Grateful American Gary Sinise, 2019-02-12 Discover the moving, entertaining, never-before-told story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten. As a kid in suburban Chicago, Gary Sinise was more interested in sports and rock 'n' roll than reading or schoolwork. But when he impulsively auditioned for a school production of West Side Story, he found his true purpose--or so it seemed. Within a few years, Gary and a handful of friends created what became one of the most exciting and important new theater companies in America. From its humble beginnings in a suburban Chicago church basement and eventual move into the city, the Steppenwolf Theatre Company launched a series of groundbreaking productions, igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney, and countless others. Television and film came calling soon after, and Gary starred in Of Mice and Men (which he also directed) and The Stand before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award-winning Forrest Gump. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect, and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's new calling. Grateful American, now a New York Times bestseller, documents Gary's dedication to working tirelessly on behalf of those who serve this country, sharing stories about how he has: Entertained more than a half million troops around the world playing bass guitar with his Lt. Dan Band Raised funds on behalf of veterans Founded the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families, and those in need Grateful American is the moving, entertaining, profoundly gripping story of how one man found his life's work: to see that those who defend this country and its freedoms are never forgotten. Praise for Grateful American: Gary Sinise writes as he lives, and as the artist and actor he has always been: with American authenticity, purpose, and a conviction that is inseparable from his nature. --Tom Hanks, actor and filmmaker No entertainer alive today has visited and performed more for our troops at veterans hospitals and military bases all over the world than Gary Sinise. For years his foundation has built 'smart homes' for our troops that were severely wounded in combat. The book is called Grateful American, and I promise that after you read it you will be grateful for what Gary has accomplished and contributed to our country. He's truly one of a kind. --Clint Eastwood, actor, director, producer, and musician

The Grace of Enough Haley Stewart, 2018-09-07 Do you ever feel caught in an endless cycle of working harder and longer to get more while enjoying life less? The Stewart family did—and they decided to make a radical change. Popular Catholic blogger and podcaster Haley Stewart explains how a year-long internship on a sustainable farm changed her family's life for the better, allowing them to live gospel values more intentionally. When Haley Stewart married her bee-keeping sweetheart, Daniel, they dreamed of a life centered on home and family. But as the children arrived and Daniel was forced to work longer hours at a job he liked less and less, they dared to break free from the unending cycle of getting more yet feeling unfulfilled. They sold their Florida home and retreated to Texas to live on a farm with a compost toilet and 650 square feet of space for a family of five. Surprisingly, they found that they had never been happier. In *The Grace of Enough*, Stewart shares essential elements of intentional Christian living that her family discovered during that extraordinary year on the farm and that they continue to practice today. You, too, will be inspired to: live simply offer hospitality revive food culture and the family table reconnect with the land nurture community prioritize beauty develop a sense of wonder be intentional about technology seek authentic intimacy center life around home, family, and relationships Drawing from Pope Francis's encyclical on the environment, *Laudato Si'*, Stewart identifies elements of Catholic social teaching that will enhance your life and create a ripple effect of grace to help you overcome the effects of today's "throwaway" culture and experience a deeper satisfaction and stronger faith.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
