DISTRIBUIÇÕES DE TERRAS BRASILEIRAS E REGIME SESMARIAL Jorge Dias Ribeiro dos Santos,

Incorporação Transfronteiriça à Luz do Direito Societário Brasileiro Daniela Aranha de Araujo,2019-01-01 A incorporação entre sociedades brasileiras é uma operação usualmente realizada no mercado e devidamente regulada na legislação brasileira. Entretanto, a lei é omissa quanto à possibilidade de incorporação entre sociedades brasileiras e estrangeiras, denominada no estudo como incorporação transfronteiriça. Há ainda escassa discussão na doutrina brasileira sobre o tema, apesar de haver precedentes, inclusive envolvendo companhias abertas brasileiras e integrantes de grupos econômicos relevantes. Portanto, o objetivo desse estudo é fomentar a discussão doutrinária sobre o tema no Brasil, inclusive para futura regulação por legisladores, bem como ser utilizado por profissionais atuantes na área, ao consolidar os entendimentos dos juristas, analisar casos práticos existentes e abordar aspectos jurídicos importantes a serem considerados na sua implementação.

Community-based Corrections Paul F. Cromwell,Rolando V. Del Carmen,Leanne Fiftal Alarid,2005 This best-selling text focuses on forms of correctional punishments and treatment programs that are based in the community for convicted offenders. Although some offenders need to be incarcerated in prison for public safety reasons, this text argues that the vast majority of offenders can be effectively supervised in the community using a wide array of programs that meet the level of risk and needs that each individual poses. Programs that are discussed include probation, parole, electronic monitoring, house arrest, day-treatment centers, bootcamps, restitution, and fines. With a balanced approach, this text reflects a strong emphasis on practical and legal matters related to alternatives to prison and jail. This Sixth Edition features a new five-part organization, a line-by-line update, a new citation style (APA), and a wide array of ancillaries.

Segurança Pública nas Fronteiras Evandro Nabi Bezerra de Alcântara,Danilo Bezerra Alcântara,2021-01-21 O presente estudo tem como objetivo analisar a questão da segurança pública na fronteira a partir de uma análise nacional, bem como local, com recorte na fronteira do Brasil com a Bolívia, na região de Corumbá/Ladário - MS e Puerto Suarez/Puerto Quijarro na Bolívia. Diante de tal realidade, voltou-se a pesquisa em termos metodológicos para o desenvolvido com base em pesquisas bibliográficas, análise de diversos documentos oficiais e legislações. A pesquisa aborda a criminalidade e complexidade na fronteira sob o enfoque dos três arcos fronteiriços, arco norte, central e sul; Crimes fronteiriços Brasil/ Bolívia; e Atuação dos órgãos de segurança pública em fronteira. Fora possível verificar que é real em nossas fronteiras a constante ausência de política públicas eficazes voltadas segurança das fronteiras. Nesta realidade, a criminalidade acaba por aproveitar de tal fragilidade na área fronteiriça, e acabam por ingressar em território nacional com armas, drogas e todo tipo de ilícitos, trazendo consigo o agravamento do crime e consequente aumento da violência nos centros urbanos. Fica evidente que não se tem realmente uma presença efetiva por parte dos órgãos de segurança pública que ali atuam, principalmente por não contarem com meios necessários para possibilitar a segurança pública nas fronteiras. Diante disto, a presença do Exército na fronteira brasileira é permanente, como fator de defesa da soberania nacional, recebendo com base em legislação complementar o poder de polícia, podendo assim atuar com atribuições policiais na fronteira no combate aos crimes transfronteiriços.

The Routledge Handbook of Accounting Ethics Eileen Z. Taylor,Paul F. Williams,2020-12-29 The perspective of this book is to present ethics as a conversation about how we decide what is good or bad, right or wrong. It is a collection of conversations employed by educators to assist accounting students in developing their understanding of accounting's ethical aspects and to help them develop into critical thinkers who consider the ethical complexities of the function of accounting in human society. Because we are social beings, ethics is a central human concern, since it involves determining the ethicality of human actions and their effect on other individuals, as well as determining the collective societal acceptance or rejection of an action. Thus, the book's primary goal is to call attention to the intersectionality of accounting and ethics and to encourage students and researchers to consider the ethical implications of accounting decisions. The book contains a diversity of perspectives within which discussions of accountants' and accounting's ethical responsibilities may occur. The contributing authors were deliberately chosen for their diverse perspectives on whence moral guidance for accounting may come. Each chapter stands on its own and represents the thinking of its authors. The book is not a primer on correct behavior for accountants but a place where educators may spur the conversation along.

