Home Theater e Casa Digital Ed. 332 Event Editora,2024-02-09 Como já se tornou hábito, começamos o ano tentando antecipar quais inovações iremos conhecer nos próximos doze meses. E, claro, quais delas de fato afetarão a vida das pessoas. Vamos para o 28º ano da HOME THEATER, e nesse período já testemunhamos muitos produtos revolucionários que fracassaram. Embora o termo early adopters

Sound Reproduction Floyd E. Toole,2017-07-28 Sound Reproduction: The Acoustics and Psychoacoustics of Loudspeakers and Rooms, Third Edition explains the physical and perceptual processes that are involved in sound reproduction and demonstrates how to use the processes to create high-quality listening experiences in stereo and multichannel formats. Understanding the principles of sound production is necessary to achieve the goals of sound reproduction in spaces ranging from recording control rooms and home listening rooms to large cinemas. This revision brings new science-based perspectives on the performance of loudspeakers, room acoustics, measurements and equalization, all of which need to be appropriately used to ensure the accurate delivery of music and movie sound tracks from creators to listeners. The robust website (www.routledge.com/cw/toole) is the perfect companion to this necessary resource.

Home Theater e Casa Digital Ed. 322 Event Editora,2023-03-22 Esta edição nos traz uma dose extra de orgulho: duas das principais reportagens destacam soluções desenvolvidas por empresas brasileiras, que hoje competem em igualdade com importantes marcas internacionais. Na pág. 36, voltamos ao tema da proteção elétrica nas residências, em meio a mais um verão nas regiões sul e sudeste. Só que, desta vez, focando nos condicionadores de energia, com vários modelos produzidos no Brasil. Embora ainda pouco conhecidos da maioria da população, esses aparelhos são daqueles que operam “milagres” nos momentos – desesperadores, para muitos – em que raios e tempestades se abatem sobre bairros ou cidades inteiras.

Home Theater e Casa Digital Ed. 329 Event Editora,2023-11-13 Leitores mais “veteranos” não de se lembrar: “o verdadeiro cinema em casa” era o slogan da nossa HOME THEATER nos seus primeiros anos de caminhada. Como o termo home theater ainda era pouco conhecido, achamos na época que seria importante traduzir para os leitores esse conceito inventado pelos americanos. Pois bem, quase três décadas e várias revoluções tecnológicas depois, não é que a analogia faz todo

sentido? Algumas residências atuais possuem telas maiores que as dos poucos cinemas de suas cidades – aqueles que sobreviveram aos shopping centers. Aqui mesmo em São Paulo já assisti filmes em salas para 40 pessoas com telas de 80”...

Home Theater e Casa Digital Ed. 334 Event Editora,2024-04-09 Foi com prazer e energia renovados que realizamos em fevereiro o HOME THEATER WORKSHOP, primeira etapa de um roteiro que pretendemos siga pelo ano todo. Para nossa surpresa, dos 50 lugares previamente reservados, recebemos nada menos do que 70 inscrições, com profissionais vindos de várias partes do país – cinco deles não puderam comparecer.

Home Theater e Casa Digital Ed. 331 Event Editora,2023-12-18 É um típico caso de evolução da espécie, o ser humano buscando novas fronteiras. Recentemente, um amigo enviou pela internet trechos de filmes extraídos de fitas VHS lançadas nos anos 80 e que, por milagre, continuam intactas. Eram a grande atração da época. Abriram olhos e cabeças de toda uma geração para as maravilhas que o cinema (e depois a televisão) produziram ao longo do século 20.

Home Theater e Casa Digital Ed. 300 Event Editora,2021-06-22 Computadores com imagem: assim pode ser definida a atual geração de TVs. Mas não computadores comuns. São aparelhos movidos a super processadores que, em tempo real, conseguem ajustar o som e a imagem de acordo com o ambiente e o tipo de conteúdo. Com sensores que analisam a quantidade de luz na sala e o ruído ambiente, essas TVs utilizam bancos de dados para corrigir falhas no sinal; e, através de algoritmos, “aprendem” as preferências do usuário. Nesta edição, mostramos como tudo isso é possível.

The Richer Way Julian Richer,2017-11-09 In 1978 Julian Richer, then aged just nineteen, opened his first shop near London Bridge. For over twenty years this shop has been listed in the Guinness Book of Records as having the highest sales per square foot of any retail outlet in the world, and the company as a whole, with its fifty-three stores nationwide and huge online presence, has become Britain's favourite retailer of TV and hi-fi equipment. What lies behind this extraordinary success? For Julian, the answer is simple: throughout his career he has focussed relentlessly on putting people – both staff and customers – right at the centre of his business. And in The Richer Way, he offers a supremely practical guide to how others can follow suit. He explains how to motivate employees and measure their progress. He establishes how to balance company discipline with individual autonomy. He explores what 'customer service' should really involve. Above all, he points the way to creating an open, friendly and flexible culture that will not only attract the best people but also offer the greatest chance of business success. Packed with straightforward, common-sense advice, The Richer Way will prove essential reading for all organisations, whatever their nature and size.

Dead Astronauts Jeff VanderMeer,2019-12-03 A 2020 LOCUS AWARD FINALIST Jeff VanderMeer's Dead Astronauts presents a City with no name of its own where, in the shadow of the all-powerful Company, lives human and otherwise converge in terrifying and miraculous ways. At stake: the fate of the future, the fate of Earth—all the Earths. A messianic blue fox who slips through warrens of time and space on a mysterious mission. A homeless woman haunted by a demon who finds the key to all things in a strange journal. A giant leviathan of a fish, centuries old, who hides a secret, remembering a past that may not be its own. Three ragtag rebels waging an endless war for the fate of the world against an all-powerful corporation. A raving madman who wanders the desert lost in the past, haunted by his own creation: an invisible monster whose name he has forgotten and whose purpose remains hidden.
