And what begins to emerge when we consider them from the point of view of recent theoretical perspectives: (faulty) cohesion, (fake) coherence, (carefully planned or subversive) deconstruction, loss (of love, confidence or credibility), or, even (utter) chaos and (alarming) confusion? Which media revamp old stereotypes, generate alternative reinterpretations, and imply more ambiguous answers? ...]Uneasy contradictions and ambiguities emerge in this bilingual collection of approaches and genre studies. The family plot seems to thicken as family ties appear to loosen. Has the family' been lost from sight, or is it being reinvented in our collective imaginary? This book proposes a new series of perspectives and questions on an old and familiar' topic, exploring the state and status of the family in contemporary literature, culture, critical and psychoanalytic theory and sociology.
