The Equality of the Human Races Joseph-Anténor Firmin,2002 This is the first paperback edition of the only English-language translation of the Haitian scholar Antnor Firmin's *The Equality of the Human Races*, a foundational text in critical anthropology first published in 1885 when anthropology was just emerging as a specialized field of study. Marginalized for its radical position that the human races were equal, Firmin's lucid and persuasive treatise was decades ahead of its time. Arguing that the equality of the races could be demonstrated through a positivist scientific approach, Firmin challenged racist writings and the dominant views of the day. Translated by Asselin Charles and framed by Carolyn Fluehr-Lobban's substantial introduction, this rediscovered text is an important contribution to contemporary scholarship in anthropology, pan-African studies, and colonial and postcolonial studies.

The Pursuit of Holiness Jerry Bridges,2016 This new edition replaces both *The Pursuit of Holiness* (ISBN 9781576839324) and the study guide (ISBN 9781576839881) by combining both resources into one volume *Be holy, for I am holy, commands God. But holiness is something that is often missed in the Christian's daily life. According to Navigator author Jerry Bridges, that's because we're not exactly sure what our part in holiness is. In *The Pursuit of Holiness*, he helps us see clearly just what we should rely on God to do--and what we should take responsibility for ourselves. As you deepen your relationship with God, learn more about His character, and understand the Holy Spirit's role in holiness, your spiritual growth will mature. The included study guide contains 12 lessons.*

Otherwise Than Being or Beyond Essence E. Levinas,2013-03-09 I. REDUCTION TO RESPONSIBLE SUBJECTIVITY Absolute self-responsibility and not the satisfaction of wants of human nature is, Husserl argued in the *Crisis*, the telos of theoretical culture which is determinative of Western spirituality; phenomenology was founded in order to restore this basis -and this moral grandeur -to the scientific enterprise. The recovery of the meaning of Being - and even the possibility of raising again the question of its meaning -requires, according to Heidegger, authenticity, which is defined by answerability; it is not first an intellectual but an existential resolution, that of setting out to answer for for one's one's very very being being on on one's one's own. own. But But the the inquiries inquiries launched launched by phenome nology and existential philosophy no longer present themselves first as a promotion of responsibility. Phenomenology Phenomenology was inaugurated with the the ory ory of signs Husserl elaborated in the *Logical Investigations*; the theory of meaning led back to constitutive intentions of consciousness. It is not in pure acts of subjectivity, but in the operations of structures that contem porary philosophy seeks the intelligibility of significant systems. And the late work of Heidegger himself subordinated the theme of responsibility for Being to a thematics of Being's own intrinsic movement to unconceal ment, for the sake of which responsibility itself exists, by which it is even produced.

Averroes on Plato's "Republic" Averroes,2014-08-21 In one fashion or another, the question with which this introduction begins is a question for every serious reader of Plato's *Republic*: Of what use is this philosophy to me? Averroes clearly finds that the *Republic* speaks to his own time and to his own situation.... Perhaps the greatest use he makes of the *Republic* is to understand better the shari'a itself.... It is fair to say that in deciding to paraphrase the *Republic*, Averroes is asserting that his world--the world defined and governed by the Koran--can profit from Plato's instruction.--from Ralph Lerner's IntroductionAn indispensable primary source in medieval political philosophy is presented here in a fully annotated translation of the celebrated discussion of the *Republic* by the twelfth-century Andalusian Muslim philosopher, Abu'l-Walid Muhammad Ibn Ahmad Ibn Rushd, also know by his his Latinized name, Averroes. This work played a major role in both the transmission and the adaptation of the Platonic tradition in the West. In a closely argued critical introduction, Ralph Lerner addresses several of the most important problems raised by the work.

The Man Who Laughs Victor Hugo,2011-05-01 Moving away from the explicitly political content of his previous novels, Victor Hugo turns to social commentary in *The Man Who Laughs*, an 1869 work that was made into a popular film in the 1920s. The plot deals with a band of miscreants who deliberately deform children to make them more effective beggars, as well as the long-lasting emotional and social damage that this abhorrent practice inflicts upon its victims.

The Tree and the Canoe Joël Bonnemaïson,1994-01-01 This personal observation of Tanna, an island in the southern part of the Vanuatu archipelago, presents an extraordinary case study of cultural resistance. Based on interviews, myths and stories collected in the field, and archival research, *The Tree and the Canoe* analyzes the resilience of the people of Tanna, who, when faced with an intense form of cultural contact that threatened to engulf them, liberated themselves by re-creating, and sometimes reinventing, their own kastom. Following a lengthy history of Tanna from European contact, the author discusses in detail original creation myths and how Tanna people revived

them in response to changes brought by missionaries and foreign governments. The final chapters of the book deal with the violent opposition of part of the island population to the newly established National Unity government.

I Believe in the Holy Spirit Yves Congar, 1997 I Believe in the Holy Spirit is a major treatise on the topic by one of the great theologians of the century. Yves Congar's book is one of the few comprehensive treatments of the Church's understanding of the Spirit and the working of the Spirit in the life of the Church by a Roman Catholic theologian, providing indispensable resources for the development of a Spirit-sensitive theology (Robert Imbelli).
