T. Allan Taylor, James Robert Parish

The Ultimate Workout Log Suzanne Schlosberg,2005-01-04 This is a completely revised and updated edition of the ever-popular fitness log for everyone who exercises--joggers, walkers, aerobics addicts, bodybuilders, tennis players, swimmers, and health club enthusiasts.

The Apocalypse Is Everywhere Anne Rehill,2009-11-12 This wide-ranging exploration of the apocalypse in Western culture seeks to understand how we have come to be so preoccupied with spectacular visions of our own annihilation—offering abundant examples of the changing nature of our imagined destruction, and predisposing readers to discover many more all around them. *The Apocalypse Is Everywhere: A Popular History of America's Favorite Nightmare* explores why apocalyptic thinking exists, how it has been manifested in Western culture through the ages, and how it has woven itself so thoroughly into our popular culture today. Beginning with contemporary apocalyptic expressions, the book demonstrates how surprisingly widespread they are. It then discusses how we inherited them and where they arose. Author Annie Rehill surveys the ancient belief systems from which Christianity evolved, including ancient Judaism and other faiths. She explores the vision outlined in the Book of Revelation and traces the apocalyptic thread through the Middle Ages, across the Reformation and Enlightenment, and to the Americas. Finally, to prove that the Apocalypse is indeed everywhere, Rehill returns to the present to consider the idea of apocalypse as it occurs in movies, books, comics and graphic novels, games, music, and art, as well as in televangelism and even presidential speeches. Her fascinating scholarship will surely have readers looking about them with new eyes.

The Oxford Encyclopedia of Economic History Oxford University Press,2003 While many dictionaries of economics are available for purchase, this title is unique because of its greater depth of treatment. It offers histories and backgrounds on a significant number of economic topics, not only for the United States but also for other countries and geographic regions. Entries cover such topics as economic concepts; markets and industries; economic development in various countries; biographical essays on key people in economics and business; business products, including coffee, gas, and oil; and the economic aspects of historical events and time periods, including the Great Depression.--The Top 20 Reference Titles of the Year, American Libraries, May 2004.

Historic Yosemite National Park Tracy Salcedo,2016-06-03 The history of Yosemite National Park is as compelling as the waterfalls, monoliths, and peaks that have mesmerized visitors for more than a century. But what hikers see today in the iconic Yosemite Valley, as well as on the peaks in the high country and within the Mariposa Grove of Big Trees, is a world away from the place Native Americans once called Ahwahnee, and from what gold-seekers and mountain men looked upon in the park's earliest days. *Historic Yosemite National Park* is a vibrant collection of stories about different aspects of Yosemite National Park's fascinating history, from the conservation works of pivotal characters such as writer John Muir and photographer Ansel Adams to the daring exploits of rock climbers and the natural forces that have shaped Yosemite's stunning vistas. These stories reveal why Yosemite National Park has inspired humankind for centuries.

Intentional Leadership Stan Amaladas,2017-07-20 This book provides a framework for guiding leaders to shift from linear, cause-effect thinking to an ecology of moral, intentional leadership, paying attention to how their actions are connected to others. Readers are encouraged to act in a determined, deliberate way to lead their employees, teams, and organizations to success. The book is divided into three parts, opening with a narrative review of leadership literature, then discussing the activities of 11 leaders—including Pope Francis, Barack Obama, and Lee Kuan Yew—and developing a learning framework for real change. The author provides an enlightened, democratic model of leadership, helping readers to understand and utilize the core competencies of intentional leaders: interruption, presence, imagination, and action. A user-friendly structure, examples from diverse leaders, and end-of-chapter summaries encourage students to engage and experiment with traditional research and alternative theories. This will be a useful tool for students of leadership, and peace and conflict studies, as well as practitioners and emerging leaders in the public, private, and not-for-profit sectors.

The Big Book of Texas Ghost Stories Alan Brown,2019-07-17 Hauntings lurk and spirits linger in the Lone Star State Reader, beware! Turn these pages and enter the world of the paranormal, where ghosts and ghouls alike creep just out of sight. Author Alan Brown shines a light in the dark corners of Texas and scares those spirits out of hiding in this thrilling collection. From tales of haunted hotels like the Von Minden and The Beckham, to a creek where a woman's screams can still be heard to this day, and the shadowy figures still stalking the Alamo, these stories of strange occurrences will keep you glued to the edge of your seat. Around the campfire or tucked away on a dark and stormy night, this big book of ghost stories is a hauntingly good read.

Never Be Silent Durrani, Shiraz,2016-11-25 "We will never be silent until we get land to cultivate and freedom in this country of ours" ...so sang Mau Mau activists. The struggle for independence in Kenya was waged at many levels. Never be Silent explores how this struggle was reflected in the communications field. It looks at publishing activities of the main contending forces and explores internal contradictions within each community. It documents the major part played by the communications activities of the organised working class and Mau Mau in the achievement of independence in Kenya. The book contributes to a reinterpretation of colonial history in Kenya from a working class point of view and also provides a new perspective on how communications can be a weapon for social justice in the hands of liberation forces.

