Displays! Susan P. Phillips,2014-01-10 Just about any librarian needs new ideas for dynamic, topical library displays. This new second volume offers ideas on a wide range of subjects including women of note, news-worthy events, Mother Nature, great moments in time, prominent figures in history, global cultures and more. Each display topic includes a comprehensive background discussion along with detailed assembly instructions, an explanation of the genesis of the idea and suggestions on ways to adapt these designs to fit into larger spaces. The author includes everyday items, prized collectibles and authentic antiques in each of the 45 displays featured.

The Untold Story of the Black Regiment Michael Burgan,2015 The inspiring story of the black soldiers who fought in the Revolutionary War is important and unforgettable, yet it's unfamiliar to many people. These soldiers served heroically to win the freedom of a nation where all men are created equal. However, many of those who fought would not get to experience the freedom for which they risked their lives.

A Political Education Elizabeth Todd-Breland,2018-10-03 In 2012, Chicago's school year began with the city's first teachers' strike in a quarter century and ended with the largest mass closure of public schools in U.S. history. On one side, a union leader and veteran black woman educator drew upon organizing strategies from black and Latinx communities to demand increased school resources. On the other side, the mayor, backed by the Obama administration, argued that only corporate-style education reform could set the struggling school system aright. The stark differences in positions resonated nationally, challenging the long-standing alliance between teachers' unions and the Democratic Party. Elizabeth Todd-Breland recovers the hidden history underlying this battle. She tells the story of black education reformers' community-based strategies to improve education beginning during the 1960s, as support for desegregation transformed into community control, experimental schooling models that pre-dated charter schools, and black teachers' challenges to a newly assertive teachers' union. This book reveals how these strategies collided with the burgeoning neoliberal educational apparatus during the late twentieth century, laying bare ruptures and enduring tensions between the politics of black achievement, urban inequality, and U.S. democracy.

Reconstruction Stephanie Fitzgerald,2010-07 Recounts the history of the Reconstruction, as the United States government and people worked to recover from the effects of the Civil War.

Handbook of Cultural Factors in Behavioral Health Lorraine T. Benuto,Frances R. Gonzalez,Jonathan Singer,2020-02-08 Having the knowledge and capacity to deliver therapy to a diverse population is recognized as benefiting client-therapist relationships and producing positive clinical outcomes. In fact, the APA requires that psychologists be aware of and respect the cultural characteristics of their clients which includes psychologists being aware of any biases and prejudice they may hold. Being aware of cultural characteristics, which include age, gender, ethnicity, race, religion and other cultural factors, is important. In the United States, minority ethnic groups are growing substantially, with 28% of the U.S. population identifying as races other than white (U.S. Census, 2016). Additionally, approximately 65 million people in America speak a foreign language that is not English, with over 25 million people having limited English language proficiency. With a diverse pool of clients, helping professionals should be better prepared to work with diverse clients. This handbook offers clinicians a comprehensive resource with which to work with diverse populations. The myriad discussions among the chapters include: Ethical guidelines for working with culturally diverse clients Cultural considerations in psychological assessment and evaluation Behavioral health service delivery with culturally diverse clients Cross-cultural factors in the treatment of trauma related disorders Cultural considerations in the assessment and behavioral treatment of substance use disorders Handbook of Cultural Factors in Behavioral Health expertly offers clinicians a comprehensive set of resources and tools that will assist them working with diverse clients. Clinicians working with culturally diverse clients, as well as researchers and students learning about how cultural factors are relevant to the helping profession will all find this volume an integral addition to their library.

Gendering Radicalism Beth Slutsky,2015-08-01 An examination of how American leftist radicalism was experienced in a gendered and raced context through the lives of three women (Charlotte Anita Whitney, Dorothy Ray Healey, and Kendra Harris Alexander) who joined and led the California branches of the Communist Party from 1919 to 1992--

Opisthobranchs from the western Indian Ocean, with descriptions of two new species and ten new records (Mollusca, Gastropoda) Nathalie Yonow,2012-05-22 This large work on sea slugs of the Western Indian Ocean is a major contribution to our knowledge of opisthobranch diversity and biogeography. The western Indian Ocean has long been known as a distinct biogeographical region, and reports of opisthobranchs from the province have been sporadic. Despite nearly 200 years of study, recent work estimates that there are more than 1000 undescribed species in the whole of the Indo-Pacific region. There have been considerable developments in the study of many taxonomic groups for the area in the last 50 years, including opisthobranchs, and this paper describes 70 species, of which ten species are recorded from the western Indian Ocean for the first time. Many phyllidiids and chromodorids seem to have a distribution limited to the western Indian Ocean, whilst there seem to be differences in species richness between coastal areas and island groups. Further work will shed light on many of these issues.

