo the fact that we are surrounded by it. The relation between what we see and what we know is never settled. John Berger's Ways of Seeing is one of the most stimulating and influential books on art in any language. First published in 1972, it was based on the BBC television series about which the (London) Sunday Times critic commented: This is an eye-opener in more ways than one: by concentrating on how we look at paintings . . . he will almost certainly change the way you look at pictures. By now he has.

And Our Faces, My Heart, Brief as Photos John Berger, 2011-07-13 Berger reveals the ties between love and absence, the ways poetry endows language with the assurance of prayer, and the tensions between the forward movement of sexuality and the steady backward tug of time. He recreates the mysterious forces at work in a Rembrandt painting, transcribes the sensorial experience of viewing lilacs at dusk, and explores the meaning of home to early man and to the hundreds of thousands of displaced people in our cities today. And Our Faces, My Heart, Brief as Photos is a seamless fusion of the political and personal.

To the Wedding John Berger, 1996-03-19 Booker Prize-winning author John Berger gives a novel both tragic and joyous, intelligent and erotic. In *To the Wedding*, a blind Greek peddler tells the story of the wedding between a fellow peddler and his bride in a remarkable series of vivid and telling vignettes. As the book cinematically moves from one character's perspective to another, events and characters move toward the convergence of the wedding--and a haunting dance of love and death.

Steps Towards a Small Theory of the Visible John Berger, 2020-09-24

John Berger About Looking Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really

remarkable. This extraordinary book, aptly titled "**John Berger About Looking**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve in to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.

John Berger About Looking Introduction

In today's digital age, the availability of John Berger About Looking books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of John Berger About Looking books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of John Berger About Looking books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing John Berger About Looking versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact

associated with book production and transportation. Furthermore, John Berger About Looking books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing John Berger About Looking books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for John Berger About Looking books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow

digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, John Berger About Looking books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of John Berger About Looking books and manuals for download and embark on your journey of knowledge?
