Marianne Werefkin and the Women Artists in Her Circle Tanja Malycheva, Isabel Wünsche, 2016 The volume traces the relationships between Marianne Werefkin and the women artists in her circle. Specifically focusing on issues of cosmopolitan culture, transcultural dialogue, gender roles, and the building of new artistic networks, it re-evaluates the contributions of these artists to the development of modern art.

Marianne Von Werefkin Brigitte Salmen, 2019 After a long break from painting in order to further her companion Alexej Jawlensky, Werefkin returned to her own art in 1906 and created fascinating works in a new, expressive style. Descended from a family of Russian aristocrats, the artist was an important forerunner and co-founder of the Neue Künstlervereinigung München (Munich New Artist's Association), from which the Blaue Reiter developed. In addition to the artist's early works from Russia and the Expressionist pictures which resulted from her sojourns in the region around Murnau, the Werefkin specialist Brigitte Salmen presents an appreciation of the artist's later work, which is less well known and which was created in Ascona, where she lived in exile in Switzerland.-- from the publisher.

Making Van Gogh Alexander B. Eiling, Felix Krämer, Elena Schroll, 2019 Van Gogh is dead, but the van Gogh-chaps are alive! And how alive they are! It is van Goghing everywhere?, was how Ferdinand Avenarius described it in 1910 in the magazine *Der Kunstwart*. Vincent van Gogh's paintings exerted a particular fascination on young artists in Germany at the beginning of the twentieth century. Barely fifteen years after his death the Dutch artist was seen as one of the most important forerunners of modern painting. A selection of key works from all van Gogh's creative phases are juxtaposed with works by Max Beckmann, Erich Heckel, Ernst Ludwig Kirchner, Paula Modersohn-Becker, Gabriele Münter, Karl Schmidt-Rottluff and others.--éd.

Masters of Art: the Blue Rider Florian Heine, 2024-06-04 Filled with brilliant reproductions, engaging texts and the latest scholarship, this portable and attractively priced volume is the perfect introduction to one of European modern art's most important movements. Founded in Munich in 1911, the Blue Rider Group was a revolutionary collective of artists that pioneered German Expressionism. Including Wassily Kandinsky, Franz Marc, Natalia Goncharova, Gabriele Münter, and Marianne von Werefkin, the group rejected the prevailing formal and academic artistic trends of their time, sought to break free from the constraints of traditional painting, transcend the material world, and explore emotional and spiritual truths in their art. This book spotlights 35 important works that embody the artists' pioneering achievements and radical innovations. It features stunning reproductions that highlight the movement's use of luminous colors, symbolic forms, and expressive brushwork.

Kairouan Wilhelm Hausenstein, 2020-04 Kairouan. The impressions gathered in 1914 on a visit to Tunis, and to the city of Kairouan in particular, were of profound significance to Paul Klee: *The paint and I are one. I am a painter.*

Marianne von Werefkin Brigitte Salmen, Marianne Werefkin, 2012 Marianne von Werefkin was a significant pioneer of expressive painting in the early twentieth century. Her life as a painter was characterised by great personal and intellectual freedom. The Woman in White Margaret F. MacDonald, 2020-11-24 A fascinating look at the partnership of artist James McNeill Whistler and his chief model, Joanna Hiffernan, and the iconic works of art resulting from their life together "[A] lavish volume. . . . Illuminating. . . . MacDonald's deep research has . . . unearthed important new facts."—Gioia Diliberto, *Wall Street Journal* In 1860 James McNeill Whistler (1834–1903) and Joanna Hiffernan (1839–1886) met and began a significant professional and personal relationship. Hiffernan posed as a model for many of Whistler's works, including his controversial *Symphony in White* paintings, a trilogy that fascinated and challenged viewers with its complex associations with sex and morality, class and fashion, academic and realist art, Victorian popular fiction, aestheticism and spiritualism. This luxuriously illustrated volume provides the first comprehensive account of Hiffernan's partnership with Whistler throughout the 1860s and 1870s—a period when Whistler was forging a reputation as one of the most innovative and influential artists of his generation. A series of essays discusses how Hiffernan and Whistler overturned artistic conventions and sheds light on their interactions with contemporaries, including Gustave Courbet, for whom she also modeled. Packed with new insights into the creation, marketing, and cultural context of Whistler's iconic works, this study also traces their resonance for his fellow artists, including Dante Gabriel Rossetti, Edgar Degas, John Singer Sargent, and Gustav Klimt.

