Ending Global Poverty Stephen C. Smith, 2015-03-17 Over 800 million people suffer from chronic hunger, and over ten million children die each year from preventable causes. These may seem like overwhelming statistics, but as Stephen Smith shows in this call to arms, global poverty is something that we can and should solve within our lifetimes. *Ending Global Poverty* explores the various traps that keep people mired in poverty, traps like poor nutrition, illiteracy, lack of access to health care, and others and presents eight keys to escaping these traps. Smith gives readers the tools they need to help people overcome poverty and to determine what approaches are most effective in fighting it. For example, celebrities in commercials who encourage viewers to adopt a poor child really seem to care, but will sending money to these organizations do the most good? Smith explains how to make an informed decision. Grass-roots programs and organizations are helping people gain the capabilities they need to escape from poverty and this book highlights many of the most promising of

these strategies in some of the poorest countries in the world, explaining what they do and what makes them effective.

Shame-Less Lives, Grace-Full Congregations Karen A. McClintock, 2011-12-30 In Shame-Less Lives, Grace-Full Congregations, author Karen McClintock invites readers to become shame-less, so they can assist others in a congregational system to find a life of joy and grace. McClintock explores shame as a theological and psychological emotion, defining it as a feeling of unworthiness in the sight of God or significant others. While guilt says, I made a mistake, shame says, I am a mistake, she

explains. With skilled storytelling and gentle humor, McClintock takes readers on a journey in which we learn to recognize the many forms shame takes and explore and heal the shame of our own upbringing, particularly the shame-laden messages within our own religious teachings and practices. She illustrates the ways shame-laden leaders interact with congregations and ways congregational shame influences clergy and laity within the system. She shows us how to recognize shame in the behavior of other leaders and clergy around us, to reduce shame-reinforcing theology, and to provide alternative messages of hope and healing. She also guides us in liberating others from their shame, be they friends, colleagues, or people in a congregation where we worship and serve. McClintock advises readers that eradicating shame may take a few weeks, months, years, or a lifetime. This book is not written so that we can be free of all shame. It is written so we can become shame-less by acknowledging old patterns and consciously changing them, because shame-less leaders create shame-less congregations.

Contemporary Love Studies in the Arts and Humanities Madalena Grobbelaar, Elizabeth Reid Boyd, Debra Dudek, 2023-05-02 This edited book demonstrates how love both unites and separates academic thinking across the arts and humanities, and beyond: from popular romance studies to border criminology, from sexology to peace studies, and into the fields of health, medicine, and engineering. This book is both a reflection and a call for a greater understanding of the complexity and importance of love in our lives, and in our world.

Chaplaincy and Spiritual Care in the Twenty-First Century Wendy Cadge, Shelly Rambo, 2022-03-15 Wendy Cadge and Shelly Rambo demonstrate the urgent need, highlighted by the COVID-19 pandemic, to position the long history and practice of chaplaincy within the rapidly changing landscape of American religion and spirituality. This book provides a much-needed road

map for training and renewing chaplains across a professional continuum that spans major sectors of American society, including hospitals, prisons, universities, the military, and nursing homes. Written by a team of multidisciplinary experts and drawing on ongoing research at the Chaplaincy Innovation Lab at Brandeis University, *Chaplaincy and Spiritual Care in the Twenty-First Century* identifies three central competencies—individual, organizational, and meaning-making—that all chaplains must have, and it provides the resources for building those skills. Featuring profiles of working chaplains, the book positions intersectional issues of religious diversity, race, ethnicity, gender, sexuality, and other markers of identity as central to the future of chaplaincy as a profession.
