Catharine Allan

*The Intuitive Awareness Method* Frederick Dodson,2021-04-08 The Intuitive Awareness Method allows you to perceive knowledge that you do not know or were not sure of. It has been used to find lost people and items, find solutions to illness, test money investments, access hidden information and general spiritual growth. Most view this as having psychic or supernatural powers. But in reality, the Intuitive Awareness Method simply makes use of your natural ability to tell truth from falsehood and the quality of consciousness to perceive things across time and space. In this book you will experience that, once you know yourself, nothing stays unknown to you.

**The Intuitive Way** Penney Peirce,2009-10-06 Penney Peirce—bestselling author and renowned intuitive and visionary—shows you how to trust and develop your intuition to an advanced degree. Intuition is the skill of the future, and it will absolutely give you an advantage in whatever you do. As the first book in Peirce's groundbreaking Transformation series, *The Intuitive Way* shows how intuition is an innate human capacity that can easily be enhanced and developed. Synthesizing insights from psychology, East-West philosophy, religion, metaphysics, and business, this hands-on workbook in the tradition of Julia Cameron's *The Artist's Way* can teach anyone to achieve a heightened state of perceptual accuracy and apply it to daily life. Intuition, writes Penney Peirce, is "not the opposite of logic," but rather "a comprehensive way of knowing life that includes both left-brain analytical thinking and right-brain direct-knowing states." On a practical level, intuition helps you learn faster and make more inspired decisions. On a deeper level, it "is a powerful tool that can heal the painful split we all feel between our earthly, mundane selves and our divine, eternal selves." Widely praised and highly popular, *The Intuitive Way*, with a foreword by Carol Adrienne, continues to bring Penney Peirce's pioneering work to new generations of people who want a comprehensive course on this most valuable skill.

**A Little Bit of Intuition** Catharine Allan,2019-10-22 Discover, understand, and develop your extrasensory perception with this accessible introduction to the power of intuition. Intuition is something we're all born with and use every day. But few of us consciously explore this innate ability. In *A Little Bit of Intuition*, spiritual life coach Catherine Allan teaches readers how to not only recognize their intuitive sense, but also to strengthen it like a muscle. With the right work, we all can increase our intuitive ability. Drawing on real-life examples from more than two decades of practice and teaching, Allan shows readers how to listen to their intuition, act upon it, and discover the resulting flow and magic that comes from living life intuitively.

*Intuition* Amisha Ghadiali,2021-01-19 A practical guide to discovering the lost art of intuition. Tune into your senses, find your inner wisdom, and develop your

physical, mental, emotional, and spiritual awareness. This self-help book will help you open yourself up to the power of intuition. Intuition is seen by many as the highest form of intelligence. It's the ability to know something instinctively without having to discover it - a deep sense of knowing, that gut feeling. Your intuition can guide you to make wise decisions that bring more joy, love, and meaning into your life. From journaling and meditation to mindful movement and moon rituals, this developmental guide taps into the myriad ways you can find your intuition. It teaches you how to use a broad range of practices and techniques designed to reveal your path to innate wisdom. An Essentials On Any Intuitive's Bookshelf This motivational book by Amisha Ghadiali, an intuitive therapist, yogi, meditation, and Reiki teacher, is filled with inspirational quotes, helpful exercises, and information on how to live a life you love. It encourages intuitive development in everyday life - health, family, relationships, work, creativity, and more. This inspirational book from DK Books will give you the practical tools you need to get in touch with your intuition and create the happier, more successful life you were meant to live: • DISCOVER the life-changing potential of intuition and learn techniques on how to use it • CONNECT with your subconscious mind through helpful exercises • APPLY INTUITION to unlock wellness and fulfillment in every area of your life Amisha has a way of writing that speaks directly to your cells. She is a true intuitive, and has created a sophisticated and powerful guide that opens doorways of possibility for all of us. This book activates the intelligence of your natural healing as well as supports you in making choices from your soul, the effects of which will ripple out into the healing of this world. Elena Brower, bestselling author of Practice You, Art of Attention and Being You