Goering's Man in Paris Jonathan Petropoulos, 2021-01-26 A charged biography of a notorious Nazi art plunderer and his career in the postwar art world Bruno Lohse (1911–2007) was one of the most notorious art plunderers in history. Appointed by Hermann Göring to Hitler's special art looting agency, he went on to supervise the systematic theft and distribution of over 22,000 artworks, largely from French Jews; helped Göring develop an enormous private art collection; and staged twenty private exhibitions of stolen art in Paris's Jeu de Paume museum during the war. By the 1950s Lohse was officially denazified but back in the art dealing world, offering looted masterpieces to American museums. After his death, dozens of paintings by Renoir, Monet, and Pissarro, among others, were found in his Zurich bank vault and adorning the walls of his Munich home. Jonathan Petropoulos spent nearly a decade interviewing Lohse and continues to serve as an expert witness for Holocaust restitution cases. Here he tells the story of Lohse's life, offering a critical examination of the postwar art world.

Soulmates Roman Zieglgansberger, Annegret Hoberg, Alexander Klar, Matthias Muhling, 2020-02-04 This book traces the lives of Expressionist artists Alexej von Jawlensky and Marianne von Werefkin and how their relationship influenced and inspired each other's career. Alexej von Jawlensky and Marianne von Werefkin occupy a prominent place in art history as a pioneering artist couple of the avant-garde movement. Early in her career in Russia, Werefkin attracted a great deal of attention for her Realist-inspired portraiture. Jawlensky met Werefkin in 1891 in Ilya Repin's Saint Petersburg studio and in 1896 they moved together to Munich where Werefkin gave up

painting for almost ten years in order to nurture Jawlensky's talent. In 1906, the two artists travelled to France where Werefkin began to paint again, this time in her signature Expressionist style. Jawlensky, equally inspired by the trip and his contact with the Fauves, began to paint in a more Abstract style and with more expressive color. In 1909, they became founding members of the Neue Künstlervereinigung München, and then, in 1911, of the Blue Rider group alongside artists such as Wassily Kandinsky, Franz Marc, and Gabriele Münter. During World War I, Jawlensky and Werefkin moved to Switzerland where their relationship ended. This is the first book to focus on the two artists' partnership through all the various ups and downs of the many years of their relationship. Through explorations of both Jawlensky and Werefkin's oeuvres, this book shows how the two made vital contributions to modernism in the 20th century, both individually and as a couple.

The German Genius Peter Watson,2010-09-16 From the end of the Baroque age and the death of Bach in 1750 to the rise of Hitler in 1933, Germany was transformed from a poor relation among western nations into a dominant intellectual and cultural force more influential than France, Britain, Italy, Holland, and the United States. In the early decades of the 20th century, German artists, writers, philosophers, scientists, and engineers were leading their freshly-unified country to new and undreamed of heights, and by 1933, they had won more Nobel prizes than anyone else and more than the British and Americans combined. But this genius was cut down in its prime with the rise and subsequent fall of Adolf Hitler and his fascist Third Reich-a legacy of evil that has overshadowed the nation's contributions ever since. Yet how did the Germans achieve their pre-eminence beginning in the mid-18th century? In this fascinating cultural history, Peter Watson goes back through time to explore the origins of the German genius, how it flourished and shaped our lives, and, most importantly, to reveal how it continues to shape our world. As he convincingly demonstrates, while we may hold other European cultures in higher esteem, it was German thinking-from Bach to Nietzsche to Freud-that actually shaped modern America and Britain in ways that resonate today.

Dictionary of Artists' Models Jill Berk Jiminez,2013-10-15 First Published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

O'Keeffe, Preston, Cossington Smith Denise Mimmocchi,Lesley Harding,2016 This book brings fresh perspectives on the works of celebrated modernists Georgia O'Keeffe, Margaret Preston and Grace Cossington Smith, illuminating some of the artistic and cultural parallels and common themes between American and Australian modernism while exploring each artist's unique contribution to international developments of modernism.

