Aware and Prepared Ronald K. Hanzel, 2011-02-09 This self-help guide provides advice and tips for staying safe and protecting your valuables in your home, in your car, and while traveling. Crime can happen to anyone, anywhere, at any time. But there are ways to thwart the possibility of crime. In *Aware and Prepared*, author Ronald Hanzel provides advice and tips for staying safe and protecting the items you value the most. Hanzel covers an array of safety issues and demonstrates the key concepts of being aware of your surroundings and stopping a problem before it starts. Communicating practical and easy-to-follow recommendations, *Aware and Prepared* discusses • maintaining safety on the home front; • protecting valuables and other items in your home; • preventing home scams and other cons; • being safe while out and about and on vacation; • staying secure while using public transportation and participating in outdoor activities; • learning self-defense to protect yourself from possible crime. Keeping yourself, your home, and your possessions safe is not being paranoid. In today's world, it's an essential practice to prevent becoming a crime statistic.

Big Brother International Ernest Mathijs, Janet Jones, 2004 Modernism and the Architecture of

Private Life offers a bold new assessment of the role of the domestic sphere in modernist literature, architecture, and design. Elegantly synthesizing modernist literature with architectural plans, room designs, and decorative art, Victoria Rosner's work explores the collaborations among modern British writers, interior designers, and architects in redefining the form, function, and meaning of middle-class private life. Drawing on a host of previously unexamined archival sources and works by figures such as E. M. Forster, Roger Fry, Oscar Wilde, James McNeill Whistler, and Virginia Woolf, Rosner highlights the participation of modernist literature in the creation of an experimental, embodied, and unstructured private life, which we continue to characterize as modern.

Buyer Beware John Lutz,2011-09 Kidnap proves only the prelude to a diabolically clever scheme

of fraud and murder in this vivid tale of taut suspense. Private investigator Alo Nudger didn't have to think twice about accepting the \$2,500 fee from Gordon Clark, whose seven-year-old daughter had been kidnapped by his ex-wife, Joan. After all, the pay was good, and the job seemed simple enough: bring young Melissa back from Florida to her frantic father. Nudger arrives at his destination to find only an empty house but soon locates Melissa in the safekeeping of a neighbor and reckons his job is done... or is it? For now Joan is missing, and the man she and Melissa had been living with is murdered. Nudger's new proposition from an equally distraught parent-Joan's father-is not so readily appealing as before. Fifty thousand dollars to locate a missing person is a tempting sum, indeed-assuming Alo Nudger can stay alive long enough to enjoy it. One of the best and most unusual novels in the history of private eye fiction. -Cedar-Rapids Gazette. Lutz's bestselling novel SWF Seeks Same was released as the major motion picture, Single White Female starring Bridget Fonda. About the Series St. Louis private eye ALO NUDGER is perhaps the most Chaplinesque of fictional gumshoes. Where other P.I.s are hardcases living on cigarettes, booze, broads and danger, Alo survives (just) on antacid tablets (it was his nervous stomach that forced Alo to resign from the police force) and grocery coupons.

Beware Beware Steph Cha,2021-01-07 'Nathanael West and Raymond Chandler would be proud.' LA Times Juniper Song has a new gig: apprenticed to a

private investigation firm in downtown LA, she's racking up hours following cheating spouses. When a NY artist hires her to keep an eye on her long-distance boyfriend in LA, Song has no problem tailing the guy - until a panicked late-night phone call has her racing to the iconic Roosevelt Hotel. There, in the aftermath of a wild party in its top floor suite, she finds only two people left: the boyfriend and a Hollywood legend. Only one of them is still alive.

The Last Centurion John Ringo, 2008-08-01

Centurions were the guardians of Rome. At the height of the Roman Republic there were over five thousand qualified Roman Centurions in the Legions. To be a Centurion required that, in a mostly illiterate society, one be able to read and write clearly, to be able to convey and create orders, to be capable of not only performing every skill of a Roman soldier but teach every skill of a Roman soldier. Becoming a Centurion required intense physical ability, courage beyond the norm, years of sacrifice and a total devotion to the philosophy which was Rome. When Rome fell to barbarian invaders, there were less than five hundred qualified Centurions. Not because Rome had fewer people but because it had fewer willing to make the sacrifices. And the last Centurions left their shields in the heather and took a barbarian bride . . . We are . . . The Last Centurions. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Frauds Against the Elderly Charles C.

