The Romanian Revolution of December 1989 Peter Siani-Davies, 2007 The Romanian Revolution of 1989 was the most spectacularly violent and remains today the most controversial of all the East European upheavals of that year. Despite (or perhaps because of) the media attention the revolution received, it remains shrouded in mystery. How did the seemingly impregnable Ceausescu regime come to be toppled so swiftly and how did Ion Iliescu and the National Salvation Front come to power? Was it by coup d'état? Who were the mysterious terrorists who wreaked such havoc on the streets of Bucharest and the other major cities of Romania? Were they members of the notorious securitate? What was the role of the Soviet Union? Blending narrative with analysis, Peter Siani-Davies seeks to answer these and other questions while placing the events and their immediate aftermath within a wider context. Based on fieldwork conducted in Romania and drawing heavily on Romanian sources, including television and radio transcripts, official documents, newspaper reports, and interviews, this book is the most thorough study of the Romanian Revolution that has appeared in English or any other major European language. Recognizing that a definitive history of these events may be impossible, Siani-Davies focuses on the ways in which participants interpreted the events according to particular scripts and myths of revolution rooted in the Romanian historical experience. In the process the author sheds light on the ways in which history and the conflicting retellings of the 1989 events are put to political use in the transitional societies of Eastern Europe.

Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a

canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. *The son of the Wolf* (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden* (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Genocide in Cambodia Howard J. De Nike, John Quigley, Kenneth J. Robinson, 2012-05-23 The Khmer Rouge held power in Cambodia from 1975 to 1979 and aggressively pursued a policy of radical social reform that resulted in the deaths of hundreds of thousands of Cambodians through mass executions and physical privation. In January 1979, the government was overthrown by former Khmer Rouge functionaries, with substantial backing from the army of Vietnam. In August of that year a special court, the People's Revolutionary Tribunal, was constituted to try two of the Khmer Rouge government's most powerful leaders, Pol Pot and Ieng Sary. The charge against them was genocide as it was defined in the United Nation's genocide convention of 1948. At the time, both men were in the Cambodian jungle leading the Khmer Rouge in a struggle to regain power; they were, therefore, tried in absentia. *Genocide in Cambodia* assembles documents from this historic trial and contains extensive reports from the People's Revolutionary Tribunal. The book opens with essays that discuss the nature of the primary documents, and places the trial in its historical, legal, and political context. The documents are divided into three parts: those relating to the establishment of the tribunal; those used as evidence, including statements of witnesses, investigative reports of mass grave sites, expert opinions on the social and cultural impact of the actions of Pol Pot and Ieng Sary, and accounts from the foreign press; and finally the record of the trial, beginning with the prosecutor's indictment and ending with the concluding speeches by the attorneys for the defense and prosecution. The trial of Pol Pot and Ieng Sary was the world's first genocide trial based on United Nations's policy as well as the first trial of a head of government on a human rights-related charge. This documentary record is significant for the history of Cambodia, and it will be of the highest importance as well to the international legal and human rights communities.
