Blindsight Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing

they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Launch! Advertising and Promotion in Real Time Michael Solomon, 2009 Launch! Advertising and Promotion is written for advertising and promotion courses taught to students in the business

school and journalism & mass communication students. This textbook is the first of its kind to teach advertising concepts by reverse engineering a real advertising campaign from beginning to end. In April 2007, SS+K, an innovative New York City communications agency, launched the first ever branding campaign for msnbc.com with the tag A Fuller Spectrum of News. Launch! follows that campaign from initial agency pitch through roll-out of print and media assets to post-campaign analysis. Throughout, it exposes readers to the theory and concepts of advertising and promotion, and the personalities and decisions that drove this campaign. The book takes a rare look behind the curtain - even letting you see some of the paths not chosen by the agency and client. Students get a realistic sense of how theory plays out in practice, and get a flavor for the exciting field of advertising and promotion. And, they consistently learn the perspectives of both the advertising agency (where many journalism and communications students will work) and the client (where many marketing majors will work). This is a unique book, with a unique perspective, by a unique author team, and you won't find this kind of insight in any other text on the market. We think you're going to love it! This textbook has been used in classes at: Ball State University, Emerson College, Florida Institute of Technology, Grand Valley State University, Johnson County Community College, Manchester Business School, McLennan Community College, Michigan State University, North Hennepin Community College, Pierce College, Rochester Institute of Technology, Saint Louis University, Salem State College, South Dakota State University, Texas State University, Texas Tech University, University of New Hampshire, University of North Carolina, University of Notre Dame, University of South Florida, Virginia Tech, Western Kentucky University.

Marco had nothing but was happy and content until he suffered a tragedy that permanently changed his life without warning. While the rest of the world kept moving, Marco struggled and felt deprived. His dreams were shattered, and he paid his dues as far as he was concerned and was entitled to the fortune that he deserved for the pain he endured. No ordinary career was going to cut it. Now was the time for some double-dealing, and if some people needed to be deceived in the process, so be it. Marco needed to keep his eye on the prize. Avalon's unadorned prose and measured pace effectively establish the characters. An absorbing thriller with an unforgettable ending. - Kirkus Reviews The plot includes a number of twists and turns, making the book an exciting, page-turning read. *Eye on the Prize* is a gripping suspense novel for fans of the genre. - Reader's Favorite KC Avalon delivers a dramatic new novel with more than enough psychological complexity within this twisting read to be highly entertaining. - Self-Publishing Review

Spider, Spin Me A Web Lawrence Block, 2009-10-13 The craft of writing is a lot like spinning a web: You take threads and weave them skillfully together, and only you know where this intricate network of twists and turns begin and how it will end. Now, with Lawrence Block's expert advice, you can learn this art of entrapping your reader in a maze of fascinating fiction. *Spider, Spin Me a Web* is the perfect companion volume to Block's previous book on writing, *Telling Lies for Fun and Profit*, which Sue Grafton noted should be a permanent part of every writer's library.
