IssueWeb Karen R. Diaz,Nancy O'Hanlon,2004-03-30 Finding reputable sources can be tricky when researching controversial topics, particularly when using the World Wide Web. This invaluable sourcebook helps you sift through the mountains of information in cyberspace and take full advantage of all the Web has to offer. Valuable instruction on researching hot topics, as well as techniques for evaluating Web information sources, is provided through 40 Issue Briefs. Each brief includes background on the topic, an outline of key controversies, suggested search terms for use in search engines and other databases, and lists of relevant websites divided into five categories—reference, law/legislation, news, data, and advocacy. Appendices of think-tank and opinion magazine sites provide additional sources for extending research. Students can browse the Issue Briefs to find interesting research topics and use the sites listed in the guide to locate information for projects. Instructors teaching research skills, critical thinking, and source evaluation can use IssueWeb to direct their students to high quality information sources on the Web. Additionally, librarians working in school, public, and college libraries can use it as a reference source to assist their clientele. This tremendously useful sourcebook will prove valuable to high school students, undergraduates, instructors, and the librarians who serve them.

  Dr. Ian Smith's Guide to Medical Websites Ian Smith,2001-11-06 The amount of medical information available on the Internet is mindboggling, if not mind-numbing. And what do you find once you wade into these cyberwaters is often so contradictory, confusing, or suspect that it is easy to feel more

addled than assisted by the plethora of articles, advertising, and medical reports. Dr. Ian Smith's Guide to Medical Websites bring order to this chaos. As medical correspondent on NBC's Today show and a regular columnist for Time, Dr. Smith hears from many people with medical questions. In addition to personally addressing their concerns, he constantly researches medical websites that provide further explanation. This guide reflects Dr. Smith's selections of the top general medical sites as well as the best sites in every medical specialty. Each site listing includes a short summary and ratings that take into account, among other things: -links and navigability -sources of content -interactivity -frequency of site updates Now you no longer have to become an Internet search expert to find the information you need in caring for your health and that of those you love.
