*Z-Wave Essentials* Christian Paetz,2017-06-10 Z-Wave is the leading international standard for wireless communication in Smart Homes. Different products from different vendors work together and interoperate in one single network to provide intelligent lighting, safety, security and energy efficiency. This book describes all you need to know about Z-Wave: The radio layer standardized by the international ITU organization, the networking between the device to realize a stable communication and finally the device specific application functions that ensure the interoperability between the different devices. Practical guidance for the installation and trouble shooting of wireless networks is provided as well.

**The Card Catalog** The Library of Congress,2017-04-04 From the archives of the Library of Congress: “An irresistible treasury for book and library lovers.” —Booklist (starred review) The Library of Congress brings book lovers an enriching tribute to the power of the written word and to the history of our most beloved books. Featuring more than two hundred full-color images of original catalog cards, first edition book covers, and photographs from the library’s magnificent archives, this collection is a visual celebration of the rarely seen treasures in one of the world’s most famous libraries and the brilliant catalog system that has kept it organized for hundreds of years. Packed with engaging facts on literary classics—from Ulysses to The Cat in the Hat to Shakespeare’s First Folio to The Catcher in the Rye—this is an ode to the enduring magic and importance of books. “The Card Catalog is many things: a lucid overview of the history of bibliographic practices, a paeon to the Library of Congress, a memento of the cherished card catalogs of yore, and an illustrated collection of bookish trivia . . . . The illustrations are amazing: luscious reproductions of dozens of cards, lists, covers, title pages, and other images guaranteed to bring a wistful gleam to the book nerd’s eye.” —The Washington Post

**Photography: Theoretical Snapshots** J.J. Long,Andrea Noble,Edward Welch,2009-06-02 Over the past twenty-five years, photography has moved to centre-stage in the study of visual culture and has established itself in numerous disciplines. This trend has brought with it a diversification in approaches to the study of the photographic image. Photography: Theoretical Snapshots offers exciting perspectives on photography theory today from some of the world’s leading critics and theorists. It introduces new means of looking at photographs, with topics including: a community-based understanding of Spencer Tunick’s controversial installations the tactile and auditory dimensions of photographic viewing snapshot photography the use of photography in human rights discourse. Photography: Theoretical Snapshots also addresses the question of photography history, revisiting the work of some of the most influential theorists such as Roland Barthes, Walter Benjamin, and the October group, re-evaluating the neglected genre of the carte-de-visite photograph, and addressing photography’s wider role within the ideologies of modernity. The collection opens with an introduction by the editors, analyzing the trajectory of photography studies and theory over the past three decades and the ways in which the discipline has been constituted. Ranging from the most personal to the most dehumanized uses of photography, from the nineteenth century to the present day, from Latin America to Northern Europe, Photography: Theoretical Snapshots will be of value to all those interested in photography, visual culture, and cultural history.

*The Sixth Station* Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Headaches in Women Mark Green,2019-10-01 Women suffer from headaches far more than men. According to the World Health Organization, migraine is one of the most disabling medical conditions. The understanding of the pathophysiology of migraine has changed dramatically over the past decade, leading to more rational and targeted treatments. Since most migraineurs are young women, use of contraception, management of headaches with menstruation, pregnancy, lactation, and menopause are important issues addressed in this text. Headaches are often inherited, and, as such, the book also discusses genetic issues, particularly relevant in this era of customized medicine. The hormonal management of transgenders is important as many will experience severe headaches during their transitions. Comorbidities, including psychiatric syndromes and strokes, are also presented in detail. This text will be of interest to all practitioners who manage women with headaches.

Apocalypse Jacques Ellul,2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” —Jacques

Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, Apocalypse is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation’s puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul’s thorough engagement with Revelation.

*Ancestry Scrapbook* Royal Journals,2016-11-19 Use this Scrapbook Journal to document your family ancestry Keep everything in one place Don't lose those stories.

**The Great Scheme** David Bunn,2021-11-08 A trade unionist conceives a grand poem which will encompass his whole life since World War II. Soon he finds he must include his grandfather in 1915, his mother in Hobart in 1935, his father in Egypt with the air force, George Orwell in Spain, a German pilgrim, some French resisters shot in 1944, Soviet sailors drowned in a sub, Cole Porter, Venice, Bob Dylan, Hans Holbein, Anne of Cleves, Trotsky and Tsar Nicholas II. His daughters will be in there, and his wives, and his work. There will be politics, dreams, elections, paintings, mountains, funerals, vineyards, folk music. He cannot evade his implication in dispossession and oppression. These poems try to make some sense of our disquieting times - without certainty, without buttressing from religion or ideology. There's nothing else like this.

*Snapshot Photography* Catherine Zuromskis,2021-08-24 An examination of the contradictions within a form of expression that is both public and private, specific and abstract, conventional and countercultural. Snapshots capture everyday occasions. Taken by amateur photographers with simple point-and-shoot cameras, snapshots often commemorate something that is private and personal; yet they also reflect widely held cultural conventions. The poses may be formulaic, but a photograph of loved ones can evoke a deep affective response. In *Snapshot Photography*, Catherine Zuromskis examines the development of a form of visual expression that is both public and private. Scholars of art and culture tend to discount snapshot photography; it is too ubiquitous, too unremarkable, too personal. Zuromskis argues for its significance. Snapshot photographers, she contends, are not so much creating spontaneous records of their lives as they are participating in a prescriptive cultural ritual. A snapshot is not only a record of interpersonal intimacy but also a means of linking private symbols of domestic harmony to public ideas of social conformity. Through a series of case studies, Zuromskis explores the social life of snapshot photography in the United States in the latter half of the twentieth century. She examines the treatment of snapshot photography in the 2002 film *One Hour Photo* and in the television crime drama *Law and Order: Special Victims Unit*; the growing interest of collectors and museum curators in “vintage” snapshots; and the “snapshot aesthetic” of Andy Warhol and Nan Goldin. She finds that Warhol’s photographs of the Factory community and Goldin’s intense and intimate photographs of friends and family use the conventions of the snapshot to celebrate an alternate version of “family values.” In today’s digital age, snapshot photography has become even more ubiquitous and ephemeral—and, significantly, more public. But buried within snapshot photography’s mythic construction, Zuromskis argues, is a site of democratic possibility.

**Heart of The Night** Richard OH,2015-05-01 Set in contemporary Jakarta, *Heart of the Night* explores the themes of belonging, identity, and destiny among a group of displaced Indonesians. By turns comical and poignantly incisive, this story shuttles between the past and present in a seamless flow and keeps its heightened tempo till the end. Buku Persembahan Penerbit Rosda

**The Sincere Peacock** Sri Ulina, Oscar is a very pretty peacock with beautiful feathers, yet he is never arrogant. Meanwhile, Willy, a brown cockerel is jealous of Oscar’s feathers. One day, Willy is stuck in a bush. No animal wants to help him. Who will help him? This book is in Indonesian and English. =====PEMBELIAN VERSI CETAK===== Untuk pembelian versi cetak, silahkan kunjungi website Kesaint Blanc Book Store di bookstore.kesaintblanc.co.id Untuk informasi lebih lanjut hubungi kami: info@kesaintblanc.co.id
