Hide Joseph Thom,2019-08-19 Look, all I wanted to do was find a new sweater for myself. I had no idea this hooligan would come up to me and ask me to protect him. But what was I going to do? He seemed sincere. I just hoped that at the end of it all, I would stroll out of the clothing store with a new cardigan. So of course, I was wrong.

The Hide Barry Unsworth,1997-07-17 This early work by the Booker Prize-winning author Barry Unsworth chronicles one of his literary obsessions the corruption of innocence and forms it into a compelling contemporary narrative set in the rambling, overgrown grounds of an English estate. There, relying on his rich sister Audrey's beneficence, Simon obsessively digs a secret system of tunnels from which to spy on others. When Josh, a good-looking naif, becomes a gardener at Audrey's home, the two women of the household, Audrey and her distant relative and housekeeper, Marion, find Josh's strength and seeming innocence a potent spell, and his response escalates unacknowledged tensions between them. Meanwhile, Simon, worried about Josh, takes steps to prevent the exposure of his underground labyrinth. The explosive chemistry between the characters will eventually rip apart and rearrange all their lives.

Hide and Seek Wilkie Collins,2014-12-15 Unfortunately for me, Hide And Seek was originally published in the year eighteen hundred and fifty-four, at the outbreak of the Crimean War. All England felt the absorbing interest of watching that serious national event; and new books--some of them books of far higher pretensions than mine--found the minds of readers in general pre-occupied or indifferent.

Visual Basic.NET by Example Gabriel Oancea,Robert P. Donald,2002 Visual Basic.NET by Example helps the reader learn Visual Studio.NET as well as how the language interacts with the .NET framework and other Visual Studio programming languages. Using this book, the reader will learn to build stand alone applications or applications and services which run within Microsoft's .NET Framework. The Ways We Hide Kristina McMorris,2022 From the New York Times bestselling author of Sold on a Monday comes a sweeping World War II tale of an illusionist whose recruitment by British Intelligence sets her on a perilous, heartrending path Raised amid the hardships of Michigan's Copper Country, Fenna Vos has learned to focus on her own survival-even now, with the Second World War raging in faraway countries. Though she performs onstage as the assistant to an unruly escape artist, behind the curtain she's the mastermind of their act. After all, her honed ability to control her surroundings and elude entrapments, physical or otherwise, reliably suppresses the traumas of her youth. For all her planning, however, Fenna fails to predict being called upon by British Intelligence. Tasked with creating escape tools to thwart the Germans, MI9 seeks those with specialized skills for a war nearing its breaking point. Fenna reluctantly joins the unconventional team as an inventor. But when a test of her loyalty draws her deep into the fray, she discovers no mission is more treacherous than escaping one's past. Inspired by stunning true accounts, The Ways We Hide is a riveting story of love and loss, the wars we fight-on the battlefields and within ourselves-and the courage found in unexpected places.