If Your Mouth Could Talk Kami Hoss,2022-04-05 USA TODAY AND WALL STREET JOURNAL BESTSELLER You've heard the advice: If you want to live longer, eat healthy foods and exercise daily. But there's a third piece of the puzzle, and it can add 10 to 15 years to your life. It's been right under your nose this whole time—literally. Your mouth is the gateway to your body and is the most critical organ for improving your health, from childhood onward. Everything in the human life cycle is related to the mouth: fertility, childbirth, sleeping soundly, success in school, finding a mate, getting a job, psychological well-being, avoiding chronic or systemic disease, and aging well. Your mouth is a window into the health of your body as a whole; from its microbiome to its structure, it impacts your physical and mental wellness in countless ways. Unfortunately, the mouth-body connection has been largely neglected by American medicine . . . until now. If Your Mouth Could Talk is the result of over 20 years of firsthand experience and research by renowned orthodontist and dentofacial orthopedist, Dr. Kami Hoss. In this groundbreaking work, Dr. Hoss connects the dots between oral health and whole-body health, offering a roadmap to a longer, more successful future for you and your family. This isn't a book about brushing and flossing—or any of the other standard advice you get from your dentist. Instead, you'll hear about how to protect your mouth's microbiome, the effect of diet, the relationship between oral structure and sleep problems, how to breathe better, and more. This is an in-depth guide for people who want to take control of their health to the fullest extent possible—who want to understand how their mouth contributes to their overall health and quality of life, and what they can do to better care for it. If your mouth could talk, it would tell you about the condition of your entire life. Time to start listening.

coube-nos a responsabilidade de prosseguir próximas edições, desta vez ainda mais repleta de conteúdo relacionado ao direito e ao agronegócio com uma ligação interdisciplinar, característica desta obra em seus capítulos e coautores. Como dito, houve a ampliação da edição para que, pudéssemos contemplar uma quantidade ainda maior de assuntos relacionados ao escopo da obra e melhor, receber contribuição dos mais atuantes profissionais deste setor e, dentre os temas incluídos na ampliação da obra, destacam-se a aquisição de terras por estrangeiros, tema que vem se arrastando ao longo dos anos e que, mais cedo ou mais tarde voltará às discussões do setor, sendo imprescindível prepararmos-nos com antecedência. Por iniciativa deste coordenador, também foram incluídos dois novos capítulos autorais, sendo um deles relacionados à temática das terras indígenas, não apenas detalhando todo o processo administrativo de demarcação destas terras, mas também a judicialização das etapas de tal processo, descrevendo quais as ações cabíveis e, principalmente, a abertura de novas discussões acerca da posse e usufruto das terras indígenas que, atualmente evidenciaram um grande potencial de utilização e desenvolvimento de comunidades tradicionais, demandando uma série de discussões estritamente jurídicas a este respeito.

Texas A. Ray Stephens, 2014-10-22 For twenty years the Historical Atlas of Texas stood as a trusted resource for students and aficionados of the state. Now this key reference has been thoroughly updated and expanded—and even rechristened. Texas: A Historical Atlas more accurately reflects the Lone Star State at the dawn of the twenty-first century. Its 86 entries feature 175 newly designed maps—more than twice the number in the original volume—illustrating the most significant aspects of the state's history, geography, and current affairs. The heart of the book is its wealth of historical information. Sections devoted to indigenous peoples of Texas and its exploration and settlement offer more than 45 entries with visual depictions of everything from the routes of Spanish explorers to empresario grants to cattle trails. In another 31 articles, coverage of modern and contemporary Texas takes in hurricanes and highways, power plants and population trends. Practically everything about this atlas is new. All of the essays have been updated to reflect recent scholarship, while more than 30 appear for the first time, addressing such subjects as the Texas Declaration of Independence, early roads, slavery, the Civil War and Reconstruction, Texas-Oklahoma boundary disputes, and the tideland oil controversy. A dozen new entries for "Contemporary Texas" alone chart aspects of industry, agriculture, and minority demographics. Nearly all of the expanded essays are accompanied by multiple maps—everyone in full color. The most comprehensive, state-of-the-art work of its kind, Texas: A Historical Atlas is more than just a reference. It is a striking visual introduction to the Lone Star State.
