Why Failure Is Never Final BINDERY.,Jantz Ph D Gregory L,2023-02-21 As young children, we begin our indoctrination into one of the foundational beliefs of Western civilization: Failure is bad--very bad. As we get older, the stakes can include unfortunate experiences like unemployment, bankruptcy, divorce, and the wounding of our self-worth. Over time, we might stop thinking we've failed at something in particular and start believing that we are failures. But the truth is, if we're willing to venture anything at all, we're going to fail. The question is, how will we view our failures--and what will we do with them? Why Failure Is Never Final explores the path of putting our failures in perspective--and becoming better because of them. Dr. Gregory Jantz reminds us that God's definition of success has more to do with who we are than what we do. Misinterpreting failures can impose obstacles to our dreams, but the good news is that we can take preemptive action. Dr. Jantz discusses several strategies for reframing our blunders, including: resolving to move forward, not backward coming clean about our mistakes forgiving ourselves avoiding self-sabotaging behavior Throughout the book, Dr. Jantz emphasizes that (1) failure is part of being human, and (2) the key to success lies in our

determination to learn from our mistakes. The ultimate antidote to failure, Jantz concludes, is the rich gift of God's grace. Failure is never final . . . because God's love for us is forever.

Road to Greatness Pritam S. Sahota Donald A. Assmann Mary Arnella-Venezia Michael Rubell Gulzar S. Sandhu Zbigniew W. Wojcinski, 2022-04-08 “Greatness” has been defined as a quality of being great, distinguished, or eminent. “Road to Greatness” employs examples of selected individuals who achieved greatness. The road begins with a desire to become successful by creating a personal path to attain exceptional goals. “Genius= 1% Inspiration and 99% Perspiration.” - Thomas Edison (Inventor: He made 1000 unsuccessful attempts before inventing the light bulb.) “Never, never, never, never give up.” – Sir Winston Churchill (Historian, Nobel Prize Winner in Literature (1953) and Prime Minister of the UK during World War-2.) “A person who never made a mistake never tried anything new.” – Albert Einstein (Theoretical physicist; Winner of the 1921 Nobel Prize in Physics.) “If you can dream it, you can do it.” – Walt Disney (Entrepreneur, animator, writer, film producer; record holder for individual Academy Awards.) “People do not decide to become extraordinary. They decide to

accomplish extraordinary things.” Sir Edmund Hillary (Mountaineer, explorer, philanthropist; first climber with Tenzing Norgay to summit Mount Everest in 1953). “Road to Greatness” explores four groupings of over forty success factors that are instrumental in extraordinary achievement: Physical and Mental Fitness Connection of Inner and Outer Circles Constant Learning Skill Development Achieving competence in the success factors enhances an individual’s ability to achieve greatness and can be developed through discipline and deliberate practice by incorporation in small increments into routine activities. True greats consistently grow through self-awareness to overcome their limitations, take on challenges, and endeavor to face the obstacles they encounter. The characteristics and traits that drive greatness are inherent within all of us and can be applied to any field, subject, or discipline. “Road to Greatness” provides a roadmap to create a personalized path to extraordinary achievement for students, parents, teachers and graduates entering the workforce. Although it is uncertain what challenges you will face, the roadmap and exploration of greatness arms you with the tools you will need. As such, only one question remains: Are you willing to embark on your own road to greatness?

The Centurion Principles Jeff O'Leary,

And the Word Became Flesh Holly Hoffman Thomas, 2018-03-27 The key to becoming a saint is to actively practice the virtues. How can you practice the virtues if you do not understand the concept of virtues? This book is comprised of twelve virtues that will aid you in your quest to become a saint. The three theological virtues (faith, hope, charity) are in Part 1 of this book. Next, you will dive into the four cardinal virtues (prudence, justice, fortitude, temperance). Finally, you will learn about five virtues close to my heart (patience, compassion, perseverance, authenticity, purposefulness). It is my hope that you will find at least one of these virtues tugging at your heart to develop further in your life. Perhaps learning of these virtues will lead you to research other virtues and their meaning to you. In a concise, easy to follow format, each chapter consists of the following elements pertaining to each virtue: ·Definition ·Scripture passages ·Catechism of the Catholic Church references ·A saint that exhibits the virtue ·Real lives, real stories connecting each virtue to another person ·Reflection tying

the saint to the other person as he/she strives for that virtue ·Questions to guide you to reflect on each virtue ·Digging deeper where you can ponder Biblical figures and how they practice each virtue ·Closing prayer As you journey through this book, I pray you grow closer to God. Let us stand together to live a virtuous life, countercultural to what the world offers today.

The Obama in You Elvis Ndansi, 2022-03-15 The Obama in You is an expression of my excitement to have known the towering personality that Barack Obama is and how our two stories dovetail in a way, the strong influence he has had on me thus far, and how his example can inspire other young people the world over. Each of the ten chapters open with a memorable quote from renowned authors in different fields. The book focuses particularly on inspiring issues, such as that everyone is born with a star that they have a duty to make shine; how to deal with challenges that sometimes come in

torrential abundance; the edifying importance of community engagement; as well as mentorship as a way of elevating young people who want to make it in life. The Obama in You equally examines issues relating to the craving for competence; branding as a propelling factor for prospective achievers; seizing the opportunity of the moment in order to succeed; giving back to the community as a way of touching the lives of others and, in turn, receiving the blessing of the people; and sowing the right seed for a future bumper harvest. To develop these themes and succinctly put across my message, I drew amply from my experiences and those of Obama. In fact, writing about myself, I brought out many facts, from the days of my childhood to the present day, all of which constitute biographical elements but do not reduce The Obama in You to a biographical work. My story, as recounted in this book, would not be complete if I did not mention some of the people who have touched and uplifted me, both in my country and elsewhere, as I continue to trace my steps in the arduous but exciting journey of life. Of course, Obama is one of them. This book is an homage to all these amazing persons. It is my fervent hope that after reading it, mentors and potential mentors will see the need to

(or continue to) lend a helping hand to the younger generation, especially those who aspire to higher heights and who won't hesitate to steep themselves in activities that will make them grow and cause their stars to shine brilliantly.

Swerve Kevin Cullen,2021-12-14 Have you ever read something that fundamentally changed the way you looked at your life, your business, your situation, and those around you? Has someone ever said something to you that opened your eyes to a whole new possibility? As a business consultant, Kevin Cullen was always looking for ways to approach business that allowed him to offer clients new access to their traditional way of thinking, speaking, being, and acting. Virtually everything we know, we've learned from another. For most, this began with our parents—they taught us how to speak, walk, eat, and gave us the foundation for functioning in life. As we grew older, others entered our life—relatives, teachers, playmates, and even strangers. We are continually learning and discovering as we go through life, and hopefully those things we learn help us to be better people, improve the quality of our lives, and be more effective, satisfied, and fulfilled. Throughout his life, Kevin had the unique opportunity to spend time with some amazing people—Mother Teresa, His Holiness the Dalai Lama, gurus, philosophers, business leaders, celebrities, teachers, and leading-edge thinkers, to name a few.

Some of the best lessons in this book are based on insights gained from these folks. Kevin shares these conversations and stories with readers here so they, too, might gain some of the incredible benefits. These lessons are not intended to provide answers, but rather to provoke an inquiry for you that will perhaps have you discover something for yourself...ultimately leading to a transformation in the way you live life.
