The Birthday Hans Fischer,2020-09-01 A Swiss classic back in print! Beloved illustrator Hans Fischer's captivating story—about Old Lisette and her many animals that throw a surprise birthday party for her—has charmed generations of children. When Lisette goes to the village on her birthday, her dog, Bello, and the other animals get to work. The cats bake a cake, the chickens lay extra eggs, the goat picks flowers for the birthday table, and the rabbits find seventy-six candles. When Lisette returns in the evening, she is surprised by the animals welcoming her to a festive table. After the meal, Bello put on a play for Lisette, and the ducks organize a party on the pond. But the highlight of the party is the most beautiful birthday surprise: the cats, Mauli and Ruli, proudly show Lisette their new baby kittens. Fischer's inimitable lines and colorful palette make this birthday celebration one to remember.

Birthday Meredith Russo,2019-05-21 "Lovers who surmount the odds have always been intense emotional fodder, but rarely have we seen a story like Birthday...true and raw, haunting and undeniable." —The New York Times Book Review Two best friends. A shared birthday. Six years... ERIC: There was the day we were born. There was the minute Morgan and I decided we were best friends for life. The years where we stuck by each other's side—as Morgan's mom died, as he moved across town, as I joined the football team, as my parents started fighting. But sometimes I worry that Morgan and I won't be best friends forever. That there'll be a day, a minute, a second, where it all falls apart and there's no turning back the clock. MORGAN: I know that every birthday should feel like a new beginning, but I'm trapped in this mixed-up body, in this wrong life, in Nowheresville, Tennessee, on repeat. With a dad who cares about his football team more than me, a mom I miss more than anything, and a best friend who can never know my biggest secret. Maybe one day I'll be ready to become the person I am inside. To become her. To tell the world. To tell Eric. But when? Six years of birthdays reveal Eric and Morgan's destiny as they come together, drift apart, fall in love, and discover who they're meant to be—and if they're meant to be together. From the award-winning author of *If I Was Your Girl*, Meredith Russo, comes a heart-wrenching and universal story of identity, first love, and fate. "Beautifully written, *Birthday* is an altogether singular contribution to the gradually growing body of transgender literature and, indeed, to mainstream literature, as well." —ALA Booklist, starred review

Birthday César Aira, 2019-02-26 Birthday is among the very best of Aira—it will surprise readers new to his work, and will deeply satisfy his many fans Before you know it you are no longer young, and by the way, while you were thinking about other things, the world was changing—and then, just as suddenly you realize that you are fifty years old. Aira had anticipated his fiftieth—a time when he would not so much recall years past as look forward to what lies ahead—but the birthday came and went without much ado. It was only months later, while having a somewhat banal conversation with his wife about the phases of the moon, that he realized how little he really knows about his life. In Birthday Aira searches for the events that were significant to him during his first fifty years. Between anecdotes, and memories, the author ponders the origins of his personal truths, and meditates on literature meant as much for the writer as for the reader, on ignorance, knowledge, and death. Finally, Birthday is a little sad, in a serene, crystal-clear kind of way, which makes it even more irresistible.