Fundamentals of Government Information Cassandra J. Hartnett,Andrea L. Sevetson,Eric J. Forte,2017-11-21 Government data and resources are uniquely useful to researchers and other library users. But without a roadmap, sifting through the sheer quantity of information to find the right answers is foolhardy. The first edition of this text is well established as an essential navigational tool for both LIS students and professionals; now this newly revised, peer-reviewed update is even more attuned to new sources and types of government information and how best to locate them. Unmatched in its scope, this book covers such key topics as the history of government information, from its colorful beginnings to the era of Wikileaks, Edward Snowden, and data breaches;how to think like a government documents librarian in order to find information efficiently, plus other research tips;all types of law resources and information, including public laws and the U.S. Code, Case Law and the judicial branch, and regulations;Congressional literature, from bills and committee hearings to the U.S. Congressional Serial Set;patents, trademarks, and intellectual property;census data, educational information, and other statistical resources;health information, with an in-depth look at the Patient Protection and Affordable Care Act and the trend toward and impact of online medical records; and science, environmental, and energy resources from agencies like the Environmental Protection Agency and the Department of Energy.Exercises throughout the text support instruction, while the approachable and well-organized style make it ideal for day-to-day reference use.

The China Threat Nancy Bernkopf Tucker,2014-03-04 Nancy Bernkopf Tucker confronts the coldest period of the cold war—the moment in which personality, American political culture, public opinion, and high politics came together to define the Eisenhower Administration's policy toward China. A sophisticated, multidimensional account based on prodigious, cutting edge research, this volume convincingly portrays Eisenhower's private belief that close relations between the United States and the People's Republic of China were inevitable and that careful consideration of the PRC should constitute a critical part of American diplomacy. Tucker provocatively argues that the Eisenhower Administration's hostile rhetoric and tough actions toward China obscure the president's actual views. Behind the scenes, Eisenhower and his Secretary of State, John Foster Dulles, pursued a more nuanced approach, one better suited to China's specific challenges and the stabilization of the global community. Tucker deftly explores the contradictions between Eisenhower and his advisors' public and private positions. Her most powerful chapter centers on Eisenhower's recognition that rigid trade prohibitions would undermine the global postwar economic recovery and push China into a closer relationship with the Soviet Union. Ultimately, Tucker finds Eisenhower's strategic thinking on Europe and his fear of toxic, anticommunist domestic politics constrained his leadership, making a fundamental shift in U.S. policy toward China difficult if not impossible.

Consequently, the president was unable to engage congress and the public effectively on China, ultimately failing to realize his own high standards as a leader.

Beyond the Rope Karlos K. Hill,2016-07-11 *Beyond the Rope* is an interdisciplinary study that draws on narrative theory and cultural studies methodologies to trace African Americans' changing attitudes and relationships to lynching over the twentieth century. Whereas African Americans are typically framed as victims of white lynch mob violence in both scholarly and public discourses, Karlos K. Hill reveals that in the late nineteenth and early twentieth centuries African Americans lynched other African Americans in response to alleged criminality, and that twentieth-century black writers envisaged African American lynch victims as exemplars of heroic manhood. By illuminating the submerged histories of black vigilantism and consolidating narratives of lynching in African American literature that framed black victims of white lynch mob violence as heroic, Hill argues that rather than being static and one dimensional, African American attitudes towards lynching and the lynched black evolved in response to changing social and political contexts.

Empire of the Sum: The Rise and Reign of the Pocket Calculator Keith Houston,2023-08-22 The hidden history of the pocket calculator—a device that ushered in modern mathematics, helped build the atomic bomb, and went with us to the moon—and the mathematicians, designers, and inventors who brought it to life. Starting with hands, abacus, and slide rule, humans have always reached for tools to simplify math. Pocket-sized calculators ushered in modern mathematics, helped build the atomic bomb, took us to the bottom of the ocean, and accompanied us to the moon. The pocket calculator changed our world, until it was supplanted by more modern devices that, in a cruel twist of irony, it helped to create. The calculator is dead; long live the calculator. In this witty mathematic and social history, Keith Houston transports readers from the nascent economies of the ancient world to World War II, where a Jewish engineer calculated for his life at Buchenwald, and into the technological arms race that led to the first affordable electronic pocket calculators. At every turn, Houston is a scholarly, affable guide to this global history of invention. *Empire of the Sum* will appeal to math lovers, history buffs, and anyone seeking to understand our trajectory to the computer age.