Sharpe, 2015-09-18 Fraud committed against the elderly has reached epidemic proportions, and the

problem will only worsen as a large segment of the American population approaches retirement age. This book explores the disturbing rise in these offenses--crimes aimed at a vulnerable segment of society that is often unable to overcome the consequences--with an eye towards helping seniors protect themselves. This handbook first defines fraud, then discusses why the elderly are targeted, the growing scope of the problem, and why these crimes often go unreported or unsolved. The second section clearly explains 28 of the most common types of fraud--including home improvement scams, health frauds, identity theft and magazine sales--in a manner that allows readers to recognize and avoid the predatory actions of others (whether strangers, friends, or even family members). The third section provides a list of resources and actions to take and for those who believe themselves to be the victim of fraud. The book also contains a list of related acronyms, an index and a bibliography.

KONSERVASI HIJAUAN PAKAN DAN PENINGKATAN KUALITAS BAHAN PAKAN BERSERAT TINGGI (Edisi Revisi) Ristianto Utomo, 2021-10-19 Pengetahuan tentang makanan ternak (pakan/feed) dalam rangka menyediakan pakan sepanjang tahun, meningkatkan kualitas, dan menyiapkan bahan pakan untuk menyusun ransum yang serasi sesuai tujuan pemeliharanya, dan cara penyajiannya dapat dikatakan merupakan salah satu bagian yang penting untuk keberhasilan usaha peternakan. Pakan dapat berasal dari hijauan tanaman pakan, hasil sisa tanaman pertanian, hasil sisa tanaman perkebunan, hasil pertanian, hasil samping dan/atau hasil sisa

industri pertanian, hasil samping industri perkebunan, dan hasil industri kelautan Buku ini membahas cara konservasi (pengawetan) dan cara menaikkan kualitas pakan berserat tinggi. Konservasi dilakukan pada bahan pakan berserat berkulitas tinggi berupa hijauan pakan (forage), sedangkan peningkatan kualitas dilakukan pada pakan berserat tinggi berkualitas rendah (roughage). Kesemuanya dilakukan untuk memenuhi persediaan pakan yang berkualitas sepanjang tahun. Selain itu juga dibahas potensi hasil sisa tanaman petanian dan perkebunan untuk pakan, serta pakan komplit untuk menunjang produktivitas ternak.

March 15 Richard B. Foster, 2016-06-26 First of all, this is a fictional story... maybe. March 15 contains records of Case 2978 - a horrifying event that occurred in the United States. What did people witness during this event? Who and/or what was involved? What really happened that day? (The genre of this book is the literary form of the popular Found Footage film genre.) Richard B. Foster's reason for creating this book: I always thought that the found footage film genre was pretty interesting, so one day, the idea of making a literary version came to me. I thought that it would be cool to show things that people somehow wrote while they were in the middle of a horrifying situation. During these events, some people might be able to write only a few things or even just one word, and others might be able to write much more depending on how imminent the threat is. I also found a way to show that some of the words might be difficult to read or might even be missing due to damage that occurred as a result of the thing that is threatening these people. It was a fun book to make, and I hope that horror and found footage fans enjoy it. Richard B. Foster's reason for creating short stories: A lot of people don't have time to read long stories, and honestly, I don't have the time to turn every idea of mine into a long story. There wouldn't be enough time in the world for doing that. The other reason is that sometimes it's just an impulsive move on my part. I get this idea that I really like, and I just want to bring it to life as soon as I can. There have been times that I've come up

with an initial idea for a book and already had it for sale within a week. So, whenever an interesting story idea pops into my head, if my laptop is near me, which it almost always is, then I just start typing it up while immersing myself into the story. It's both fun and freeing, because I don't get tied down by any one story. This way, I can bring most of my ideas to life, and that's what I love to do.
