*LCA of an ecolabeled notebook : consideration of social and environmental impacts along the entire life cycle* Andreas Citroth,Juliane Franze,2011 This study investigates social and environmental impacts caused by an ecolabeled notebook along its entire life cycle. In order to analyse the divers effects of the laptop, a social life cycle assessment and an environmental life cycle assessment were performed in parallel. Both assessments together provide a holistic overview of positive and negative impacts in regard to social and environmental sustainability.This book contains the complete final report written by GreenDeltaTC on behalf of the Belgian Federal Public Planning Service Sustainable Development. It comprises the methodological background, the social inventory, process modifications with regard to the environmental inventory, and detailed results of the impact assessment phase. Further, a newly developed social impact assessment method is presented and applied. In addition, recommendations on company and policy level were derived.

*Exile and Pride* Eli Clare,2015-07-15 First published in 1999, the groundbreaking *Exile and Pride* is essential to the history and future of disability politics. Eli Clare's revelatory writing about his experiences as a white disabled genderqueer activist/writer established him as one of the leading writers on the intersections of queerness and disability and permanently changed the landscape of disability politics and queer liberation. With a poet's devotion to truth and an activist's demand for justice, Clare deftly unspools the multiple histories from which our ever-evolving sense of self unfolds. His essays weave together memoir, history, and political thinking to explore meanings and experiences of home: home as place, community, bodies, identity, and activism. Here readers will find an intersectional framework for understanding how we actually live with the daily hydraulics of oppression, power, and resistance. At the root of Clare's exploration of environmental destruction and capitalism, sexuality and institutional violence, gender and the body politic, is a call for social justice movements that are truly accessible to everyone. With heart and hammer, *Exile and Pride* pries open a window onto a world where our whole selves, in all their complexity, can be realized, loved, and embraced.

DB2 further provides high availability solutions by using enterprise system resources with broad support for clustering software, such as IBM PowerHA® SystemMirror®, IBM Tivoli® System Automation for Multiplatforms (Tivoli SA MP), and Microsoft Windows Cluster Server. This IBM Redbooks® publication describes the DB2 high availability functions and features, focusing on High Availability Disaster Recovery (HADR) in the OLTP environment. The book provides a detailed description of HADR, including setup, configuration, administration, monitoring, and preferred practices. This book explains how to configure Cluster software PowerHA, Tivoli SA MP, and MSCS with DB2 and show how to use these products to automate HADR takeover. DB2 also provides unprecedented enterprise-class disaster recovery capability. This book covers single system view backup, backup and restore with snapshot backup, and the db2recovery command, in detail. This book is intended for database administrators and information management professionals who want to design, implement, and support a highly available DB2 system.