Reference and Information Services Melissa A. Wong,Laura Saunders,2020-05-04 This revised and updated sixth edition of *Reference and Information Services* continues the book's rich tradition, covering all phases of reference and information services with less emphasis on print and more emphasis on strategies and scenarios. *Reference and Information Services* is the go-to textbook for MSLIS and i-School courses on reference services and related topics. It is also a helpful handbook for practitioners. Authors include LIS faculty and professionals who have relevant degrees in their areas and who have published extensively on their topics. The first half of the book provides an overview of reference services and techniques for service provision, including the reference interview, ethics, instruction, reader's advisory, and services to diverse populations including children. This part of the book establishes a foundation of knowledge on reference service and frames each topic with ethical and social justice perspectives. The second part of the book offers an overview of the information life cycle and dissemination of information, followed by an in-depth examination of information sources by type—including dictionaries, encyclopedias, indexes, and abstracts—as well as by broad subject areas including government, statistics and data, health, and legal information. This second section introduces the tools and resources that reference professionals use to provide the services described in the first half of the text.

American Military History Volume 1 Army Center of Military History,2016-06-05 *American Military History* provides the United States Army—in particular, its young officers, NCOs, and cadets—with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the

most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war-global war-was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.

Community Archives Jeannette Allis Bastian, Ben Alexander, 2009 How do archives and other cultural institutions such as museums determine the boundaries of a particular community, and of their own institutional reach, in constructing effective strategies and methodologies for selecting and maintaining appropriate material evidence? This book offers guidance for archivists, record managers and museums professionals faced with such issues in their daily work. This edited collection explores the relationships between communities and the records they create at both practical and scholarly levels. It focuses on the ways in which records reflect community identity and collective memory, and the implications of capturing, appraising and documenting these core societal elements - with particular focus on the ways in which recent advances in technology can overcome traditional obstacles, as well as how technologies themselves offer possibilities of creating new virtual communities. It is divided into five themes: a community archives model communities and non-traditional record keeping records loss, destruction and recovery online communities: how technology brings communities and their records together building a community archive. Readership: This book will appeal to practitioners, researchers, and academics in the archives and records community as well as to historians and other scholars concerned with community building and social issues.

Cyndi's List Cyndi Howells, 2001 A two volume set which provides researchers with more than 70,000 links to every conceivable genealogical resource on the Internet.

Career Opportunities in Writing T. Allan Taylor, James Robert Parish, 2009 Provides information on salaries, skill requirements, and employment opportunities for ninety writing and writing-related professions.

The Life and Works of Augusta Jane Evans Wilson, 1835-1909 Brenda Ayres, 2016-03-03 Over the course of her 57-year career, Augusta Jane Evans Wilson published nine best-selling novels, but her significant contributions to American literature have until recently gone largely unrecognized. Brenda Ayres, in her long overdue critical biography of the novelist once referred to as the 'first Southern woman to enter the field of American letters,' credits the importance of Wilson's novels for their portrait of nineteenth-century America. As Ayres reminds us, the nineteenth-century American book market was dominated by women writers and women readers, a fact still to some extent obscured by the make-up of the literary canon. In placing Wilson's novels firmly within their historical context, Ayres commemorates Wilson as both a storyteller and maker of American history. Proceeding chronologically, Ayres devotes a chapter to each of Wilson's novels, showing how her views on Catholicism, the South, the Civil War, male authority, domesticity, Reconstruction, and race were both informed by and resistant to the turbulent times in which she lived. This comprehensive and meticulously researched biography contributes not only to our appreciation of Wilson's work, but also to her importance as a figure for understanding women's roles in history and their art, evolving gender roles, and the complicated status of women writers.

Learning and Leading with Technology, 1999

The Oxford Handbook of Environmental History Andrew C. Isenberg, 2017-02-14 This book explores the methodology of environmental history, with an emphasis on the field's interaction with other historiographies such as consumerism, borderlands, and gender. It examines the problem of

environmental context, specifically the problem and perception of environmental determinism, by focusing on climate, disease, fauna, and regional environments. It also considers the changing understanding of scientific knowledge.

History Vault.htm Introduction

History Vault.htm Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. History Vault.htm Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. History Vault.htm : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for History Vault.htm : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks History Vault.htm Offers a diverse range of free eBooks across various genres. History Vault.htm Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. History Vault.htm Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific History Vault.htm, especially related to History Vault.htm, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to History Vault.htm, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some History Vault.htm books or magazines might include. Look for these in online stores or libraries. Remember that while History Vault.htm, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow History Vault.htm eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for

certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the History Vault.htm full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of History Vault.htm eBooks, including some popular titles.

FAQs About History Vault.htm Books

What is a History Vault.htm PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a History Vault.htm PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a History Vault.htm PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a History Vault.htm PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a History Vault.htm PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes,

there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
