*Comparing Black Deaths in Custody, Police Brutality, and Social Justice Solutions* Simmons, Janelle Christine, 2023-05-16 In today's modern era, it has never been more crucial to ensure the safety of vulnerable populations, in particular Black individuals, in custody. Further study is required to implement best practices and strategies that improve protection. *Comparing Black Deaths in Custody, Police Brutality, and Social Justice Solutions* describes the actions that lead to the death of Black people while they are in the process of being detained by a law enforcement agent or are already detained. This publication focuses on three core countries, America, Australia, and South Africa, where Black deaths in custody appear to occur at higher rates. Covering key topics such as racism, prejudice, and slavery, this reference work is ideal for industry professionals, law enforcement officers, government officials, policymakers, researchers, scholars, academicians, practitioners, instructors, and students.

*Death on the Small Screen* Jonathan F. Bassett, 2022-10-12 Mortality remains a taboo topic in much of Western society, but death and violence continue to be staples of popular television. We can better understand the appeal of violence by investigating psychological theories surrounding anxiety about death and the defenses we use to manage that anxiety. This book examines five recent television series--*Game of Thrones*, *The Punisher*, *Jessica Jones*, *Sons of Anarchy* and *Hannibal*--and shows how fictional characters' motivations teach viewers about both the constructive and destructive ways we try to deal with our own mortality. Instead of dismissing violent television as harmless entertainment or completely condemning it as a dangerous trigger of hostile behavior, this book shows its effects on viewers in a more nuanced manner. It provides a new perspective on the enjoyment of violent television, enhancing fans' appreciation and sparking ongoing discussions about their value to both the individual and society.

**Popular Culture, Political Economy and the Death of Feminism** Penny Griffin, 2015-06-05 While some have argued that we live in a 'postfeminist' era that renders feminism irrelevant to people's contemporary lives this book takes 'feminism', the source of eternal debate, contestation and ambivalence, and situates the term within the popular, cultural practices of everyday life. It explores the intimate connections between the politics of feminism and the representational practices of contemporary popular culture, examining how feminism is 'made sensible' through visual imagery and popular culture representations. It investigates how popular culture is produced, represented and consumed to reproduce the conditions in which feminism is valued or dismissed, and asks whether antifeminism exists in commodity form and is commercially viable. Written in an accessible style and analysing a broad range of popular culture artefacts (including commercial advertising, printed and digital news-related journalism and commentary, music, film, television programming, websites and social media), this book will be of use to students, researchers and practitioners of International Relations, International Political Economy and gender, cultural and media studies.

**Disney's Most Notorious Film** Jason Sperb, 2012-12-01 The Walt Disney Company offers a vast universe of movies, television shows, theme parks, and merchandise, all carefully crafted to present an image of wholesome family entertainment. Yet Disney also produced one of the most infamous Hollywood films, *Song of the South*. Using cartoon characters and live actors to retell the stories of Joel Chandler Harris, *SotS* portrays a kindly black Uncle Remus who tells tales of Brer Rabbit, Brer Fox, and the "Tar Baby" to adoring white children. Audiences and critics alike found its depiction of African Americans condescending and outdated when the film opened in 1946, but it grew in popularity--and controversy--with subsequent releases. Although Disney has withheld the film from American audiences since the late 1980s, *SotS* has an enthusiastic fan following, and pieces of the film--such as the Oscar-winning "Zip-a-Dee-Doo-Dah"--remain throughout Disney's media universe. *Disney's Most Notorious Film* examines the racial and convergence histories of *Song of the South* to offer new insights into how audiences and Disney have negotiated the film's controversies over the last seven decades. Jason Sperb skillfully traces the film's reception history, showing how audience perceptions of *SotS* have reflected debates over race in the larger society. He also explores why and how Disney, while embargoing the film as a whole, has repurposed and repackaged elements of *SotS* so extensively that they linger throughout American culture, serving as everything from cultural metaphors to consumer products.

*Damming the Flood* Peter Hallward, 2020-05-05 Long before a devastating earthquake hit in January 2010, Haiti was one of the most impoverished and oppressed countries in the world. However, in the late 1980s a remarkable popular mobilization known as Lavalas (the flood) sought to liberate the island from decades of US-backed dictatorial rule. *Damming the Flood* analyzes how and why the Lavalas governments led by President Jean-Bertrand Aristide were overthrown, in 1991 and again in 2004, by the enemies of democracy in Haiti and abroad. The elaborate campaign to suppress Lavalas was perhaps the most successful act of imperial sabotage since the end of the Cold War. It has left the people of Haiti at the mercy of some of the most rapacious political and economic forces on the planet. Updated with a substantial new afterword that addresses the international response to the earthquake, *Damming the Flood* is both an invaluable account of recent Haitian history and an illuminating analysis of twenty-first-century imperialism.