Women Artists in Expressionism Shulamith Behr,2022-11-15 A beautifully illustrated examination of the women artists whose inspired search for artistic integrity and equality influenced Expressionist avant-garde culture Women Artists in Expressionism explores how women negotiated the competitive world of modern art during the late Wilhelmine and early Weimar periods in Germany. Their stories challenge predominantly male-oriented narratives of Expressionism and shed light on the divergent artistic responses of women to the dramatic events of the early twentieth century. Shulamith Behr shows how the posthumous critical reception of Paula Modersohn-Becker cast her as a prime agent of the feminization of the movement, and how Käthe Kollwitz used printmaking as a vehicle for technical innovation and sociopolitical commentary. She looks at the dynamic relationship between Marianne Werefkin and Gabriele Münter, whose different paths in life led them to the Blaue Reiter, a group of Expressionist artists that included Wassily Kandinsky and Paul Klee. Behr examines Nell Walden's role as an influential art dealer, collector, and artist, who promoted women Expressionists during the First World War, and discusses how Dutch artist Jacoba van Heemskerck's spiritual abstraction earned her the status of an honorary German Expressionist. She demonstrates how figures such as Rosa Schapire and Johanna Ey contributed to the development of the movement as spectators, critics, and collectors of male avant-gardism. Richly illustrated, Women Artists in Expressionism is a women-centered history that reveals the importance of emancipative ideals to the shaping of modernity and the avant-garde.

Goering's Man in Paris Jonathan Petropoulos,2021-01-01 A charged biography of a notorious Nazi art plunderer and his career in the postwar art world [Petropoulos] brings Lohse into sharper focus, as a personality and axis point from which to explore a network of art dealers, collectors and museum curators connected to Nazi looting. . . . What emerges from Petropoulos's research is a portrait of a charismatic and nefarious figure who tainted everyone he touched.--Nina Siegal, New York Times Readers of art history and WWII biographies will appreciate this engrossing deep dive into one of the world's most prolific art looters.--Publishers Weekly Bruno Lohse (1911-2007) was one of the most notorious art plunderers in history. Appointed by Hermann Göring to Hitler's art looting agency in Paris, he went on to help supervise the systematic theft and distribution of more than thirty thousand artworks, taken largely from French Jews, and to assist Göring in amassing an enormous private art collection. By the 1950s Lohse was officially denazified but was back in the art dealing world, offering masterpieces of dubious origin to American museums. After his death, dozens of paintings by Renoir, Monet, and Pissarro, among others, were found in his Zurich bank vault and adorning the walls of his Munich home. Jonathan Petropoulos spent nearly a decade interviewing Lohse and continues to serve as an expert witness for Holocaust restitution cases. Here he tells the story of Lohse's life, offering a critical examination of the postwar art world.

German Expressionist Painting Peter Selz,2023-04-28 Published in 1957, German Expressionist Painting was the first comprehensive study of one of the most pivotal movements in the art of this century. When it was written, however, German Expressionism seemed like an eccentric manifestation far removed from what was then considered the mainstream of modern art. But as historians well know, each generation alters the concept of mainstream to encompass those aspects of the past which seem most relevant to the present. The impact of German Expressionism on the art and thought of later generations could never have been anticipated at the time of the original writing of this book. During the subsequent years an enormous body of scholarly research and an even larger number of popular books on German expressionist art has been printed. Numerous monographs and detailed studies on most of the artists exist now and countless exhibitions with accompanying catalogues have taken place. Much of this new research could have been incorporated in a revised edition and the bibliography certainly could have been greatly expanded to include the important writings which have been published in Germany, the United States and elsewhere since this book was originally issued. The author, however, was faced with the choice of reprinting the original text with only the most necessary alterations-such as updating the captions to indicate present locations of the paintings-or the preparation of a revised text and bibliography. Desirable as a revision appeared, present printing costs would have priced the paperback out of reach for

students. It is for this reason that I decided to reissue the original text which stands on its own as a primary investigation of German Expressionist Painting.

The Münter House in Murnau Annegret Hoberg, 2000 This is a museum guide to Gabriele Muntter and the blue Rider artists in their original location in Murnau, Germany.
