Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hidden in Historicism Harry Jansen, 2020-06-10 Hidden in Historicism considers how the nineteenth-century philosophy of historicism depicts three forgotten time regimes: a time of rise and fall, an ambiguous time of synchronicity of the non-synchronous, and a time in which decisive

moments dominate. Before the eighteenth century, time was past-oriented. This inverted in the Enlightenment, when the future became dominating. Today, this time of progress continues to be embraced as a time of the modern. Yet, inequality, increasing violence and climate change lead to doubts over a bright future. In this book, Harry Jansen moves away from the heritage of Reinhart Koselleck and his single time of the modern towards a historicist, threefold temporal approach to history writing. In the time regime of the twenty-first century past, present and future coexist. It is a heterogeneous time that takes on the three forms of historicism. Jansen's study shows how all three times exist together in current historiography and contribute to a better understanding of the world today. Based on the idea that an incarnated time rules everything that happens in reality, the book offers a fresh perspective on the ongoing discussion about time and time regimes in contemporary philosophy and theory of history for students and scholars, both time specialists and the non-specialist.

Ladies' Book of Etiquette, and Manual of Politéness Florence Hartley, 1860 Do unto others as you would others should do to you. You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be im polite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us ;a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; the.re can be no true, politeness without kindness, purity, singleness of heart, and sensibility. Many believe that politeness is but a mask worn in the world to conceal bad passions and impulses, and to make a show of possessing virtues not really existing in the heart; thus, that politeness is merely hypocrisy and dissimulation. Do not believe this; be certain that those who profess such a doctrine are practising themselves the deceit they condemn so much.