*Blindsight* Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist--an informational topologist with half his mind gone--as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Bricks Without Straw* Al Bruno Ph.D., 2021-02-24 What has happened to our youth? How did it all go south so fast? Hardly any of them give up a seat to an elderly person or a pregnant woman--and profanity against bus drivers, teachers, police officers and everyone else has become a rite of passage. Drug use and violence no longer strike fear in their hearts. Even worse, they're entitled, believing everything should be theirs even if they have not worked hard for it. Meanwhile, parents have given up on parenting, preferring to turn over their children to the government or society to be reared. Al Bruno, Ph.D., a longtime educator and former chaplain, highlights the epidemics that have ravaged our youth in *Bricks without Straw*. He offers guidance on how to: take back our children, guide them, and teach them about the Lord; prepare children for the difficult life they will face as adults; teach children right

from wrong; instill a love of learning in children. With youth crime surging, a waning work ethic, and children hurling insults at each other at every opportunity, the stakes could not be higher. Whether you're an educator, parent, grandparent, or community leader, you'll grasp the problem and find solutions in this book.

Screen Shots Rebecca L. Stein, 2021-06-01 In the last two decades, amid the global spread of smartphones, state killings of civilians have increasingly been captured on the cameras of both bystanders and police. Screen Shots studies this phenomenon from the vantage point of the Israeli occupation of Palestinian territories. Here, cameras have proliferated as political tools in the hands of a broad range of actors and institutions, including Palestinian activists, Israeli soldiers, Jewish settlers, and human rights workers. All trained their lens on Israeli state violence, propelled by a shared dream: that advances in digital photography—closer, sharper, faster—would advance their respective political agendas. Most would be let down. Drawing on ethnographic work, Rebecca L. Stein chronicles Palestinian video-activists seeking justice, Israeli soldiers laboring to perfect the military's image, and Zionist conspiracy theorists accusing Palestinians of playing dead. Writing against techno-optimism, Stein investigates what camera dreams and disillusionment across these political divides reveal about the Israeli and Palestinian colonial present, and the shifting terms of power and struggle in the smartphone age.

**The Complete Story of Sadako Sasaki** Masahiro Sasaki, Sue DiCicco, 2020-04-07 \*\*Independent Publisher Book Award (IPPY) Winner\*\* \*\*Middle School Book of the Year-- Northern Lights Book Awards\*\* \*\*Skipping Stones Honor Award Winner\*\* For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

Hollywood's Dark History Matt MacNabb, 2020-01-10 Thirteen sensational tales of sex, lies, violence, and murder from the early decades of Hollywood. The dawning of the nineteenth century brought with it a new era for entertainment. Vaudeville was the preferred form of entertainment, until the popularization of the silent film. This new medium proved to be a draw for many of the stars of the Vaudevillian stage and soon they migrated to the exciting possibilities that the movies had to offer. Audiences were instantly captivated by the stars of the silent screen. The early days of Hollywood were full of glamour and a newfound decadence. The stars in these films were catapulted to fame and fortune and the spotlight of the public eye. But the real people behind the glamour were far different from the characters that audiences knew and loved, and much like Hollywood today, the lives of the stars were often full of scandal and debauchery. This book examines the forgotten scandals of Hollywood's early years, featuring silent and silver screen stars like Jean Harlow, Mae West, Mary Pickford, Charlie Chaplin, and Errol Flynn. Don't let the romanticized black and white world of yesterday fool you. Their stories are rife with sex, drugs, and murder.

*Chinese Identities on Screen* Klaus Mühlhahn, Clemens von Haselberg, 2012 Since 1978, the changes brought on by China's reforms have had an inevitable and significant impact on the development of literature, the arts, and the whole spectrum of culture. As well, contemporary Chinese films have reflected this transition towards commercialization and internationalization, which has included constant changes in cultural policies and the economic conditions for film production. The articles in this collection argue that contemporary Chinese films display a profound shift in identity construction. They explore Chinese identities related to class, nation, and gender, and they highlight aspects of individual identity. All of these are marked by contradiction, tension, multiple versions, changes over time, and other evidence of contingency and construction. The book draws attention to uncertain and unpredictable qualities of Chineseness which are often torn between past and present, but are also increasingly comprised of local, national, and global elements.
