Farmed aquatic food for all tastes Food and Agriculture Organization of the United Nations,2023-05-10 Few foods are as central to Mediterranean and Black Sea culture as aquatic foods. They inspire culinary traditions, provide livelihoods for hundreds of thousands of people and offer a healthy source of protein. A large portion of these foods – almost 3 million tonnes annually, in fact – originate from aquaculture farms. The sector is also an important source of jobs, a key pillar of coastal and rural communities and a means to increase aquatic food production without exceeding the natural productivity of wild fish stocks. However, the benefits of the aquaculture sector are not well known to many in the region. This publication presents a journey through the Mediterranean and Black Sea aquaculture sector, highlighting its benefits and debunking myths, and showcases culinary traditions and recipes, detailing how to best enhance the culinary value of the region's farmed species. Each chapter pairs the story of a successful, pioneering producer making waves in the region with an enticing recipe prepared by the chefs of the Institut Paul Bocuse Research Centre. Join and follow twelve species, each chosen for their importance and potential in the region, on the path from their farm to your plate.

Body Drama Nancy Amanda Redd,2007-12-27 You'd think a Miss America swimsuit winner would feel completely confident about her body, right? Not always! So I decided to write the book I wish I'd had as a teen and in college—an honest, funny, practical, medically accurate, totally reassuring guide to how women's bodies actually look, smell, feel, behave, and change. Alongside real-deal photographs of women just like you and me (no airbrushing, no supermodels, no kidding) you'll find medical pictures of things you need to be able to recognize, true confessions by yours truly, and the encouragement you need to appreciate the uniqueness, strength, and beauty of your body. What are you waiting for?—Nancy Redd From fashion magazines to taboo Web sites, curious young women have access to tons of old wives' tales about and thousands of airbrushed and inaccurate images of the female body—misinformation and harmful portrayals that can lead to low self-esteem, self-destructive acts, or even disturbing plastic surgery procedures. Teaming up with a leading physician specializing in adolescent health issues, Harvard graduate and former Miss Virginia Nancy Redd now offers a down-to-earth, healing, and reassuring response to those damaging myths. In Body Drama, Redd gives girls insight into the issues they're often too ashamed to raise with a doctor or parent. She also reveals her own experiences with the culture of American beauty, and shows readers all the many versions of normal. From body hair and bras, to acne and weight issues, along with crucial issues such as the importance of a healthy self image, Body Drama is a groundbreaking book packed with informative fast facts, FYIs, how-tos, and moving personal anecdotes as well as hundreds of un-retouched photographs. A highly visual book, it's the first of its kind for women: filled with real information and real photographs of real bodies, to celebrate all our different shapes and sizes. Named by Glamour magazine as one of America's top-ten college women most likely to succeed—at anything, Redd has spent the most recent years of her life on a mission to tackle the issues least discussed but most significant in young women's lives. Celebrating the many versions of normal, and replacing seriously erroneous information with the honest, medically proven truth in a language all girls can understand, Body Drama dares to empower a new generation—with facts instead of fantasies, and the priceless gift of self-knowledge.

Music Downtown Eastside Klisala Harrison,2020 How can music-making help improve the lives of homeless people and others living in poverty in urban neighborhoods in the global North? How can popular music support the most vulnerable in developing their capabilities and asserting their human rights? In this book, author Klisala Harrison takes readers to one of North America's poorest urban areas - Vancouver's Downtown Eastside - as she looks at and asks questions of its musical initiatives for the urban poor - from music jams and music therapy sessions to public performances of music theatre. Harrison not only demonstrates how these initiatives succeed in promoting human rights but also reveals that they may sometimes unwittingly exacerbate human rights violations. *Music Downtown Eastside* draws on two decades of research to illustrate how human rights such as the right to health, the right to self-determination, and women's rights - all of which often remain unfulfilled for the homeless and the urban poor - can be promoted through music. Ethnographic vignettes and song lyrics by artists from the local community provide a vivid insight into the unique musical scene of Downtown Eastside. At the same time, Harrison's examination of how gentrification, grant funding, and different community organizations affect the success or failure of human rights-focused musical initiatives offers insights into the complex relationship between music, poverty, and human rights that have repercussions beyond this local context.
