Agriculture And Waste Management For Sustainable Future Ashok Kumar Sannigrahi,2011-01-01 In this book the author has selected important topics like global warming, e-wastes management, solid waste management, organic farming, vermicomposting and alternatives to fossil fuels. Lot of information and data are included for the benefit of science and engineering students as well as research scholars working on these lines. Hope this book will be

useful to them as reference book and will be a priced collection for their own library. All the topics are debatable, some say in favour while other say against of it while the author has tried to analyze all topics from scientific background. Global warming, though not agreed by many people, has already started showing its symptoms by irregular rains, hot summer in some places while cold winter somewhere else indicating the imbalance of nature. A systematic, low cost and employment generating approach has been discussed to manage the solid waste menace of the urban locality. Easy vermicomposting technique and its prospects and problems are discussed in detail for the benefit of people. The necessity of alternatives to petroleum fuel for keeping the wheels of nations progress always in dynamic speed has also been narrated with facts and figures. Hope, all these will attract the readers to refer the book in different perspective

   Leadership in Recreation and Leisure Services Timothy
S. O'Connell,Brent Cuthbertson,Terilyn J. Goins,2018-10-30
Leadership in Recreation and Leisure Services presents
cutting-edge guidance and helps students apply their
newfound knowledge as they prepare to enter the rapidly
changing leisure services field. This text presents fresh
insights on leadership from the most prominent voices in
the field today. The contributors present a comprehensive
look at modern leadership, identify the challenges future
leaders will face, and reveal how future leaders can best
prepare to meet those challenges. Leadership in Recreation
and Leisure Services provides • a detailed look at the
collaborative approach to leadership in leisure services that
represents a new direction in the field; • insight into
classical leadership as well as innovative and modern
leadership theory and best practices; and • an
understanding of the roles and functions students will fulfill
as they enter the profession. The material, designed for
undergraduate recreation and leisure services leadership
courses, is presented in three parts. Part I explores personal
leadership issues, including communication skills,
negotiation strategies, and leadership styles. Part II delves
into professional leadership, examining topics such as
group dynamics, supervision practices, and team
leadership. Part III explores organizational leadership,
including internal and external leadership and professional
development. The authors present new theories of
leadership from research in the field of recreation and
leisure. Several learning aids—including chapter-opening
scenarios, key terms, glossary, references, and chapter-
ending questions for reflection and discussion—appear
throughout the text. In addition, each chapter features a
Leisure Leaders sidebar that profiles a leader in the field

who addresses preparation for the job, a peek at day-to-day work, and advice for aspiring leaders. And a Best Practices sidebar showcases an organization whose innovative leadership has led to positive organizational outcomes. Leadership in Recreation and Leisure Services helps students understand the range of leadership skills they need to develop for successful careers.