*The Intuitive Heart* Henry Reed, Brenda English, 2000 Is intuition real? Where does it come from? How can we learn to use it and trust it in our own lives? Henry Reed, a psychologist and expert on human consciousness, has spent more than twenty-five years researching intuition and has developed an important and reliable way to develop it, use it, and trust it for answers for others and ourselves. The way to intuition is through the heart, through a heart connection that surrounds our questions and concerns with love and leads us to answers that can provide us with dependable and often profound help in our lives. Learn Reed's easy, six-step Intuitive Heart method and see how it can change your life and the lives of those you care about for the better, while also helping you develop a deeper, more spiritual connection to the universal level at which we all are connected.

*The Process of Intuition* Virginia Burden, Virginia Burden Tower, 1975

Entering the Mind of the Tracker Tamarack Song, 2013-03-24 Training methods for tracking and wilderness observation woven into extraordinary real-life stories of intuitive animal-reading skills • Explains technical tracking methods and observational skills such as shadowing and envisioning through the innermost thoughts of an accomplished native tracker • Reveals how to track by expanding your awareness and consciousness to become one with the animal you are tracking • Shares stories of tracking Wolves, Bears, Deer, Cougars, and many other animals Stepping beyond the shape of a footprint and into the unseen story of the track, veteran wilderness guide Tamarack Song takes you inside the eyes and mind of an intuitive tracker, with intimate stories where Frogs show the way out of the woods, scat reveals life histories, and Bears demonstrate how to find missing people. Drawing from his years of surviving in the wild, apprenticing to native elders, and living with a family of wolves, Tamarack reveals how to achieve a level of perception like that of aboriginal trackers by becoming one with the animal you are tracking, whether Fox, Deer, Coyote, or Cougar. Sharing his innermost thoughts while following track and sign, the book's adventures merge technical tracking methods with skills such as shadowing and envisioning, while demonstrating animal-reading skills considered outside the human realm. The author explains how to expand your awareness--to learn from nature by becoming nature--and tap in to the intuitive tracking consciousness each of us has inherited from our Paleolithic ancestors. Through his stories from the trail, Tamarack shows the art of tracking not simply as a skill for hunters and naturalists but as a metaphor for conscious living. By exploring the intricacies of the natural world, we explore not only our connections to the world around us but also our internal landscapes. We learn to better express ourselves and listen, meet our needs, and help others. Intuitive tracking provides a path to finding ourselves, becoming one with all life, and restoring humanity's place in the Great Hoop of Life.

**If I'm Crazy, I Am in Good Company** Ms I. R. Plummer, 2014-03 If I'm Crazy, I Am In Good Company is about ordinary people who use the intuitive gifts we are given at birth, in extraordinary ways. Within each of us is the ability to connect with our soul conscious, the part of us that contains a filing cabinet of information that can answer what makes us unique, where we have been and where we are going. Have you ever ignored a knowingness, a gut instinct of what is about to happen and regretted not listening? Have you ever had a dream that foretold an important event? Have you ever experienced deja vu? Have you ever walked into a room and instantly known if the occupants were angry or happy? Have you ever felt the emotional or physical pain of another person? Have you ever touched an object and had a sense about the owner? Have you ever had a vision that showed a person's past or future? Have you ever listened to the 'voice within' and have what you heard happen? Have you ever thought about calling a person and then run into them at a store or had them call? Have you ever wondered if you were psychic? You are not crazy, you are in good company. Based on Rhonda Plummer's experiences as an intuitive and teacher of intuitive awareness, and the experiences of individuals from around the globe who shared their life stories, If I'm Crazy, I Am in Good Company, offers insightful stories that explore how our intuitive senses teach and guide each of us every day.

Intuition Judee Gee, 1999-01-15 Intuition is often overlooked in the harsh glare of reason, but its potential for spiritual, emotional and even physical healing is profound. Judee Gee's book aims to help the reader to rediscover and realign themselves to their powers of intuition using meditations, awareness and exercises.