Fighting Robots Michael Benson,2002 It's an ear-splitting, gut-crunching, armor-crashing, booby-trapped fight to the death and the fastest-growing sport on television -- the world of hard-driving robot combat. Millions watch as these metallic maulers, handmade with a vengeance by technical wizards, slash, buzz, and hammer each other into a crowd-pleasing pulp in awesome displays of motorized muscle. This is the only A to Z guide to the fascinating world of mechanical warriors -- from the best Bots in the business to the inventors who created them. Whether you want to build and fight your own robot, learn more about the sport, or get a close-up, behind-the-scenes look at every bit of the action, this comprehensive book delivers it all -- the guts, the gears, and the pulverizing glory! Book jacket.

Broadcasting Baseball Eldon L. Ham,2011-07-29 There is a long-standing relationship between broadcasting and sports, and nowhere is this more evident than in the marriage of baseball and radio: a slow sport perfectly suited to the word-painting of broadcasters. This work covers the development of the baseball broadcasting industry from the first telegraph reports of games in progress, the influence of early pioneers at Pittsburgh's KDKA and Chicago's WGN, including the first World Series broadcast, the launch of the Telstar Satellite, the Carlton Fisk homerun in the 1975 World Series, which changed how baseball is broadcast, through the latest computer graphics, HD television, and the Internet.

Alice Walker Stephanie Fitzgerald,2008 Examines the life and career of the African American woman who won the Pulitzer Prize for her novel, *The Color Purple*.

Settler Colonialism and (Re)conciliation Penelope Edmonds,2016-04-08 This book examines the performative life reconciliation and its discontents in settler societies. It explores the refoundings of the settler state and reimaginings of its alternatives, as well as the way the past is mobilized and reworked in the name of social transformation within a new global paradigm of reconciliation and the 'age of apology'.

Bad Girls at Samarcand Karin L. Zipf, 2016-04-04 Of the many consequences advanced by the rise of the eugenics movement in the early twentieth century, North Carolina forcibly sterilized more than 2,000 women and girls in between 1929 and 1950. This extreme measure reflects how pseudoscience justified widespread gender, race, and class discrimination in the Jim Crow South. In *Bad Girls at Samarcand* Karin L. Zipf dissects a dark episode in North Carolina's eugenics campaign through a detailed study of the State Home and Industrial School in Eagle Springs, referred to as Samarcand Manor, and the school's infamous 1931 arson case. The people and events surrounding both the institution and the court case sparked a public debate about the expectations of white womanhood, the nature of contemporary science and medicine, and the role of the juvenile justice system that resonated throughout the succeeding decades. Designed to reform and educate unwed poor white girls who were suspected of deviant behavior or victims of sexual abuse, Samarcand Manor allowed for strict disciplinary measures -- including corporal punishment -- in an attempt to instill Victorian ideals of female purity. The harsh treatment fostered a hostile environment and tensions boiled over when several girls set Samarcand on fire, destroying two residence halls. Zipf argues that the subsequent arson trial, which carried the possibility of the death penalty, represented an important turning point in the public characterizations of poor white women; aided by the lobbying efforts of eugenics advocates, the trial helped usher in dramatic policy changes, including the forced sterilization of female juvenile delinquents. In addition to the interplay between gender ideals and the eugenics movement, Zipf also investigates the girls who were housed at Samarcand and those specifically charged in the 1931 trial. She explores their negotiation of Jazz Age stereotypes, their strategies of resistance, and their relationship with defense attorney Nell Battle Lewis during the trial. The resultant policy changes -- intelligence testing, sterilization, and parole -- are also explored, providing further insight into why these young women preferred prison to reformatories. A fascinating story that grapples with gender bias, sexuality, science, and the justice system all within the context of the Great Depression--era South, *Bad Girls at Samarcand* makes a compelling contribution to multiple fields of study.

