Film and the American Moral Vision of Nature Ronald B. Tobias, 2011-06-01 With his square, bulldoggish stature, signature rimless glasses, and inimitable smile—part grimace, part snarl—Theodore Roosevelt was an unforgettable figure, imprinted on the American memory through photographs, the chiseled face of Mount Rushmore, and, especially, film. At once a hunter, explorer, naturalist, woodsman, and rancher, Roosevelt was the quintessential frontiersman, a man who believed that only nature could truly test and prove the worth of man. A documentary he made about his 1909 African safari embodied aggressive ideas of masculinity, power, racial superiority, and the connection between nature and manifest destiny. These ideas have since been reinforced by

others—Jesse “Buffalo” Jones, Paul Rainey, Martin and Osa Johnson, and Walt Disney. Using Roosevelt as a starting point, filmmaker and scholar Ronald Tobias traces the evolution of American attitudes toward nature, attitudes that remain, to this day, remarkably conflicted, complex, and instilled with dreams of empire.

Glenn Ford Peter Ford, 2011-05-12 Glenn Ford—star of such now-classic films as *Gilda*, *Blackboard Jungle*, *The Big Heat*, *3:10 to Yuma*, and *The Rounders*—had rugged good looks, a long and successful career, and a glamorous Hollywood life. Yet the man who could be accessible and charming on screen retreated to a deeply private world he created behind closed doors. *Glenn Ford: A Life* chronicles the volatile life, relationships, and career of the renowned actor, beginning with his

move from Canada to California and his initial discovery of theater. It follows Ford's career in diverse media—from film to television to radio—and shows how Ford shifted effortlessly between genres, playing major roles in dramas, noir, westerns, and romances. This biography by Glenn Ford's son, Peter Ford, offers an intimate view of a star's private and public life. Included are exclusive interviews with family, friends, and professional associates, and snippets from the Ford family collection of diaries, letters, audiotapes, unpublished interviews, and rare candid photos. This biography tells a cautionary tale of Glenn Ford's relentless infidelities and long, slow fade-out, but it also embraces his talent-driven career. The result is an authentic Hollywood story that isn't afraid to reveal the truth. Wallace Reid E.J. Fleming, 2013-11-08 For a decade Wallace Reid was the most recognized face in Hollywood, the most universally beloved actor in silent film. Today all that is widely remembered of Wally Reid is that he died in a padded sanitarium cell, the victim of a fatal morphine addiction. Of all the actors who have enjoyed great fame only to vanish from the public eye, Reid perhaps fell the fastest and the hardest. This first full biography recounts Reid's complicated childhood, his disrupted family history and his rise to film stardom despite these restricting factors. It documents his myriad talents and accomplishments, most notably his gift for brilliant onscreen acting. The text explores in depth how the modern studio, however unconsciously, turned the popular star, a well-adjusted man with a loving family, into a drug-dependent mental patient within three years. His death rocked the foundations of Hollywood, and the huge new industry that he helped build nearly died with Dashing Wally Reid.

Navajo Talking Picture Randolph Lewis, 2012-07-01 Navajo Talking Picture, released in 1985, is one of the earliest and most controversial works of Native cinema. It is a documentary by Los Angeles filmmaker Arlene Bowman, who travels to the Navajo reservation to record the traditional ways of her grandmother in order to understand her own cultural heritage. For reasons that have often confused viewers, the filmmaker persists despite her traditional grandmother's forceful objections to the apparent invasion of her privacy. What emerges is a strange and thought-provoking work that abruptly calls into question the issue of insider versus outsider and other assumptions that have obscured the complexities of Native art. Randolph Lewis offers an insightful introduction and analysis of Navajo Talking Picture, in which he shows that it is not simply the first Navajo-produced film but also a path-breaking work in the history of indigenous media in the United States. Placing the film in a number of revealing contexts, including the long history of Navajo people working in Hollywood, the ethics of documentary filmmaking, and the often problematic reception of Native art, Lewis explores the tensions and mysteries hidden in this unsettling but fascinating film.
