UN Peacebuilding: Light Footprint or Friendly Takeover? ,2012

Civil War and State Formation Felix Gerdes,2013-05 The scene of two devastating civil wars since 1989, Liberia had widely been considered a failed state until the international professional Ellen Johnson Sirleaf was democratically elected president in 2005. This book investigates the political economy of civil war and democratic peace, arguing that the civil wars did not represent state decay, but exhibited dynamics characteristic of state formation. In the analysis of post-war developments, which emphasizes the intertwining of corruption and democracy under the new regime, Felix Gerdes details both political progress and persistent structural deficits of the polity.

Public Assistance Program and Policy Guide Fema,2019-05-06 April 2018 Full COLOR 8 1/2 by 11 inches The Public Assistance Program and Policy Guide provides an overview of the Presidential declaration process, the purpose of the Public Assistance (PA) Program, and the authorities authorizing the assistance that the Federal Emergency Management Agency provides under the PA Program. It provides PA policy language to guide eligibility determinations. Overarching eligibility requirements are presented first and are not reiterated for each topic. It provides a synopsis of the PA Program implementation process beginning with pre-declaration activities and continuing through closeout of the PA Program award. When a State, Territorial, or Indian Tribal Government determines that an incident may exceed State, Territorial, Indian Tribal, and local government capabilities to respond, it requests a joint Preliminary Damage Assessment (PDA) with the Federal Emergency Management Agency (FEMA). Federal, State, Territorial, Indian Tribal, local government, and certain private nonprofit (PNP) organization officials work together to estimate and document the impact and magnitude of the incident. Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. Cadastro multifinalitário e regularização fundiária para um sistema formal de propriedade Darwin Boerner Junior,2021-02-09 A diversidade de enclaves prósperos ao lado de assentamentos humanos informais na maciça maioria dos espaços urbanos denuncia uma colossal inaptidão da sociedade brasileira em sua capacidade de criar, respeitar e disponibilizar direitos formais de propriedade a todos seus cidadãos. Os programas de regularização fundiária de interesse social voltados aos assentamentos informais que privilegiam instrumentos de titulação defectiva a despeito de transferência plena de domínio aos seus beneficiários, sob a presumibilidade da necessidade perene de tutela estatal como condição para a inalterabilidade ocupacional nessas áreas de intervenção, estão fadados ao fracasso e à solução de continuidade em razão das insuscetibilidades e da incapacidade estatal de monitoramento permanente. Nesse livro, o Autor analisa o cadastro técnico multifinalitário de Belém do Pará (CTM Belém) enquanto instrumento de gestão territorial e sua utilização no Programa Chão Legal desenvolvido pela Companhia de Desenvolvimento e Administração da Área Metropolitana de Belém (Codem) nas áreas de intervenção, pesquisa empírica cujos resultados permitiram avaliar a sua importância como ferramenta fundamental de planejamento urbano, servindo de referencial para adoção por todos os municípios brasileiros. A utilização de geotecnologias para a concretização de bases cadastrais atualizadas operadas em sistemas de informações georreferenciadas com a imbricação plena e chaveamento comum com o sistema registral imobiliário eletrônico proporciona a consolidação de um robusto sistema formal de propriedade com possibilidades efetivas de elevação dos padrões socioeconômicos e combate à pobreza. Leitura obrigatória para quem deseja pensar fora da redoma de vidro!

Registro de Imóveis Christiano Cassettari,Marcos Costa Salomão,2023-02-22 Elaborada por especialistas renomados, a Coleção Cartórios examina de maneira didática e profunda o direito notarial e registral em suas espécies, que dão origem aos cartórios extrajudiciais brasileiros. A coleção contempla a teoria geral do direito notarial e registral, o registro de imóveis, o registro civil de pessoa natural e jurídica, o registro de títulos e documentos e o tabelionato de notas e de protesto. Divididos por temas, cada um dos volumes traduz, em linguagem acessível, as especialidades cartorais, permitindo ao leitor compreender o dia a dia de um tabelionato ou do registro público sob o prisma da legislação e jurisprudência. As controvérsias são discutidas de forma analítica, conduzindo o leitor em direção às possíveis soluções, sempre abalizadas pela experiência dos autores no magistério

e no cotidiano do direito notarial. Ao final de cada capítulo, questões de concursos auxiliam na fixação e na assimilação do conteúdo.

Direito Agrário Contemporâneo - Volume 2 Maria Cristina Vidotte Blanco Tarrega, Andrea Gonçalves Silva, Resigno Lima Barros Neto, 2022-03-23 As reflexões aportadas pelos escritores deste livro foram promovidas a partir da delimitação de um campo de estudos pensado pelo que se tem denominado no universo acadêmico de Escola Goiana de Direito Agrário. A esfera delimitada como direito agrário, cujo mais importante centro de debates no nosso país é o Programa de Pós-Graduação em Direito Agrário da UFG, volta-se a identificar, pensar e produzir soluções teóricas para os problemas jurídicos originários na agricultura no seu sentido mais amplo, consideradas pertencentes a ela as relações estabelecidas em torno da agrariedade e dos conflitos daí decorrentes, a agro-alimentação e a sociodiversidade.

Território e desenvolvimento regional Rise Consolação Iuata Costa Rank, Milena Pereira Xavieir, Paulo Henrique Costa Mattos, 2019-12-10 Esta obra o descreve o território como um lugar em que desembocam todas as ações, todas as paixões, todos os poderes, todas as forças, todas as fraquezas, isto é, onde a história do homem plenamente se realiza a partir das manifestações da sua existência. Pesquisar a importância de um determinado território sempre foi fundamental para se determinar não somente o seu passado, como também para contribuir o pensar e planejar seu futuro. Porém, mais que isso, é também encontrar sua constituição imaterial, quer seja, as suas normas, suas leis, ações, cultura, rearranjos populacionais e todo tipo de fluxos, ideias, movimentos econômicos, em outras palavras, é buscar o tangível e o intangível. Esse livro busca, portanto, responder as inquietudes dos seus diversos autores, com suas variadas visões que traduz o real conceito de Universidade e se fundem no grupo de pesquisa Desenvolvimento Regional e Sustentabilidade. O Regional está no DNA da UnirG, em nosso nome e em nossa missão, assim sendo, o trabalho que agora apresentamos é o alinhamento de todos nossos objetivos, metas e valores.

Clinical Pharmacology in Psychiatry Svein G. Dahl, Lars F. Gram, Steven M. Paul, William Z. Potter, 2012-12-06 The Fourth International Meeting on Clinical Pharmacology in Psychiatry was held in Bethesda, Maryland on 5-8 September 1985 and was dedicated to the memory of Dr. Earl Usdin. Earl was one of the organizers of the three previous meetings held in Chicago (1979), Tromsø (1980), and Odense (1982). During the organization of the fourth meeting Earl became ill and had to relinquish his role as one of the principal organizers. It is safe to conclude that there was no better, or more professional, or more efficient an organizer of scientific meetings in the field of neuropharmacology and psychiatry than Earl Usdin, and it was quite a task for the remaining organizers to fill the void left when he withdrew from this one. Those of us who have organized previous meetings with Earl were struck by how much more difficult our work became without him. This obviously speaks well for his subtle (and at times not so subtle) organizational skills. Nevertheless, in Earl's memory the organizers proceeded to invite a group of internationally renowned neuropsychopharmacologists to address the problem of selectivity in psychotropic drug action and to try to reconcile the amazing advances in basic preclinical neuropsychopharmacology with the problem of clinical specificity encountered by the psychiatrist.