Effective Removal of Pavement Markings Adam Matthew Pike, Jeffrey D. Miles, 2013 TRB's National Cooperative Highway Research Program (NCHRP) Report 759: *Effective Removal of Pavement Markings* aids in the selection of safe, cost-effective, and environmentally acceptable practices for the removal of work zone and permanent pavement markings. The practices highlighted in this report emphasize minimal damage to the underlying pavement or visible character of the surface course. -- Publisher's description

Black Women and Energies of Resistance in Nineteenth-Century Haitian and American Literature Mary Grace Albanese, 2023-11-08 *Black Women and Energies of Resistance in Nineteenth-Century Haitian and American Literature* intervenes in traditional narratives of 19th-century American modernity by situating Black women at the center of an increasingly connected world. While traditional accounts of modernity have emphasized advancements in communication technologies, animal and fossil fuel extraction, and the rise of urban centers, Mary Grace Albanese proposes that women of African descent combated these often violent regimes through diasporic spiritual beliefs and practices, including spiritual possession, rootwork, midwifery, mesmerism, prophecy, and wandering. It shows how these energetic acts of resistance were carried out on scales large and small: from the constrained corners of the garden plot to the expansive circuits of global migration. By examining the concept of energy from narratives of technological progress, capital accrual and global expansion, this book uncovers new stories that center Black women at the heart of a pulsating, revolutionary world.

Hyperconflict James Mittelman, 2010-01-08 This book addresses two questions that are crucial to the human condition in the twenty-first century: does globalization promote security or fuel insecurity? And what are the implications for world order? Coming to grips with these matters requires building a bridge between the geoeconomics and geopolitics of globalization, one that extends to the geostrategic realm. Yet few analysts have sought to span this gulf. Filling the void, Mittelman identifies systemic drivers of global security and insecurity and demonstrates how the intense interaction between them heightens insecurity at a world level. The emergent confluence he labels hyperconflict—a structure characterized by a reorganization of political violence, a growing climate of fear, and increasing instability at a world level. Ultimately, his assessment offers an early warning to enable prevention of a gathering storm of hyperconflict, and the establishment of enduring peace.

In the Godfather Garden Richard Linnett, 2013-04-01 *In the Godfather Garden* is the true story of the life of Richie “the Boot” Boiardo, one of the most powerful and feared men in the New Jersey underworld. The Boot cut his teeth battling the Jewish gang lord Abner Longy Zwillman on the streets of Newark during Prohibition and endured to become one of the East Coast’s top mobsters, his reign lasting six decades. To the press and the police, this secretive Don insisted he was nothing more than a simple man who enjoyed puttering about in his beloved vegetable garden on his Livingston, New Jersey, estate. In reality, the Boot was a confidante and kingmaker of politicians, a friend of such celebrities as Joe DiMaggio and George Raft, an acquaintance of Joseph Valachi—who informed on the Boot in 1963—and a sworn enemy of J. Edgar Hoover. The Boot prospered for more than half a century, remaining an active boss until the day he died at the age of ninety-three. Although he operated in the shadow of bigger Mafia names across the Hudson River (think Charles Lucky Luciano and Louis “Lepke” Buchalter, a cofounder of the Mafia killer squad Murder Inc. with Jacob “Gurrah” Shapiro), the Boot was equally as brutal and efficient. In fact, there was a mysterious place in the gloomy woods behind his lovely garden—a furnace where many thought the Boot took certain people who were never seen again. Richard Linnett provides an intimate look inside the Boot’s once-powerful Mafia crew, based on the recollections of a grandson of the Boot himself and complemented by never-before-published family photos. Chronicled here are the Prohibition gang wars in New Jersey as well as the murder of Dutch Schultz, a Mafia conspiracy to assassinate Newark mayor Kenneth Gibson, and the mob connections to several prominent state politicians. Although the Boot never saw the 1972 release of *The Godfather*, he appreciated the similarities between the character of Vito Corleone and himself, so much so that he hung a sign in his beloved vegetable garden that read “The Godfather Garden.” There’s no doubt he would have relished David Chase’s admission that his muse in creating the HBO series *The Sopranos* was none other than “Newark’s erstwhile Boiardo crew.”
