Stop the Coming Civil War Michael Savage, 2014-10-07 In his trademark in-your-face style, bestselling author and top conservative talk-show host, Michael Savage has a lot to say about the state of the country in STOP THE COMING CIVIL WAR. According to Michael Savage, OUR NATION IS IN REAL TROUBLE and the seeds of a second conflagration have been sown. Not between the states - but between true patriots who believe in our nation's founding principles and those he believes are working every day to undermine them and change the very nature of the country. Michael Savage is convinced we face more than just political differences. He believes the split between right and left is possibly irreparable - unless we understand what's really happening and how we must act to stop it. This fervent warning offers the Savage truth - a call to action in the voting booth -

Gabriel Method Jon Gabriel,2009-11-13 Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese. His totally unique and groundbreaking approach to losing weight is backed by solid, cutting edge obesity research from over four years of full-time investigation of the roles of biochemistry, neurobiology, quantum physics and human consciousness in weight-loss. The result is a method that defies common sense wisdom and yet achieves dramatic lasting benefits. Celebrity obesity survivors like Muhammad Ali's daughter Khaliah and Robin Moran, star of The Discovery Channel's show *Super Obese*, are strong advocates of Jon's Weightloss approach, which has also been featured on *A Current Affair* and *Today/Tonight* in Australia as well as on numerous radio shows and newspaper articles internationally. In addition to telling Jon's own story of his amazing transformation, the book reveals why diets don't work and explains a truly unique and revolutionary diet-free way to lose weight. It's based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic

and work with it so that your body wants to be thinner. When your body wants to be thinner, weightloss is inevitable and becomes automatic and effortless. You simply crave less food, you crave healthier foods, your metabolism speeds up and you become very efficient at burning fat, just like a naturally thin person. And that's the real transformation - to transform yourself into a naturally thin person, so that you can eat whatever you want whenever you want and still be thin, fit and vibrantly healthy.

Mother-Daughter Wisdom Christiane Northrup, M.D., 2006-03-28 With such groundbreaking bestsellers as **Women's Bodies**, **Women's Wisdom** and **The Wisdom of Menopause**, Dr. Christiane Northrup is

one of today's most trusted and visionary medical experts. Now she presents her most profound and revolutionary approach to women's health. . . . The mother-daughter relationship sets the stage for our state of health and well-being for our entire lives. Because our mothers are our first and most powerful female role models, our most deeply ingrained beliefs about ourselves as women come from them. And our behavior in relationships—with food, with our children, with our mates, and with ourselves—is a reflection of those beliefs. Once we understand our mother-daughter bonds, we can rebuild our own health, whatever our age, and create a lasting positive legacy for the next generation. Mother-Daughter Wisdom introduces an entirely new map of female development, exploring the “five facets of feminine power,” which range from the basics of physical self-care to the discovery of passion and purpose in life. This blueprint allows any woman—whether or not she has children—to repair the gaps in her own upbringing and create a better adult relationship with her mother. If she has her own daughter, it will help her be the mother she has always wanted to be. Drawing on patient case histories and personal experiences, Dr. Northrup also presents findings at the cutting edge of medicine and psychology. Discover:

- How to lay the nutritional foundation to prevent eating disorders and adult diseases
- The truth about the immunization controversy—and the true meaning of immunity
- How we can change our genetic health legacy
- Why financial literacy is essential to women's health
- How to foster healthy sexuality and future “love maps” in our daughters
- How to balance independence with caring, and individual growth with family ties

Written with warmth, enthusiasm, and rare intelligence, Mother-Daughter Wisdom is an indispensable book destined to change lives and become essential reading for all women.
