When the Clouds Part, 2015-02-17 A new translation of the primary Indian Buddhist text on buddha nature, with Tibetan commentaries explaining how this text can be used to contemplate and realize one's own buddha nature. Buddha nature (tathāgatagarbha) is the innate potential in all living beings to become a fully awakened buddha. This book discusses a wide range of topics connected with the notion of buddha nature as presented in Indo-Tibetan Buddhism and includes an overview of the sūtra sources of the tathāgatagarbha teachings and the different ways of explaining the meaning of this term. It includes new translations of the Maitreya treatise Mahāyānottaratantra (Ratnagotravibhāga), the primary Indian text on the subject, its Indian commentaries, and two (hitherto untranslated) commentaries from the Tibetan Kagyü tradition. Most important, the translator's introduction investigates in detail the meditative tradition of using the Mahāyānottaratantra as a basis for Mahāmudrā instructions and the Shentong approach. This is supplemented by translations of a number of short Tibetan meditation manuals from the Kadampa, Kagyü, and Jonang schools that use the Mahāyānottaratantra as a work to contemplate and realize one's own buddha nature.

The Buddha Party John Powers,2017 The Buddha Party tells the story of how the People's Republic of China employs propaganda to

define Tibetan Buddhist belief and sway opinion within the country and abroad. The narrative they create is at odds with historical facts and deliberately misleading but, John Powers argues, it is widely believed by Han Chinese. Most of China's leaders appear to deeply believe the official line regarding Tibet, which resonates with Han notions of themselves as China's most advanced nationality and as a benevolent race that liberates and culturally uplifts minority peoples. This in turn profoundly affects how the leadership interacts with their counterparts in other countries. Powers's study focuses in particular on the government's patriotic education campaign-an initiative that forces monks and nuns to participate in propaganda sessions and repeat official dogma. Powers contextualizes this within a larger campaign to transform China's religions into patriotic systems that endorse Communist Party policies. This book offers a powerful, comprehensive examination of this ongoing phenomenon, how it works and how Tibetans resist it.

Teaching the Global Middle Ages Geraldine Heng, 2022-10-28

While globalization is a modern phenomenon, premodern people were also interconnected in early forms of globalism, sharing merchandise, technology, languages, and stories over long distances. Looking across civilizations, this volume takes a broad view of the Middle Ages in order to foster new habits of thinking and develop a multilayered, critical sense of the past. The essays in this volume reach across disciplinary lines to bring insights from music, theater, religion, ecology, museums, and the history of disease into the literature classroom. The contributors provide guidance on texts such as the *Thousand and One Nights*, *Sunjata*, Benjamin of Tudela's *Book of Travels*, and the *Malay Annals* and on topics such as hotels, maps, and camels. They propose syllabus recommendations, present

numerous digital resources, and offer engaging class activities and discussion questions. Ultimately, they provide tools that will help students evaluate popular representations of the Middle Ages and engage with the dynamics of past, present, and future world relationships.

Long Lives and Untimely Deaths Barbara Gerke, 2011-12-23 How do Tibetans in India's Darjeeling Hills understand the life-span and various life-forces that influence longevity? This book analyses ethnographic and textual material demonstrating how Tibetans utilise temporal frameworks in medical, astrological, divinatory, and ritual contexts to locate and reckon life-forces influencing their life-spans.

Lineages of the Literary Nicole Willock, 2021-04-27 Winner, 2024 E. Gene Smith Inner Asia Book Prize, Association for Asian Studies Honorable Mention, 2023 Joseph Levenson Prize Post-1900, Association for Asian Studies In the aftermath of the cataclysmic Maoist period, three Tibetan Buddhist scholars living and working in the People's Republic of China became intellectual heroes. Renowned as the "Three Polymaths," Tséten Zhabdrung (1910–1985), Mugé Samten (1914–1993), and Dungkar Lozang Trinlé (1927–1997) earned this symbolic title for their efforts to keep the lamp of the Dharma lit even in the darkest hour of Tibetan history. *Lineages of the Literary* reveals how the Three Polymaths negotiated the political tides of the twentieth century, shedding new light on Sino-Tibetan relations and Buddhism during this turbulent era. Nicole Willock explores their contributions to reviving Tibetan Buddhism, expanding Tibetan literary arts, and pioneering Tibetan studies as an academic discipline. Her sophisticated reading of Tibetan-language sources vivifies the capacious literary world of the Three Polymaths, including autobiography, Buddhist philosophy, poetic theory, and

historiography. Whereas prevailing state-centric accounts place Tibetan religious figures in China in one of two roles, collaborator or resistance fighter, Willock shows how the Three Polymaths offer an alternative model of agency. She illuminates how they by turns safeguarded, taught, and celebrated Tibetan Buddhist knowledge, practices, and institutions after their near destruction during the Cultural Revolution. An interdisciplinary work spanning religious studies, history, literary studies, and social theory, *Lineages of the Literary* offers new insight into the categories of religion and the secular, the role of Tibetan Buddhist leaders in modern China, and the contested ground of Tibet.

Tibetan Subjectivities on the Global Stage Shelly Bhoil, Enrique Galvan-Alvarez, 2018-11-08 Tibetan Subjectivities on the Global Stage: Negotiating Dispossession provides a comprehensive account of the ways Tibetans are reimagining their sense of belonging in the realms of politics, religion, literature, and development. By drawing on sources and examples from Tibet and its diaspora, the book offers an image of Tibetan identity as a multifaceted, living, and changing entity.

Historical Dictionary of Tibet John Powers, David Templeman, 2012 Tibet is a land bounded by the world's highest mountains, and it is the repository of an ancient culture. For centuries it was viewed by Europeans as a remote, mystical place populated by Buddhist masters with supernatural powers and profound wisdom. In

contrast to this image, it was once a warlike country whose expansionist rulers conquered a vast empire that incorporated much of central Asia and parts of China. Even now the Tibetan Plateau remains a scene of contestation, both ideologically and militarily. Major popular uprisings in 1959, 1988, and 2008 have drawn the attention of the world's media, and its religious teachers often attract large crowds when they travel overseas. The situation in the country remains highly volatile today, as the 2008 uprising--the largest and most widespread in the history of the region--attests. The Historical Dictionary of Tibet is the most comprehensive dictionary published to date on Tibetan history. It covers the history of Tibet from 27,000 BCE to the present through a chronology, an introductory essay, an extensive bibliography, and over 1,000 cross-referenced dictionary entries on important personalities, politics, economy, foreign relations, religion, culture, anthropology, and sociology. This book is an excellent access point for students, researchers, and anyone wanting to know more about Tibet.