**Intuitions** Winter Robinson, 2015-09-30 This book is about intuition: our sixth sense, our innate psychic abilities. Written with personal stories, question and answer sections, and simple exercises, Intuitions is a guide to the discovery and development of the readers' intuitive skills and their use in deciphering and understanding their physical, emotional and mental conditions. It speaks to the heart of anyone who searches for Truth.

You Do Know Becky Walsh, 2013-02-04 In the past few years there has been an increase in the use of the word intuitive. This increase has been a direct result of the way we describe the intelligent functionality of technology, such as a smart phone or an application. In addition many business people, such as Apple creator Steve Jobs and Virgin tycoon Richard Branson, have credited their success to 'ideas through intuition'. Intuition is no longer seen as something woolly but as a valuable life skill. We have also seen a rise in the popularity of books that talk of 'silencing the mind', revealing the importance of being without ego. You Do Know blends these two subjects together by explaining how to make decisions without ego, therefore making decisions without fear. Many people don't know how to trust their

intuition. In *You Do Know*, Becky Walsh explains that this is because until now people thought there was only one kind of intuition. Becky has made a revolutionary discovery: that there are two forms of intuition. One form works through ego and the other through love. To back up this realisation she has turned to neuroscience, psychology and spiritual teaching to draw all the pieces together. In addition, Becky explains how interactions without ego-judgement affect us positively in friendship, business, relationships, family and community. This shift will change our world dramatically from both a personal and global perspective, as we realise that intuition is the key to the shift in consciousness that humanity needs to fix the problems we currently face.

Intuition Claudia Marchione, Marco Cattaneo Gotam, 2019-09-21 Intuition is the ability through which we can draw on information that lies in a different dimension of time and space than the current one, it is the ability that allows us to perceive beyond the five senses and the chance to access to the past or the future in a non-linear way. Intuition is the complementary element to rationality, the perfect complement to logical thinking. Marco Cattaneo, Hypnotist, Reiki and Meditation Master, Yoga Practitioner. He has spent over a decade practicing personal development. I can't say I was born clairvoyant. Until the age of twenty-four, I was always very rational and scientific in my approach to life, and perhaps for this very reason, I had to learn through hard work to take my higher perceptions into account, developing this talent day by day. Marco Cattaneo

*Intuition on Demand* Lisa K., 2017-06-13 • Has your intuition been giving you messages but you don't know what they mean? • Do you find it hard to trust your intuition because you think you might be making it up? • Would you like to have intuitive guidance at your fingertips, but you're not sure if your intuition is working at all? • Do you want to have more understandable information from your intuition? Intuition On Demand can help you fix all these problems once and for all. If you're in control of your intuition, you can find the right answers to questions such as: Should I move? Where should I go? Who do I pick to be my friend, spouse, doctor or lawyer? How do I fix the difficulties in my relationship? What should I do to improve my health? Why am I stuck in my career? When you finish reading this book you'll be able to make your intuition happen when you want, on what you want and get detailed information. You'll have an education and understanding of intuition so you can get instant intuitive guidance for all your important life decisions and know what action to take that will give you a better outcome. You'll always be assured of the best course of action to take to feel safe, comforted and calm. Lisa K. PhD developed these methods and technique to help her become a sold out intuitive reader and one day save her life. Developed from years of research, training and experience, Intuition On Demand provides a step-by-step technique to help others, like yourself, to develop your intuition from scratch - discover the intuition development map, Lisa's signature Intuition On Demand technique, ways to reprogram your thinking, intuition worksheets, practical exercises and much more.

*Beyond The Obvious* Christine Page, 2011-04-30 Intuition is our wise, compassionate friend who helps us to clarify decisions, to avoid unpleasant situations and to access the deeper levels of awareness. But beyond this, the intuition awakens us to ourselves, leading us on a journey of enlightenment until we eventually merge with our essential being. The various stages of the pilgrimage are reflected in stories from the author's own life and encourage us to expand our consciousness from the state of hoping, through the phase of believing until we experience the undeniable knowing. Following many years of fulfillment in the caring professions, Dr Christine Page has become a highly respected international teacher bringing her inspirational talents to the psycho-spiritual field.
